ty Central Committee will take notice
that the Republican County Committee
will meet at 1.30 p. m. in the office of

Biennial Election Law Void.

The supreme court holds the biennial
election law unconstitutional because
it seeks to extend the term of consti-
tutional officers. Only one bill is held
unconstitutional. This bill included
many county officers. The court holds
that the inducement for the passage of
the law was the insertion of the clauses
regarding county officers, and for this
reason the whole bill fails.

As a result there will be an election
this fall for one judge of the supreme
court, two regents of the university,
and for the following county officers:
Clerk, treasurer, sheriff, county judge,
superintendent, coroner and surveyor
As a further result of the decision the
terms of the county assessor, the regis-
ter of deeds, county commissioners and
county supervisors have been ex-
tended. The exception is made because
these terms are extended in separate
bills which were not in question in the
court. It is not believed that any suits
will be instituted to question these
separate laws. There is nothing in the
decision of the court showing that they
are unconstitutional, the decision deal-
ing only with constitutional officers.

The Anti-Cigarette Law.

Below is the new anti-cigarette law
passed by the recent legislature and
which goes into effect July 1:

Section 1. That it shall be unlawful
on and after the date this act shall go
into effect to manufacture, sell, give
away or willingly allow to be taken
any cigarettes or the material for their
composition, known as the cigaret-
paper, in the state of Nebraska.
Section 2. That any person, firm,
association or corporation in this state
violating the provisions of this act, he
or they shall be guilty of a misdemeanor
and shall upon conviction thereof be
fined for each and every offense a sum
not less than \$50, nor more than \$100,
at the discretion of the court, together
with costs of prosecution.
Section 3. Any officer, director or
manager having in charge or control
separately or jointly with others the
business of any corporation, which
corporation violates the provisions of
this act if he have knowledge of the
same, shall be guilty and subject to the
penalty herein provided.

Last Thursday night one of the
heaviest storms ever in this section
visited Loup City. The government
rain gauge showed three and one-half
inches had fallen. The bottom lands
west and south of the city were over-
flowed badly, and the road from the
mill to the bridge south of town was
overflowed to a depth of three and four
feet. No damage is reported.

The school board met last Saturday
evening and elected Miss Nellie House,
a graduate of the State University, as
assistant principal of the Loup City
schools for the coming year. We have
received several letters received by the
secretary of the school board in regard
to the newly elected assistant, and they
are unqualifiedly clear in their warm
endorsement of Miss House for the
position named, and coming from well
known educators, some of them teachers
in the State University, we congratulate
the board on the selection of the lady
in question as wise and judicious.

A terrible railway accident on the
Lake Shore road at Mentor, Ohio, last
Thursday caused the death of some
twenty-one souls. Among them was
John A. Bradley, of Akron, Ohio, a
prominent member of a noted law firm,
of that city. On receipt of the news
here, we learned that Mr. Bradley was
a resident of Loup City some twelve
or fifteen years since, and studied law
with Senator Wall. He was married to
a lady at Litchfield. Later he left here
and went into the collection business
with the law firm of which he was
afterward made a member and so re-
mained up to the time of his death.
He was here a few years since on a
visit, and is well and favorably remem-
bered by many of our citizens.

Minutes Co., Board Meeting.

(Concluded.)

R. P. Starr came before the board
and requested that the amount of
damages allowed John G. Becker and
John G. Byrnes, in the locating of
Kuhn road No. 2, be reconsidered and
a greater amount allowed to said
parties, and the same was, by motion
continued for further consideration.
Tangerman road was taken up and
it was ordered and agreed by and be-
tween the county board of supervisors
and Henry Tangerman, sr. that he,
Tangerman, would set his fence over
far enough to allow the estab-
lished road to pass around a certain
water hole without building a bridge
and when that is done and the road
made passable that the diagonal road
should then be vacated.

Report of bridge and road commit-
tee was made and accepted.

By motion it was ordered that here-
after all parties desiring roads located
by the surveyor must pay the ex-
pense of the survey.

A delegation from Austin then
came before the board and requested
that a bridge be built across the
Middle Loup River at Austin and the
board took the same under advisement.

By motion bridge committee was
instructed to visit the site of request
for bridge over Bloody Run and make
report at next meeting.

Committee on claims disallowed
the claim of Dr. Wanek of Ashton,
until the same was looked up as to
legal responsibility.

By motion D. C. Grow was instruct-
ed to receive bids for laying cement
sidewalks from the Court House,
south, east and west through square.
Claims committee report the
following claims were allowed, after
the proper deductions for taxes.
Board adjourned sine die.

Geo. H. Gibson, Clerk.

Additional Locals.

Tenus Biemond brought a car of fine
mares from Grand Island this week.

M. B. Bumb of St. Louis arrived here
last week Wednesday on a visit to his
brother-in-law, Bird Draper, returning
home yesterday.

We return thanks to a number of
our good readers who have remembered
us the past few days, namely: Fred
Thode, John Fisher, John Czaplewski,
J. I. Depew, C. H. Conliser, M. H.
Mead, C. C. Cooper, D. S. Frakes, R. D.
Hendrickson.

A heavy rain, you might almost call
it a cloud burst, occurred Tuesday after-
noon between Arcadia and Comstock,
which proved some trouble to the B &
M. folk. The truck for some fifty feet
was washed out, but not till the passenger
had passed the spot and before the
freight reached there, which caused the
transfer of mail and passengers to the
freight Wednesday morning, which
backed down to Loup City and took
them a bit, leaving the passenger train
at the end of the road till Wednes-
day evening when the necessary repairs
were made and trains run as usual this
morning. Even at McAlpine Wednes-
day noon water covered the ties and the
bottom lands resembled a lake. From
Loup City Tuesday afternoon could be
seen the sheets of water pouring from
the clouds in the country to the north.
At Comstock, the rain was so plentiful
that foundations were taken from under
buildings and much damage resulted.
