To Our Patrons.

On and after Jan. 1st, THE NORTHWESTERN will place the subscription price on its foreign subscribers at \$1.25 per year. We do this from the fact that it does not pay to carry them at the \$1 per year rate. Also, all names will be eliminated from our foreign list that are not paid for in advance, or their subscription guaranteed by themselves or by those sending such papers to friends at a distance. This rule will be absolute as we are at present carrying such at a direct loss. We expect at an early date to print four pages of THE NORTHWESTERN at home, instead of two pages as at present. Our merchants are using our advertising columns in a more satisfactory manner than in the past, and if they continue to do so it will become necessary to enlarge the home columns of print. Our columns at present are full to overflowing with advertising, making it necessary to print a supplement each week and we have faith to believe that the enterprise they are showing will continue.

Why Was the School Levy in School District No. 1 25 Mills?

In Mr. Gibson's explanation of the levy in Loup City township he says the levy for the year 1905 for School District No. 1 is 25 mills. Why is it 25 mills? The law says, Chapter 131, Page 554 Session Laws 1905:
"The amount of money so voted as being necessary for the maintenance of the school for the coming year shall be certified by the district school board to the county clerk of the county in which said school district is located, and said amount shall be levied by the County Board on the assessed value of the school district and be collected as other taxes."
The assessed valuation of School District No. 1 is more than \$1,500,000 and a levy of 19 mills would have raised more than \$3,000, the amount asked by the school board. The amount levied, to-wit: 25 mills, is to raise \$3,950. Who authorized this amount of levy? The school district authorized a levy to raise \$3,000 only.
