ity depended on numerous canals led in that land."

Here is a story of a modern mutiny which was quelled by the heroic young American sea captain in the approved fashion. There arrived at Colombo, Ceylon, the other day, an American steamer, the Garonne, from the far east to Odessa, in Russia. The Garonne was carrying a large number of convalescent Russian soldiers and sailors and Russian workmen. Between Singapore and Colombo the Russians, dissatisfied with their treatment, mutinied and tried to seize the ship. The mutiny was quelled by Capt. Lowe, whom the Times of Ceylon describes as "a typical American-young, clean shaven and displaying signs of great strength, which, as the sequel shows, he was able to put to excellent use." One of the Russian workmen was ringleader. Early in the trouble he was put in irons on the bridge.

Hardy Little Islanders.

His Pilgrimes," is recorded the adventure which befell John Davis and Sir Edward Michelbourne, who, little better than pirates themselves, met in 1605 with a Chinese junk full of piratical "Japonians," whose own vessel had been cast away on Borneo. There were ninety men aboard this junk, "most of them in too gallant a habit for Saylers, and such an equalitie of behaviour among them that they seemed all fellowes; yet among them there was one that they called Capitaine, but gave him little respect." A number of them having been transferred to the ship while the junk's cargo was being searched, they suddenly sallied out of the cabin at a given signal and while those in the junk killed or drove overboard the Englishmen in charge those on the ship tried to take possession of it. At the first onset they killed Capt. Davis.

Physicians Recommend Castoria

ASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First-The indisputable evidence that it is harmless: Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our readers are entitled to the information. - Hall's Journal of Health.

Promotes Digestion.Cheerfulness and Rest. Contains neither Oprum, Morphine nor Mineral. NOT NARCOTIC.

Letters from Preminent Physicians Addressed to Charles H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ills., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory." Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Bosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family." Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get

Dr. Wm. I. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarce); needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. Channing H. Cook, of St. Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative, I consider it the peer of anything that I ever prescribed."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not pre-scribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartlest recommendation of Castoria."
