The demand for teachers over this state is unprecedented in its history. Bert McKinnie returned last Saturday from his visit to northern Michigan. We have not seen Bert to get any of his fishing or hunting stories, but they can be counted on as immense, without doubt. In a spirit of playfulness, last Friday morning, the U. The populist primary met at the engine house yesterday afternoon and selected delegates to the county convention which meets here tomorrow, who were favorable to Editor Brown for representative and Bob Mathew for county attorney. Geo. Gibson surprised the boys by appearing at the primary and announcing that he "was with them." That's pretty tough on Ed and Bob, and if the renegade republican adheres to that will lighten the republican party of a dead weight, and assure G. O. P. success.

Along R. R. No. 1. Mrs. S. H. Hull of Pittsfield, Mass., is visiting at F. A. Pinkney's. S. S. Reynolds had a bad accident last week, one of his horses having fallen on him. Rural Route last month carried 3,210 pieces of mail. A telephone pole between the bridge and R. D. Hendrickson's was shattered by lightning in the storm last week. During the storm of July 30th, the lightning killed a cow belonging to Henry Apple, and tore many rods of wire fence for Mr. Coppersmith. Patrons of R. F. Seeing a hole washed by the side of the approach he got out and found that the water had undermined the approach for four feet and he had driven team and wagon over on six inches of ground. Farmers turned in and fixed it and it is now in good shape again. R. D. Hendrickson's lost their old family horse which they have had for 13 years, this week. Rol says he does not know how to run the farm without it. Lightning struck several telephone poles east of McMullin's Saturday. Farmers did some fine work on the roads since the rain. Some think Rural Routes do not help the town, but they miss it, as the farmers take more interest in keeping up the roads, having to keep them passable all times of the year, and good roads are what helps the town.

Draper, for some time, left Monday morning for his home. Miss Martha Lyman of Omaha, who has been visiting her grandfather, John M. Taylor, went to Ashton, Tuesday morning for a visit. He says he was in the meeting that passed resolutions condemnatory to Rosewater, and all but five or six within his vision arose to their feet in favor of the sentiment. Mason & Severson of the Model restaurant dissolved partnership yesterday morning, H. M. Severson purchasing the interest of John G. Mason and will hereafter be sole proprietor. Mr. Mason and wife left the same day for their home at Ord. The Model is a first-class restaurant and has been conducted on paying lines, we are glad to note. We wish both gentlemen continued success. Ed Jones' aged mother died at his home last evening. Some weeks ago, she went to Columbia, Louisiana, to make her home with a daughter, but not liking the country returned here last Thursday evening. She was ill on her arrival and grew steadily worse till her death as stated. Mrs. Ed. Jones was sent for and returned from her Iowa visit only a few hours before the demise. The aged mother was 82 years past. Funeral will occur from the Baptist church tomorrow morning at 10 o'clock. Obituary later. One of the worst electrical storms visiting this section for years was that of last Sunday night, accompanied by an immense volume of water, that might almost be termed a cloud burst. The storm was even worse up the valley to points beyond Sargent, six inches of rain being reported at various points. The Middle Loup showed the effects the following morning when the water reached the highest stage reported in 32 years, making of the river a regular torrent. Hundreds of people went down to the river that morning, which reached within a foot or two of the flooring of the west and south bridges early, and in spite of the calmness of the weather the waves ran three and four feet high, forming a fascinating sight. A washout of several hundred feet on the B. & M. between Sargent and Comstock on the night in question caused the trains to be nearly twelve hours late. Oh, no, it never rains in Nebraska.
