 The question of lighting Loup City is being agitated by our best business men and citizens, and the discussion seems to bring out the fact that a majority favor municipal ownership, rather than private control. However, the fact being apparent that the village finances at the present time will not warrant the outlay necessary, the suggestion that a number of our representative citizens form a corporation to put in the lighting plant, the village to take it off their hands at any future time when conditions warrant, seems to meet with general approbation. A number of our business men have signified a willingness to do this, and no doubt is expressed that the necessary amount to put in a plant such as is required can be easily raised. This we believe to be the best possible solution of the problem, and hope to see such steps taken at a very early date.
Ladies.
 Our trimmer has arrived from St. Joseph, Mo., and we have a full line of street hats ready for inspection, and invite the ladies of Loup City and vicinity to visit us and see our fine line of hats, and also get acquainted. Location, upstairs at A. E. Chase's store. Watch for the opening dates, at which time we will have on display a beautiful line of dress hats.
ANNA HUNT.
Try It At Our Expense.
 This offer will not appear again. There is no catch about it. If Mull's Grape Tonic does not positively cure Constipation you are out nothing, as you may have the first bottle free. If it cures, which it will, tell others, that is all we ask. No remedy has ever before been known to cure Constipation permanently. Mull's Grape Tonic is not a physic. It is unlike anything you have ever used. It cures Constipation. If it did not, this offer would ruin us. The process is gradual but sure. You know from your own experience that physics, like Pills, Salts, Castor oil, Mineral waters, injections, etc., make you worse.
 Where can Mull's Grape Tonic be had? Your druggist sells it. The \$1.00 bottle contains nearly three times the 50c. size, but if you will write today to Mull's Grape Tonic Co., 3d Ave., Rock Island, Ill., and give druggist's name, you will receive the first bottle free with full instructions. This gives us a chance to prove to you at our expense that it is a wonderful remedy and places you under no obligation to invest a penny. Only tell your friends about it. mar16-05

Burlington May Extend.
 From a gentleman close to the powers that be the Republican learns that there is a strong probability of an extension of the Sargent branch of the Burlington to tap the Billings line somewhere above Broken Bow during the coming summer. Such a move has been talked of ever since this branch was built seventeen years ago, and well informed railroad men have long insisted that it was only a question of time until it would be realized. The development of the great northwest has imposed an almost incredible strain upon the single track of the Burlington from Billings to the southeast, and it is not unreasonable to suppose that steps will soon be taken to divert a portion of the business through other channels. When this extension is built it will practically have the effect of placing the towns along this branch on a main line, and will unquestionably be a great help in building up the Middle Loup valley.—St. Paul Republican.
