Men Should See.

That the water pail is empty.
That the ash bucket is full.
That they have left their newspapers scattered over the floor.
That cigar ashes have to be cleaned up.

That sofa cushions have to be rearranged after a nap.

That the soiled linen has to be put in the laundry bag.

That yesterdays clothing has to be hung up.

That boots and overshoes have to be kept in place.

That household labor is irksome.
That the majority of women have too much to do.

That wives grow uninteresting because they have no time for reading or society.

That there are hundreds of little things that husbands could do to lighten the work of the home.

That by so doing both husband and wife would be happier.

That to find out what these little things are needs but two open eyes and one generous, thoughtful heart.

—New York Farmer.

Dr. Bilon, the Kearney eye-specialist, who will give a lecture on the eye at the opera house, Friday, March 15, will be found at the St. Elmo hotel, Friday and Saturday, March 15 and 16, also the 17th. The Doctor gave a lecture on this subject in Loup City once before, about a year ago. The lecture for Friday, March 15th is along new lines. This makes it an interesting subject. Don't fail to hear it. The Doctor comes highly recommended and gives as references, such people as Supt. A. O. Thomas of the Kearney Normal School, Mr. Hayward of the Reform School, etc.
