ROMANCE

They had come to the select board ing house the same week. It was easy enough to recall the date of Miss Porben's arrival because of the sensation her first appearance at dinner created. The landlady had enough of the roast left for croquettes next day, all because every one was so busy gazing at Miss Porben. She was a perfect blonde, with bright, pretty ways and a charming manner. The three eligible young men who boarded there began eving one another with dawning dislike before even that evening was over. By the end of the week it was an openly acknowledged race between them.

Miss Porben took the attention condescendingly as was the right of a beauty. A girl as pretty as she really could not be blamed for coquetting a bit; but the other boarders wondered whether she was not sure of some millionaire, that she should trifle with Robinson, the broker, who had a small fortune besides: with Harris, the young lawyer, who was making a decided financial success, and with crease in salary to \$3,000 a year. This clientele shows what a very select boarding house it was.

This being the situation, it is scarcely to be wondered at that Miss Galvey had been at the house three days before Robinson, Harris and Van Norman were aware of the fact. It is doubtful if they knew what she looked like. That was the effect Miss Porben's proximity had on most other beneath her splendor. THREE EPOCHS IN A WOMAN'S LIFE

MRS. ELVA BARBER EDWARDS

There are three critical stages in a woman's life which leave their mark in her career. The first of these stages is womanhood, or the change from a care free girl to budding womanhood, The second is motherhood, and the third is Change of Life.

Perils surround each of these stages, and most of the misery that comes to women through ill health dates from one or another of these important crises.

Women should remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs has carried thousands of young girls over the critical period of puberty, has prepared mothers for childbirth, and in later years carried them safely through the change of life more successfully than any other remedy in the world. Thousands of testimonials from grateful persons, two of which are here published, substantiate this

fact beyond contradiction. Mrs. George Walters of Woodlawn, Ill. writes :

MRS. GEORGE WALTERS healthy a child as can be found anywhere.

Lydia E. Pinkham's Vegetable Compos is a blessing to all expectant mothers." Mrs, Elva Barber Edwards of Cathlamet, Wash., writes: Dear Mrs. Pinkham:-

"I want to tell you how Lydia E. Pink-ham's Vegetable Compound carried me through the critical period of the Change of Life without any trouble whatever, also cured me of a very severe female weakness, cured me of a very severe female we I cannot say enough in praise of what your medicine has done for me." What Lydia E. Pinkham's Vegetable

Compound did for Mrs. Walters and Mrs. Edwards it will do for other women in their condition. Every suf-fering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life, Mrs. Pinkham's Invitation to Women.

Women suffering from any form of

female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest Dear Mrs. Pinkham:—

"I feel it my duty to tell you of the good Lydis E. Pinkham's Vegetable Compound has done me in preparing for childbirth. After suffering and losing my children a friend advised me to try your valuable medicine, and the result was that I had very little inconvenience, a quick recovery and little inconvenience, a quick recovery and little inconvenience, a quick recovery and little inconvenience.

During its long record of more than thirty years its long list of actual cures, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person. Lydia E. Pinkham's Vegetable Compound Makes Sick Women Well.
