Through some means, the report has become circulated abroad that Loup City has been quarantined for some cause or another. Last Saturday, instead of Dr. Roikjer, the medium, appearing at the opera house, as advertised, came a letter from the doctor to Mr. Pilger, of the opera house, stating the report, and giving that as a reason for his non-appearance. We do not know how the report got started, but we do know that it is utterly untrue and without the shadow of reason for its circulation.

### IF YOU BUY

a heating stove without a reputation, because it is low priced, and you take it home and put a fire in it and it does not do the work as you think it ought to, what are you going to do?

There is trouble ahead, no matter what is done.

You know, or, if not, it can be proved to you, before you take a genuine Round Oak home, that it is absolutely the best of all heating stoves. It is guaranteed—you are not allowed to take any chances.

We, therefore, advise our customers that it is economy for them to buy the genuine Round Oak.

We know that, for soft coal, with the new hot blast it makes the finest fire ever seen in a heating stove; that it will also burn hard coal (with or without magazine) to your perfect satisfaction; also coke or wood, and it will last. How long do you think the ordinary cheap heating stove will stand up? There is a point it will pay you well to look into.

Only the genuine has the name "Round Oak" on the leg.

Sold by  
**P. O. REED**

"This is the famous, genuine Round Oak, Fritz—the stove you heard about way over in Germany. It is conceded to be the best heating stove in the world. It is the most popular stove ever made, and has the largest sale."

#### Kind Words From R. H. Hill

Under date of Oct. 24th, our esteemed friend, R. H. Hill, writes us these most pleasing and acceptable lines from his present home in Los Angeles: "I shall just take this chance to express my thorough appreciation of THE NORTHWESTERN. The short time that I spent in Loup City was the means of my making a class of the best friendship that I have ever possessed, and my interest and welfare for that pretty little village will remain as long as my heart throbs keep the body warm. Each week I scan the pages of THE NORTHWESTERN to see what my friends and acquaintances there are doing, and no paper I handle receives a more cordial welcome than does THE LOUP CITY NORTHWESTERN. I take several county papers from different parts of the country in which I have been, but the par-excellence of THE NORTHWESTERN over any other paper of its kind that I ever saw, is more noticeable at every comparison. Your local display of advertising is the greatest of any county paper I ever saw, and that certainly speaks well, not only for yourself, but is certainly a tribute of high-class ability and enterprise to the business element of your city. With best wishes and kindest regards at all times, I am yours, very sincerely."

Brown's Colored Tennessee Minstrels Saturday night. Be sure and see them. Seats on sale at Conhiser's.

We received a pleasant call on Monday from Mr. Art Gentzler of Lincoln, who was here in the interests of the Fairmont Creamery Co., of York. Mr. Gentzler is an old newspaper man, formerly connected with the Clay Center (Kas.) Bazaar, and while we had never previously met the gentleman, yet years ago, while we were publishing a paper in Southern Iowa, we had the pleasure of exchanging newspaper commodities with him, and many were the good things we read and re-published from his lively, interesting and always up-to-date paper. We are always glad to meet the old war-horses of journalism.
