There is a growing and insistent demand that produce in the Inferior Federal courts be more clearly defined and regulated by Statute: Foreign corporations or individuals should have no greater privileges than residents of the state. The constitutionality of state laws should first be tried in the state courts with ultimate appeal to the Supreme Court of the United States. No property interest would thereby be imperiled and the dignity of the state would be preserved.

I am a farmer and stock grower. Am personally interested in the development of the sixth district and its industries and I ask your support for the nomination at the primaries.
