DR. RICH.

Subscribed in my presence and sworn to before me this 25th day of February, 1908. JOHN ALLAN, Notary Public.
My Commission expires Jan. 5, 1912.

Guaranteed under the Pure Food and Drug Act of June 30, 1906. Serial Number No. 18752. The above outfits contain no Morphine, Opium, Cocaine, Heroin, Eucaine, Chloroform, Cannabis Indica, Chloral Hydrate, Acetanilide, or any of their derivatives.

Hourglasses for Pulpits.

The 20-minute sermon is a purely modern invention, as is proved by the number of pulpit hourglasses that are still to be found in many old churches. In the register of St. Catherine's, Algate, the following entry, dated 1564, occurs: "Paid for an hourglass that hanged by the pulpit, where the preacher doth make a sermon, that he may know how the hour passeth away, one shilling." A modern

pulpit glass—probably the only one of its kind—is to be found in the Chapel Royal, Savoy. It is an 18-minute glass, and was placed in the chapel on its restoration in 1867.—Westminster Gazette.

Smallest Human Bone.

The smallest bone in the human body is contained in the drum of the ear.

Dr. Rich, the well known Grand Island Specialist, has arranged a system of Home Treatment for Catarrh of the various organs of the body, and is now prepared to supply to any sufferer from this prevalent disease a course of remedies that will be found to be not only satisfactory in every respect, but at a price certainly reasonable, and within the reach of everybody. During the five years Dr. Rich has been in Grand Island he has carefully avoided the treatment of Catarrhal conditions of the body, not being prepared to take up a work requiring time from his already extensive office business. During the past year, however, Dr. Rich has perfected a method which he offers below, for treating Catarrh in the home, and feels not only assured of excellent results, but that he will make many new friends, which will assist in increasing his already large practice. A photograph below shows one of the \$3.00 outfits, and should give a perfect idea of the value offered. Dr. Rich's treatment for Catarrh is a Home Treatment in every sense, and can be used without detention from business. A full month's treatment of these remedies will be sent for \$3.00. You may order as often as you like at the same price, or have the treatment sent to your friends. As there will be a large demand from the many people familiar with Dr. Rich's reputation as a Skillful Specialist, you are kindly requested to order early and avoid delay.

Effect of Sun Baths. "The taking of sun baths is one of the most healthful things in the world," said Evan T. Roberts, of Cincinnati. "Several years ago I visited Germany, and while there was taken down with nervous prostration. I called in the best specialists of Berlin. They told me I needed more exercise, more fresh air and more sunlight. The first thing they made me do was to take sun baths. I stripped and would go out in the yard every morning and lay for 40 minutes in the broiling sun. It was not so hot, but felt so to me, as I was unprotected. Well, sir, in a few days I began to feel better. In three weeks I was pronounced a well man. The sun baths certainly did the trick for me."

There is a good deal of hog cholera around Herman again. The Nelson Morrill ranch has been losing a good many and has shipped all their pigs to market before they got sick. Harry Seltz and two neighbors, residents of Desota, four miles south of Blair, sold to Omaha parties 500 bushels of the finest potatoes ever raised in Washington county. They were early Ohios and White Prolific and were sold at 55 cents per bushel. They were plowed and with a sister sacked and placed in a car at the station, which car of potatoes has been sold to the government for use by the troops.

The latter part of last week, says a Plattsmouth dispatch, there was a strange, sad sight, two boys, barefooted, pulling a rough home-made cart, on which lay their invalid mother, thinly clad and without shoes. They had come from Fremont and said they were going to Coffeyville, Kas. Some kind-hearted movers first noticed them and told the people of the facts. They gave them an old horse at one place, an old buggy at another, a pair of shafts, pieces of harness and straps were picked up at different places and from them a harness was made. Others gave clothes and shoes and one generous farmer gave a \$5 bill, others smaller amounts, and in a short time they were able to drive on their way rejoicing.
