Just think of it! Missouri 30,000 Republican.

What will be democray's paramount issue next time?

Roosevelt says he will not run won't.

Rooevelt's vote in Nebraska is still rushing the clouds. It is now 80,000 ahead and still going up.

And now the head pops are discussing the abandonment of their party organization. Exit popism.

The democrats have thus quickly launched a presidential boom for Folk for 1908. Good-bye, Bryan.

The new revenue law wasn't such an awful weight fer the Republicans to carry, was it?

Let's see. Ben Hill was to go out of politics this coming January. The people antedated that retire-

Tom Taggert of Indiana can now be classed with Jones of Arkansas as a political prophet.

Oh, yes! Bryan brought all his friends into line in Indiana! Have you neard the Hoosier vote?

Roosevelt's popular plurality is now about two million, with the back precincts yet to hear from.

Does anyone know just exactly again. And he won't, if he says le how Bryan feels over election? Oh! that inward chuckle of satisfaction.

> Representative Smelser is the first man elected to the Nebraska lower house since 1888-sixteen years.

Senator Wall had practically no opposition. He carried both Sherman and Ruffalo counties with some 600 majority.

Sherman county Republicans send greeting to the Republicans of Howard county. Both are now in the Republican fold.

There will be no fusionists, democrats nor populists in the next state senate and but ten of 'em in the house. Pshaw! but the Republi can's won't have any fun at all.
