Tuesday, Jan. 2, brought several inches of "The Beautiful," and now Mother Earth is covered with a fleecy mantle that makes life one burst of happiness for the rising generation, and the best of it all is that the weather accompanying is almost as balmy as budding springtime. Stand up for Nebraska.

Last Tuesday, Jim Burnett's team, driven by Rob Keith and Ernest Rowe, took fright from some reason and took a spin on our streets, colliding with a telephone pole in front of the old NORTHWESTERN office, and making kindling wood of the hayrack attached to them. No further damage, as both occupants and the animals themselves escaped injury.

We understand there is a new veterinary surgeon here from Chicago by the name of Evans, who is causing some interest among horse and cattle men by remarkable cures. This is not intended as an advertisement for the gentleman, who seems not to know Loup City is supplied with newspapers but is in the interest of our stock owners, that they may profit by his coming.

Several Swedish families came in and gave Pastor Wold and wife a very pleasant surprise. Having loaded the table with good things, to which all did justice, a bowl was placed on the table, and Mr. Falk, their spokesman, got up and declared their pockets were too heavy for comfort, whereupon, they proceeded to empty them into the bowl and the result was a very neat collection of cash for the preacher and family. Nobly done! Thank you heartily.

Mr. Gue and family will then remove to Loup City and take possession of their beautiful home recently purchased of W. H. Morris. Washington township's loss in the removal of Mr. Gue is Loup City's gain, but they make it up in good part by the coming of Mr. Enderlee and his estimable family, who are highly spoken of in their old county of Hamilton.

Last Friday, Miss Hazel Burleigh received a handsome souvenir spoon from Miss Hazel Long of San Francisco, daughter of Dr Long of this city, that is one of the handomest pieces of gold and silver we ever saw. On the top of the spoon stands a bear, the emblem of California. Below rests a pan of gold, over a pick and shovel, leading from which is a rope the length of the handle, and attached to a bucket just in the edge of the bowl. In the bowl of the spoon is engraved the golden gate, the Cliff House on one side and the signal station on the other, the sun setting in the distance and a hidden mine at the entrance of the harbor. The whole is a gift from Miss Long to her little namesake and is a thing of beauty and a joy forever. Many thanks.

**A good 400-acre farm, well improved, for sale by John W. Long, \$25 per acre.**

In the rush of moving last week, THE NORTHWESTERN omitted the final story in regard to the arrest and detention of the supposed robber of the postoffice and bank at Pleasanton. On Friday, of week before last, while holding the suspect for the arrival of the postoffice inspector, who was to come and take him in charge, there arrived instead the sheriff of Buffalo county, who took the man into his tender care. As there was some dissatisfaction over the retention of the suspect here for a week or more, on account of the supposed cost to the county, we desire to state, on authority of Sheriff Williams, that the county of Sherman was at no expense for the detention here, as Buffalo county pays all the costs in the case, and not one cent of expense will be attached to this county. So we trust those who have been inclined to kick will be easy in their minds over the matter. We have a sheriff who is looking after the best interests of Sherman county, and can be trusted to see that the right thing is done under all circumstances.
