This village is doing some good work along the drainage line, large ditches being dug, and things fixed so that in the future no damage may be done to cellars and in other ways by overflows. Two large ditches are nearly completed, one commencing north of the pumping station and reaching west some five or six blocks, and the other going south and emptying into Dead Horse Creek. Dr. Marcy and Master Charles Marcy returned last Thursday from their month's visit to Chicago and Sterling, Ills., and the St. Louis exposition. The doctor reports a very pleasant vacation. Not content with making a great ditch between our office and residence, to catch the unwary editor as he flies home these happy days, the boys at work for the city made an extra ditch in front of this office in their wind-up, Wednesday, extending south several blocks. However, it is a good public improvement. G. D. Bowen gave us a pleasant call, Tuesday. He ordered this paper to visit his good mother at Bogard, Mo., hereafter. Mr. Bowen expects to go to Goldhill, Oregon, in a few weeks, and will probably make his home in that country. We wish him oceans of success wherever he may cast his lines. Friday, Henry French, who works at the Ohlsen Bros. brickyard, came near meeting with a serious accident. In some manner his arm was caught in the pulley that drives the mud belt, resulting in dislocating his wrist and scraping the skin from the entire arm. Dr. Long was called and rendered the necessary aid. From daily papers a few days since came the news that Mr. Campbell, who was one of the best shots at the shooting tournament here, had succided at the big ranch near Ainsley, of which he was manager. What the trouble was could not be ascertained. The news came as a surprise to the many friends he had made here. A dozen or more of our people are taking the trip to Denver this week, on account of the exceedingly low rates given by the Union Pacific. We failed to get the names of those who are going, but as they are led by Col. Bert Chase as a guide and general factotum, they will all have the best of times. They leave Friday morning and will return Monday. We have received a copy of the minutes of the Northwest Nebraska M. E. Conference, of which the editor's oldest brother is secretary. What makes the minutes of special value to us is the fact that the said brother is also an old printer and editor, as well as preacher and the minutes are the work of his setting, typesetting and press work and done in a firstclass printatorial manner. He is our favorite brother and is all right, except his falling from grace by leaving the newspaper business for the pulpit.

I have a good Estay Organ which I will sell for \$20, as I need the money. Rev. Kennedy returned from the south part of the state, Tuesday night. George Lee this week sold a quarter section of pasture land near his farm in Webster township. J. M. Slayter, formerly of Cozad, has taken a position behind the counter in A. E. Chase's general store. Mrs. Burr Robbins was in from the country all last week, the guest of her sister-in-law, Mrs. F. S. Robbins. Mr. Miley and Mr. Snyder of Council Bluffs, Iowa, are visiting Mr. Miley's sister, Mrs. Peter Hansen of Oak Creek. E. A. Draper is enjoying a visit from his aunt, Mrs. Emeline Massie, of Greenfield, Iowa, who arrived last Thursday. The Ravenna Creamery Company is guaranteeing 21 cents for butter fat delivered at the Creamery during the first half of November. Charley Snyder brought to this office, Wednesday, a fine bunch of Wine Sap and Snow apples raised on his farm. They were nice and delicious. Miss Hazel Burleigh returns her best compliments to Miss Marguerete Long for the finest bunch of grapes, Tuesday, she had seen so far since coming to Loup City. A. Sutton and George Rogers were down from Ord, Tuesday, buying some fifty-four head of cattle and eighty head of hogs of George Lee, taking them to Ord yesterday. Wes McCombs has sold his Round Front livery barn to Mr. Harry Miner of Ravenna, the transfer to take place this week. We hate to have Wes' out of it, but wish the new man success. Charley Tucker was down from the northwest part of the county, Tuesday. He reported Republicans on the gain up in his section. Charley is one of the young Roosevelt Republicans, and is all right. Mrs. Snyak met with a painful accident, a few days since. She was slacking some lime, when a part of it splashed in one of her eyes. In great agony, she was brought to Dr. Long, who made her as easy as medical skill could. The ladies of the Methodist church will give a dinner and supper on election day, at opera house. In fact will have good things to eat all night, during the receipt of election returns. Go around there and get something good to eat. Owing to several important events in our history the past week, one of which was getting out the little less than a mile long election ballots, the paper has received less attention than usual. But remember they don't happen every week. The editor's good mother returned from Hemingford, last Thursday evening to be in plenty time to greet her new granddaughter on her arrival in the City. Mother Burleigh will probably stay a month, as Miss Hazel seems loth to have her grandmother leave. The Tomson Comedy Company, which played here the first three night this week is reported as very much above the average of traveling companies, and is far ahead of many that have visited this city lately. Some of the characters were pronounced exceedingly good, and in its entirety the company highly pleased those who attended. Arrived in Loup City, at 3:45, on the afternoon of Oct. 28, Miss Hazel, infant daughter of Editor and Mrs. J. W. Burleigh of THE NORTHWESTERN family. She is well pleased and has concluded to remain with us permanently. She is exceedingly vivacious and has taken charge of home affairs generally. She gives evidence of a very fine vocalist, and reaches high C with an ease wonderful in one with so little training. Miss Hazel will be at home to her friends in a few days. Mother and daughter doing nicely, thanks to Dr. Long. Don't forget that returns will be received in Loup City, election night by telephone. At 6 o'clock on that evening, all local work will be suspended and every phone in the exchange will be connected by wire to Omaha from that time till 6 o'clock in the morning. The Northwestern office will be open to its friends that night, and each and every one will be welcome to make it headquarters for the receipt of election returns on that night. Dr. Kearns informs us that all arrangements are perfected, and Loup City did handsomely in raising \$16.10 for that purpose. NOTICE TO LAND OWNERS. (Hockett Road.) To whom it may concern: The commissioner appointed to view a road commencing at the center of the south line of section thirty-three (33), township fifteen (15), range sixteen (16), and section four (4), township fourteen (14), range sixteen (16), in Sherman county, Nebraska, and running thence east one mile, has reported in favor thereof, and all claims for damage or objections thereto must be filed in the office of the County Clerk on or before the 30th day of December, 1904, or said road will be granted without reference thereto. Dated this 24th day of October, 1904. Geo. H. Grison, County Clerk. Last pub. Nov. 17th.

A Card From Mr. Smelser. To the Voters of Sherman County: Greeting: As I have been asked by a considerable number of voters over the county my position on the good roads question, I wish to state to the voters and taxpayers of Sherman county that I am and always have been strongly in favor of an optional township road or bridge levy for township roads and bridges, so each township can raise its own road taxes and not interfere with neighboring townships. And I further promise the voters of Sherman county that I will do all in my power, if elected, to get such a law passed, or any other good road measure suitable to my constituents. Respectfully yours to command. H. SMELSER. Schaupp Siding. This is fine weather for corn pickers. John Johnson marketed a few loads of hogs last week. Fred Odendahl was down from Loup City the first of the week. Potatoes are coming in with a rush these days, shippers being here. A Mr. Bishop of St. Paul is putting down a well for A. Washkowiak. The road overseers are looking after the bad places in the roads. Let the good work go on. Supervisors Grow, Brown and Thole were in Schaupp Siding a few days since looking after county business. Balsora Items. Mrs. G. H. Whitman is suffering from a severe attack of rheumatism. The principal event of the week was the box social at the court house. The program was good and the music excellent. The proceeds amounted to \$20.55. We met a prominent democrat who lives near Loup City, the other day, who acknowledged Roosevelt was the best man named for president, should be elected, but said he shouldn't vote for president this fall for any one. He couldn't go a populist and wouldn't vote for Parker, who he claimed was a Wall street, trust tool, and while Teddy was with the people as against the money, trust and corporate greed he had said he would never vote for a goldbug, hence could not vote for Roosevelt. Is the gentleman doing himself justice? Is he not allowing a prejudice to warp his better judgment? His refraining to vote is virtually a half vote for the great money power and trust tool he condemns, and registers a virtual half vote against Roosevelt, whose administration he commends. Suppose there were enough men doing as he proposes to assure the election of Parker, when by registering their votes for Roosevelt they could defeat Parkerism? It is no excuse for not voting to say Roosevelt will win. They will of necessity be in part responsible, whether they vote or not. Why not cast your ballot as you desire the result to be. Vote for Roosevelt. VOTE FOR ROOSEVELT By Voting the Straight Republican Ticket, Fusionists Increased State Debt Official Reports Quoted—State Books the Best Evidence. During the fusion administration the state debt was increased. They made no concealment of that fact at the time. They put it in their official reports, and said that a new revenue law was necessary to stop the deficit and provide for the gradual payment of the state debt. The official statement of Auditor Cornell is the best evidence. It is on page 7 of his last published annual report, just before he went out of office. He said: "At the close of the biennium, ending November 30, 1898, the liabilities of the state were \$1,729,413.47; at the close of business November 30, 1900, the liabilities were \$1,782,485.11. To this should be added the deficiencies created during the biennium and not yet provided for by appropriation, estimated at about \$125,000, making a total of \$1,907,485.11. Notwithstanding the fact that state funding bonds amounting to \$152,267.25 have been paid off, the indebtedness of the state shows an increase of \$173,271.71." That is what the auditor said when the fusion administration was about to close. John M. Gilchrist was his chief bookkeeper. The figures were correct except the estimate of deficiencies, which turned out to be \$182,735.97, making the total increase in the state debt in the last two years of fusion administration \$235,607.61. These are the figures from the state records as made by the fusion state officials. Now they have been willfully misstating the facts during this campaign in an effort to show that the fusionists were reducing instead of increasing the state debt. If a candidate will falsify the records in order to get into office, what will he

Letter From Dr. Allen. Chicago, Ill., Oct. 24.—Ed. Northwestern: I just want to say that I am in receipt of your paper once a week and that it is always received with welcome. It speaks to me of people whom I am glad to call friends and reminds of the most pleasant year in my life. I shall never forget my last night there at the hotel and the many testimonials that were uttered at the cost of my speech. Statements made at such times are usually overdrawn. I believe this one was not an exception. But I do believe it brings inspiration to one who may be working (or trying to work) upward. I am settled at this time, in my college work and am trying to learn about my work. Nothing I might say would be of much interest to you. But I am attending what is considered one of the best Dental Colleges in the world, and my class (senior) is the largest class that ever graduated from any Dental College, there being over two hundred and fifty students. There are men from every corner of the earth. Now don't blame me for this, out remember you asked it. Hoping this finds you well. Yours, S. A. ALLEN. THE BIG TREES. Wondrous, Awe-Inspiring and Found Only in California. California's attractions are mostly of its own kind, peculiar to the state, and of none is this so emphatically true as that unique product the Big Trees. The age of these colossi is from 1500 to 2000 years. The Mariposa Grove, which can be visited while en route to the Yosemite, contains some of the largest. In the Calaveras Grove are from ninety to one hundred of huge size. Near Santa Cruz is a beautiful grove of redwood Big Trees which will employ a day's visit. These can be best reached by the Union Pacific whose fast trains from Missouri river, reaching California 16 hours ahead of all competitors. Pamphlets and maps describing the wonders of California, and full information about the most comfortable and direct route to the Pacific Coast, can be obtained of F. H. Hiser, Loup City, Nebr. Isn't it a fact that Govs. Holcomb and Poynter both advocated a new revenue law? Wasn't fusion representative Loomis of Fremont one of its principal framers and defended it in a letter a short time since? Was Justice Sullivan, the great jurist, whom populists delight to honor, pronounced against it?
