The Loup City Mercantile Co. are headquarters for tailor-made clothing. They are certainly in it, the amount of measures they are taking.

Frank W. Barleigh, the editor's son, who for the past three years has been stationed in the Coast Artillery at Fort Monroe, Va., and now of Co. "G" Fort Crook, Neb., blew in home yesterday afternoon on a three months' furlough. It is unnecessary to say that this editorial household is made happy by his arrival, somewhat unexpected, arriving two days earlier than we looked for. He is the same care-free boy who left us three years ago last spring, though somewhat sedate from his strenuous experience.

Commencing April 1st and continuing for 30 days we will give in exchange forty pounds (40) Pansy Straight flour or thirty-five pounds (35) White Satin High Patent flour for a bushel of good wheat. John Grella has purchased the C. D. Hill property in west Loup City and will improve the same.

A. J. Morgan and family were up from Ravenna last Sunday for a short visit with the "old folks at home."

Miss Mary E. Warner of Sault Ste. Marie, Mich., is a guest of Mrs. B. P. McKinnie in Washington township.

Mr. and Mrs. A. T. Forsell from Central City were guests of Frank Otlewski and family a few days this week.

Mr. Rex Jeffords is the new tenor in the Presbyterian choir, last Sunday being his initial day and he did nicely.

Painter George Stork is this week engaged in finishing the painting on the interior of the fine new Catholic church.

The young friends of Miss Arlie Corning gave her a pleasant surprise party at her home last Thursday evening.

J. A. Converse came up from Gibbon yesterday for a day's business. He is putting in a private lighting plant in his new home.

The W. C. T. U. entertained the members of the L. T. L. at the M. E. church 1st Monday evening. Refreshments were served and a pleasant time is reported.

The ladies of the Methodist church will hold an Easter fair and supper in the basement of their church on the evening of Friday, April 17th. Further notice later.

A car load of the new furniture and fixtures for the Catholic church was received yesterday. It is hoped to have all in and the church in best of shape for Easter services.

A leap year party was given by the young ladies of this city last Thursday evening at the home of Miss Hattie Hayhurst. A most pleasant evening was passed by all present.

The Aurora high school building was destroyed by fire early last Sunday morning, the origin of the fire being unknown. The loss is quite heavy as there was little insurance.

Our friend, Louis Strankman, at Grand Junction, Colo., has now the honor of being paid the farthest ahead of any reader of the Northwestern—to July, 1911. Louis is all right.

Palm Sunday services will be held at the Presbyterian church next Sunday, both morning and evening. The evening service will begin at 8 o'clock. Special music will be rendered at both services.

Mrs. E. Holcomb and son, Will Holcomb, this week moved out on the Leininger farm, which the latter will farm this season. We understand H. A. Sleeth will move into their residence property.

Bert Fletcher was up from Rockville the first of the week on business matters. Since the change in the Smelser store at Rockville Bert has been engaged in the buying of stock. He recently purchased two fine jacks of Troy Hale.

The distressing report reaches us that Mr. G. H. Whitman of Washington township last week suffered a stroke of paralysis, and his condition was so serious that his children were called home to his bedside from their various homes. We trust he may speedily recover.

Charley Hill and family and Mrs. Dan Tinsman and children left Tuesday morning for LaJara, Colorado, where Mr. Hill has purchased property and where both families will reside. We are under obligations to both gentlemen for renewed subscriptions to the Northwestern, which will visit them in their golden state home.

Mr. Joseph James arrived in our city Saturday evening and will preach for the Baptist people until his son arrives in June. Father James is an energetic enthusiastic christian gentleman, for many years a deacon in the church. He is a highly cultured man, thoroughly competent to fill any pulpit and has already won the confidence and esteem of those who have made his acquaintance. We gladly welcome him to our midst and hope that his coming among us will be as profitable to him as we are confident it will be to us.

PAINT THAT LASTS

To preserve your house—your property—your dollars, you might say—you must use paint. To do so economically the paint you use MUST have lasting qualities. Remember, poor paint costs more than good paint, for the work has to be done oftener. Start right by getting

Horse Shoe Paint

and you can make up your mind it's on to stay. The reason for this is plain. Horse Shoe Paint is wholly composed of the strongest and best materials known in the science of paint making—it contains no cheapening or adulterating materials whatever. It's made of strictly Pure Zinc and White Lead for pigments. Add to this Pure Linseed Oil—crushed by the manufacturers themselves to insure its purity—then the necessary drier and coloring matter and you've got the best paint that money, brains and material can produce.

Horse Shoe Paint has stood the test for 20 long years—it's a proven paint—and it's sold in almost every town and city in the United States. Should not that fact alone convince you that Horse Shoe Paint gives satisfaction beyond question?

Horse Shoe Paint does all we claim—we guarantee it to be pure and to wear. Horse Shoe Paint is absolutely pure; you buy it subject to chemical analysis and it's paint that lasts.

Paint your house with Horse Shoe Paint this season by all means.

ODENDAHL BROS. DRUG STORE

C. C. Cooper was in Grand Island on business yesterday.

Mrs. H. W. Pedler went to Cairo yesterday for a few days' visit.

The Brotherhood of the Presbyterian church will meet next Sunday afternoon at 3:30 o'clock.

A son of Jos. Domboski of Oak Creek township was badly injured while working in the fields last Sunday, being run over by a disc, cutting two deep gashes in his back. While severe, no fatality is expected.

A prairie fire just north of town last Friday afternoon burned over quite a section of country, but did little damage, as fighters headed it off the farm buildings, and only one building, a barn belonging to a Mr. Thompson, was destroyed.

The following Northwestern subscribers, old and new, have remembered us the past few days. Many thanks: Wm. Landon, John Heinke, Louis Strankman, C. W. Benson, Geo. Ritz, Herman Fiebig, C. D. Hill, Ed. Radcliffe, G. P. Callahan, J. A. Converse, W. H. Harnev.

J. T. Campbell, a real estate dealer of Litchfield, delivered a temperance lecture at the Presbyterian church on Sunday evening last. It was thoroughly practical, and was said by some present to be filled with the most meaty argument of any lecturer here from a distance.

R. L. Arthur and S. N. Criss returned from O'Neill last Friday evening, whither they had been in the Burrows case against the B. & M. road for the burning of his car of goods in the latter's yard last season. We understand Burrows was awarded some \$200 damages.

Those wanting Alfalfa Seed for spring sowing, please call and make your wants known. T. M. REED.

Test for Hydrochloric Acid. A curious mishap has given us a very delicate test for hydrochloric acid in the atmosphere. In a North of England locality many houses have curtains of the cream color produced by metallic yellow—popularly known as "dolly" cream dye and to science as "the sodium salt of meta-amido-benzene sulphonic acid-azo-diphenylamine." Some of these cream-colored curtains suddenly changed to heliotrope. Investigation showed that an accidental escape of hydrochloric acid from a neighboring alkali plant had discolored the curtains and the dye became a most useful test.

The True and the False. True love is that which enables the personality, fortifies the heart and sanctifies the existence. And the being we love must not be mysterious and sphinxlike, but clear and limpid, as a diamond, so that admiration and attachment may grow with knowledge. —Amiel's Journal.

Post-Graduate Work. "When you graduate from that cooking school," asked Tess, "do you get a diploma?" "Sometimes," replied Jess, "you get a certificate for a post-graduate course."

"A certificate?" "Yes, a marriage certificate."

One Good Point Noted. There is one good point about this new scheme of talking to the dead. You have to call them up first. They do not come around at your busiest hour and insist on unloading a tale of woe into your ear.—Chicago News.

Salt in the Ocean. It is estimated there are in the world's oceans 7,000,000 cubic miles of salt, and the most astonishing thing about it is that if all the salt could be taken out in a moment the level of the ocean would not drop one single inch.

Just Wait. Every age the poor are better off, says a hopeful and optimistic preacher. Yes, all they have to do is to wait a few ages.

Long-Lived Microbe. The microbe fiend will be confirmed in his fustiness who learns that some hardy microbes can live over two centuries on the land and longer yet in the water.
