WEIGHT AND HEALTH

THIN, NERVOUS PEOPLE NEED THE TONIC TREATMENT.

This Woman Took Dr. Williams' Pink Pills, Gained Thirty Pounds and Has Been Well Ever Since.

How many women—and men too—are suffering from a general decline in health which the ordinary remedies seem unable to check! How many husbands see their wives wasting away, steadily losing health and beauty, and are powerless to help! Consumption and other germ diseases find in these debilitated systems easy prey, for the lowered vitality is unequal to the task of fighting off the infection of these diseases to which most of us are almost daily exposed.

The symptoms indicating the decline which may have results so fatal could scarcely be better described than in the statement of Mrs. William Manley, of 92 Court street, Utica, N. Y. Her case is a typical one. She says:

"For six months after the birth of my baby, I suffered from sick, dizzy headaches, which seemed like a rush of blood to my forehead, just back of my eyes. Some days they twitched so I could hardly see and black spots floated before them. The least exertion brought on this sickness. My appetite was poor and I was often sick to my stomach.

"If I tried to work my feet soon became swollen, paining me terribly. I had sinking spells and grew pale and nervous. I was so thin that I weighed only 95 pounds.

"One day when at the drug store to get headache powders I decided to try Dr. Williams' Pink Pills instead. I soon noticed that my headache was disappearing and my nerves gradually grew stronger. The pills gave me a hearty appetite and I now weigh over 130 pounds. I believe the pills to be the best tonic and builder a woman can take, as they certainly helped me when my condition was critical and I have never been seriously ill since."

The great value of Dr. Williams' Pink Pills lies in the fact that they actually make new blood and this carries health and strength to every portion of the body. The stomach is toned up, the nerves are strengthened, every organ is stimulated to do its work.

If you are ill and the treatment you are taking does not cure you, write for proof of what Dr. Williams' Pink Pills have done in similar cases.

Your druggist sells them or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for $2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

THE GENTLEMAN BURGLAR

Raffles Proved to Be No Match for Georgie.

"I see," said the Burlesque Queen, "that they have caught another gentleman burglar."

"Gentleman burglars," replied the ward man, "as a rule do not exist, for this reason; a gentleman would not be a thief, and a man possessed of the qualities that go to make a successful cracksman couldn't be a gentleman; but since Bellew played Raffles, every time they land a fellow who wears a clean collar and cleans his teeth and nails they announce Another Society Burglar. The last real gentleman crack I know of was the one that Georgie Lindsay got some years ago.

"When Georgie was playing in the Casino she created quite a sensation with her flaming red head, enormous eyes, little hands and feet and the king's ransom of jewels which she habitually wore, plastered all over her so that she looked like a jeweler's showcase. Everybody knew her and knew her sparks, and it was a sure bet that sooner or later she would be robbed.

"She lived in a little bijou house in Bensonhurst. One summer night she woke up and heard some on scuffling around the room. She spoke and the intruder came up to her bed, and, turning his lantern (the thief's electric light wasn't invented then) on her, told her to shut up or he'd blow her roof off. Georgie-Porgie was as cool as the Ice Trust. 'I won't move,' says she. 'Go ahead and get what you want.' The fellow looked at her pretty sharply, made a threatening gesture with his gun, and went to work looking for the sparks, while Georgie lay in bed, the covers drawn up to her nose, and watched him with big eyes, like a naughty child who has just been punished and put to bed.

"He couldn't find them, and he came back to her bedside. 'Here,' said he, 'you get up and give me those diamonds, and don't you make any noise, or—'

"So Georgie stepped out of bed in her pajamas and crossed the room barefoot, and dug up the sparks from under a lot of skirts and frippery, and handed them over. Now, a good cracksman, having the stuff, would have beat it; but Georgie-Porgie had sized him for an amateur, and so 'May I light a cigarette, Mr. Burglar?' says she, with an adorable lisp. 'Thank you. Have one yourself?' And the dub took one, and she began to talk to him. You know Georgie could be a brother to a prince or fellow to a beggar, and they had quite a conversation. She asked him why he was in that business, if he wasn't afraid, and all about it, and he got quite interested in her and began to tell her the story of his life and try to justify his mode of life to her, and Georgie-Porgie sat on one foot and listened and they got quite chummy.

"'Let me mix you a cocktail,' says she, and she led the way into her dining-room and mixed one for him and one for herself. He had enough sense to keep an eye on her and not let her from in front of him, and she, with her baby face and lisp, kept her eyes open to catch him offside. At last some lingering remains of sense whispered to him it was time to go.

"'You must go?' said she. 'I really can't say I am pleased to have met you, but it has been a most interesting experience.'

"'Good evening,' says the gentleman burglar, a la Raffles, 'I am sorry that I should appear in such a light, and I can say I am charmed to have met you.'

"He was at the door then, and for one minute he turned his back to her. "So nice of you to say so,' lisped Georgie-Porgie, and quick as a flash she snatched a Moorish dagger from a panoply on the wall, and drove it hard between his shoulders. Simultaneously she gave him a violent jolt in the back with her knee which drove him through the door and slammed the door and locked it. He gave a horrid hiccough and she heard him thrashing round like a hen with its head off, then bump-bump-bump, he fell down the stairs and Georgie threw open the window and yelled, 'Fire! Murder!' and so on.

"In a few minutes she heard the clumpity-clump of a cop's boots as he came running. The unfortunate Raffles was lying at the foot of the stairs. Georgie's servants were afraid to go down, so Georgie went herself and let the policeman in. Poor Raffles lay groaning with the knife sticking in his back, and in a broken voice begged them to pull it out. 'I'm dying,' he groaned.

"'Not a bit of it,' said Georgie cheerfully, as she extracted the knife and did some first aid work with wet towels. 'You'll live to do ten years.'

"And he did. The doctors pulled him round and he got ten for that job. He didn't mind the stretch so much, as the way she fooled him.

"'That little devil,' says he to me. 'I thought there was no more harm in her than in a kitten.'

"Lots of people thought that about Georgie-Porgie," said the Burlesque Queen.

ADVICE TO RHEUMATICS

Noted Physician Tells How to Prevent and Cure Rheumatism, Kidney and Bladder Troubles.

(By Geo. Edmund Flood, M. D.)

If you would avoid Rheumatism and Kidney and Bladder Troubles, be moderate in the consumption of heavy, rich foods, substitute as far as possible soups, broths, fresh milk and drink water—lots of water. Take plenty of time to eat, and don't eat after you have had enough, even if it does taste good. If your work is confining take a moderate amount of exercise each day in the open air.

Of course, neither diet, water, rest nor exercise will cure these afflictions. I advise them as preventives only. For the benefit of the readers of this article who are now afflicted with Rheumatism, Kidney, Bladder or Urinary trouble, and desire to be cured quickly, I give below, complete in every detail, the famous prescription which has made me so successful in the treatment of these diseases. It is the most certain cure for these diseases that I have ever used. It is pleasant to take, it is not expensive, it can be filled by any druggist, and I believe it is the greatest prescription for Rheumatism, Kidney and Bladder Trouble ever written. It is also a valuable spring tonic and blood purifier. If you are a sufferer, save this, take it to your druggist and have it filled, or get the ingredients and mix them at home.

Fluid Extract Cascara Aromatic, ½ ounce.

Concentrated Barkola Compound, 1 ounce.

Fluid Extract Prickly Ash Bark, ½ drachm.

Aromatic Elixir, 4 ounces.

Adult dose, take one teaspoonful after meals and at bedtime; children, one-fourth to one-half teaspoonful after meals.

After you are cured follow the advice I have given you in regard to diet, exercise and water, and you will not need the services of a physician again for these ailments.

GONE FOREVER.

Ten years ago a farmer put his initials on a dollar bill. The next day he went to the nearest town and spent it with a merchant. Before the year was out he got the dollar back. Four times in six years the dollar came back to him for produce and three times he heard of it in the pocket of his neighbors.

The last time he got it back four years ago. He sent it to a mail order house. He never has seen that dollar since, and never will. That dollar bill will never pay any more school or road tax for him, will never build or brighten any of the homes of the community. He sent it entirely out of the circle of usefulness to himself and his neighbors.

Patronize your local merchant who helps you to pay your taxes, support your schools and churches, and lends a helping hand in times of sickness and trouble.

Out of His Line.

A man living in the country far from any physician was taken suddenly ill. His family, in great alarm, not knowing what to do, sent for a neighbor, who had a reputation for doctoring cows.

"Can't you give father something to help him?" asked one of the sons.

"Wa-al, I don't know nothin' about doctorin' people."

"You know more than we do, for you can doctor cows. Now what do you give them when they are sick?"

"Wa-al," I allers give Epsom salts. You might try it on him."

"How much shall we give him?" inquired the son.

"Wa-al, I give cows just a pound. Your father is a quarter as big as a cow—give him a quarter of a pound."

French Sailors Use Drugs.

The extent to which the narcotic habit prevails in the French navy was illustrated a few days ago by the proceedings of a court-martial at Brest. The defendants were half a dozen seamen of ordinary rating, who were charged with a considerable number of robberies. All the men were victims of opium or the the ether habit, or both combined, and were in the habit of bemuddling themselves daily with these drugs and the robberies had been committed to gratify their passion. Severe sentences were passed.

APPENDICITIS.

Not at All Necessary to Operate in Many Cases.

Automobiles and Appendicitis scare some people before they are hit.

Appendicitis is often caused by too much starch in the bowels. Starch is hard to digest and clogs up the digestive machinery—also tends to form cakes in the cecum. (That's the blind pouch at entrance to the appendix.)

A N. H. girl had appendicitis, but lived on milk for awhile—then Grape-Nuts and got well without an operation.

She says: "Five years ago while at school, I suffered terribly with constipation and indigestion." (Too much starch, white bread, potatoes, etc., which she did not digest.)

"Soon after I left school I had an attack of appendicitis and for thirteen weeks lived on milk and water. When I recovered enough to eat solid food there was nothing that would agree with me, until a friend recommended Grape-Nuts.

"When I began to eat Grape-Nuts I weighed 98 lbs., but I soon grew to 115 lbs. The distress after eating left me entirely and now I am like a new person."

A little Grape-Nuts dissolved in hot water or milk would have been much better for this case than milk alone, for the starchy part of the wheat and barley is changed into a form of digestable sugar in making Grape-Nuts.) A MISSOURI WOMAN

Tells a Story of Awful Suffering and Wonderful Relief.

Mrs. J. D. Johnson, of 603 West Hickman St., Columbia, Mo., says: "Following an operation two years ago, dropsy set in, and my left side was so swollen the doctor said he would have to tap out the water. There was constant pain and a gurgling sensation around my heart, and I could not raise my arm above my head. The kidney action was disordered and passages of the secretions too frequent. On the advice of my husband I began using Doan's Kidney Pills. Since using two boxes my trouble has not reappeared. This is wonderful, after suffering two years."

HOW CLASSIC WAS WRITTEN.

Bret Harte's Great Poem Result of an Inspiration.

The war correspondent, Frederic Villiers, has recorded a talk with Bret Harte apropos of the poem, "Dickens in Camp:" "We all felt his loss most keenly in the States," said Harte:

"On hearing of his death (I) sat down about three in the afternoon to write an editorial on the great author. I wrote one and then tore it up. Then another, after much pains, was written. This did not please me, so I tore it up. I wrote yet another and threw it into the waste paper basket; it would not do. It was getting late, and I was now keeping the paper waiting for press. I was drumming on my desk, absolutely without another thought in my head; I had run dry. Suddenly I mechanically began to write and the result was the thing you seem to like so much. Well, Mr. Villiers, you are not far out. I like it, too."

BLOOD GETS SOUR.

Gives Advice and Tells of Simple Home Mixture.

At this time of year, says a well-known authority, the Kidneys become weak, clogged and inactive, failing to filter out the poisons and acids, which sour the blood, causing not only facial and bodily eruptions, but the worst forms of Rheumatism, Nervous and Stomach troubles, Backache and painful, annoying Urinary afflictions.

It is worth anyone's time now to get from some good prescription pharmacy the following ingredients: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after your meals and at bedtime.

This simple home-made mixture will force the Kidneys to normal, healthy action, so they will filter and strain all uric acid and poisonous waste matter from the blood, and expel this in the urine, at the same time restoring the "full blood count"—that is, 95 per cent. red blood corpuscles—which is absolutely indispensable to perfect health.

DON'T GRUMBLE AT TRIFLES.

Twenty-five Bushels Wheat and Forty-five Bushels Oats Per Acre Are in Western Canada.

Saltcoats, Sask.,
8th December, 1906.

To the Editor.

Dear Sir,

I willingly give you the result of my four and a half years' experience in the District of Saltcoats.

Previous to coming here I farmed in Baldwin, St. Croix County, Wisconsin, and as I have heard a great deal about the Canadian North-West, I decided to take a trip there and see the country for myself. I was so impressed with the richness of the soil that I bought half a section of land about five miles from the town of Saltcoats. I moved on to the land the following June and that year broke 90 acres, which I cropped in 1904, and had 39 bushels wheat per acre. In 1905, with an acreage of 160 acres, I had 24 bushels wheat and 35 bushels of oats per acre. In 1906, with 175 acres under crop, I had 25 bushels wheat and 45 bushels of oats per acre.

From the above mentioned yields you can readily understand that I am very well pleased with the Canadian West. Of course, I have had to work hard, but I don't mind that when I get such a good return for my labor.

To anyone thinking about coming to this country I can truthfully say that if they are prepared to work and not grumble at trifles, they are bound to get on. Some things I would like different, but take the country all round, I don't know where to go to get a better.

Yours truly,
(Signed) O. B. OLSON.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Bishop Potter's Answer.

A young clergyman in a remote country district wrote last Easter time to Bishop Potter, saying that he was about to take a wife, and asking if, to save some other clergyman a long and weary journey, he could not marry himself.

The bishop's reply was marvelously concise. It said:

"Could you bury yourself?"

THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

MRS HENRY LEE MRS. FRED CERTIA

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes:

Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. I had no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound, my bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Mrs. Henry Lee, 60 Winter Street, New Haven, Conn., writes:

Dear Mrs. Pinkham:—

"After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."

Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.
