Maryland has split its electoral vote.

Omaha went bodily over to democracy.

Where are Bryan's 333 electoral votes Mack said he would get?

Well, Colorado did go for Bryan after all. And Nevada followed suit.

Cummins wins out in Iowa for the senatorship, snowing Lacey under a big drift.

Indiana and Minnesota went for Taft all right, but elected democratic governors.

Cowboy Jim Dahlman says county option is down and out for at least two years in Nebraska.

Bodinson is elected in this senatorial district, having a majority of 224 in Buffalo and 28 in Sherman.

The socialist vote in the late election will not exceed 500,000. They expected at least 1,700,000.

Mortensen for representative and Kinsey for senator were defeated in Valley county. Everything went democratic but county attorney.

Politics make strange bedfellows. Just think of the brewers, and anti-saloon league headed by Elmer Thomas of Omaha working in cahoots for Shallenberger.

Already enthusiastic followers of the Peersless have gotten out buttons with Bryan pictures with the figures 1912 underneath. Of course; what else was expected.

Hinshaw wins in the Fourth, Norris in the Fifth and Kinkaid in the Sixth, while Pollard in the First, Jeffries in the Second and Boyd in the Third Congressional districts are sure defeated, dividing the delegation 3 and 3 in the two great parties.

George H. Gibson, Loup City: "I believe the state ticket will carry here along with the national ticket and that the county ticket as well will come out ahead in Sherman county. This has been a pop stronghold. We are having a hard fight but we expect to win."—State Journal, Oct. 29.

Times Changes Hands

On Monday of this week, E. A. Brown sold his Times-Independent to C. F. Beushausen, our county clerk, the same to take effect on the first day of next January. Bro. Brown has contemplated selling his paper for some time, and his election as representative has hurried matters as he wished to be free from editorial duties by the time he took his seat in the lower house the first of the year. Like many another enterprising young man, Mr. Beushausen has had an itching for some time to try editorial work and this was found to be his opportunity. The Northwestern will miss Bro. Brown from the field of journalism, as the relations have been very pleasant, but we shall warmly welcome his successor and wish him a goodly share of success in his new field of labor.

Kinkaid wins out in this district by about 450.

Missouri has gone for Taft and elected a republican governor

Frank Taylor won out for county attorney of Howard county by a majority of 508.

Howard county went democratic this year by increased majorities. Cooley was republican prophet there. Sherman county went to the democrats with a rush. Gibson was the ??? prophet here.

Pete Hepburn was defeated for congress in Iowa. We should judge from our Iowa exchanges from that district that Pete owes his defeat to too good a stand-in with the railroads. It didn't pay in Iowa, even if it did in Nebraska.

Just before the election, a Loup City man was over in Elm township and asked how the republicans were going to vote on a certain county office. Being told, he asked why? The answer came promptly, "We do not want to encourage laziness."

In writing the editor from Garrison, Dr. Long suggests that the geographical situation should be changed so that Nebraska would be bounded by Louisiana, Mississippi, Arkansas and Texas, and be within the bounds of the Southern Confederacy proper.

The republicans win on at least three state officers, Thompson for attorney general, Brian for treasurer and Barton for auditor, while Junkin for secretary of state has a good fighting chance. It seems, however, that democracy has captured the land commissioner and school superintendent plums, along with governor, lieutenant governor and both legislative branches.

Representative Brown a few days since received a telegram from Gov. Sheldon as to whether he would support a statutory provision for state-wide prohibition, with certain qualifications, if he (Sheldon) should call a special session of the legislature. We understand the governor has sent telegrams to all legislators to that effect.

ELMER LEWIS KILLED

Run Over by Switch Engine at Ravenna

Our people were horrified last Sunday by the report that Elmer E. Lewis, traveling man for the Ravenna Creamery Company, had met accidental death under the wheels of a switch engine at Ravenna the evening previous just as he jumped from a freight train near his home, the engine running over his body cutting him in pieces. The circumstances of his death will probably never be known. As near as can be ascertained he was homeward bound from his trip out for the company, when in order to save a walk of several blocks, he jumped from the train near his home, and in front of a switch engine not noticing the approach of the same. When the body was picked up it was found that the engine had run over the upper part of the breast, over one arm near the shoulder and cut off one leg, and death must have been instantaneous. The funeral was held at the home Tuesday afternoon of friends from Loup City and members of the Odd Fellows lodge here of which he was a member, going over to attend the last sad rites. Mr. Lewis was most well and favorably known here, a point he makes nearly every week, in the interests of the creamery company. He was in Loup City Friday night and leaving for other points on the morning of the day he was killed, and was in his jolliest spirits, meeting and exchanging compliments with his host of friends here, and Elmer had seeming no enemies. He was a man of the best habits, neither drank, smoked nor used spirits or tobacco in any form, and was a model man in all respects. His death will be taken as a personal loss by all with whom he was acquainted, for no finer nor more genial man ever came to our city. The Northwestern feels deepest sorrow in his untimely death and grieves with the wife and children of the home made desolate by his untimely and terrible end.

Y. M. A. A. Notes

By watching the young men of the town very closely, it has been found that there are a good many who actually want something for nothing. This is shown by the fact that everyone has taken an interest in the gymnasium until time came for another payment of dues. The Association has never lacked financial support because the majority of the business men subscribed a dollar a month, but we have decided that it is a waste of time and money to run this any longer when the young men do not appreciate it. From now until the 25th of this month the property, mostly gymnasium appliances, will be offered for sale at the gymnasium. These articles you can buy below cost as we bought them at wholesale and will sell them at less than their cost. We have a single trapeze, 3 pair of rings, 1 Whittly exerciser, 4 pair of iron dumb bells, 1 pair each of 1, 2 and 3 pound maple Indian clubs, set boxing gloves, 1 pair basket ball goals, punching bag platform, and a lot of lumber, also several dozen bath towels which will sell at sixty cents a dozen and a few small articles. The money received by the sale will be returned to the business men interested providing there is a sufficient sum left after paying a few expenses for November. Books loaned to the library will be returned to the owners unless we are notified that you do not want them, in which case they will be given to some church or club library. Come in and see the prices on these articles even if you do not care to buy. Secretary.

School Debate

The second in the series of school debates to select a team to represent our school in the inter-school debating league will be held Friday evening at the opera house at 7:30 p. m. It is a most worthy part of the school work and should be encouraged by the presence of a large number of the friends of the school. Come and show the young people that you are interested in their success. All are cordially invited. A small admission of 10 cents will be charged to pay the hall rent.

FOUND DEAD IN ROAD

Howard Margritz Killed In Runaway Accident

Mrs. and Mrs. Wm. H. Margritz, who live one mile east of Ravenna, received a telegram Tuesday stating that their son, Howard, age 21, had been accidentally killed near Lexington, this state. The young man had been staying with an elder brother, near Lexington, helping during corn picking. The body of the unfortunate young man was found lying in the road with his head crushed, but as there was no witnesses to the accident it is not definitely known how it occurred. It is believed however, that the team became unmanageable and ran away, throwing the driver out in such manner that the wheels passed over his head. The Margritz family have been singularly afflicted, this being the second son the family has lost by accidental death. In 1890 while the family resided in Dodge county, this state, a seventeen year-old son fell from the top of a windmill tower and was killed, which makes the present loss doubly hard to bear. Howard Margritz was an upright and Christian young man. He united with the Presbyterian church at Fremont, when fifteen years of age, and at the time of his death was a member of the Congregational church in Ravenna. Mr. and Mrs. Margritz have the deepest sympathy of their friends and neighbors in Ravenna and vicinity in their terrible affliction. The body was brought to Ravenna and the funeral was held at the Congregational church Thursday afternoon, at two o'clock, after which the remains were taken to Fremont for interment.—Ravenna News.

Grandma Sperling Dead

Mrs. Mary Sperling died at her home near Ashton, Oct. 22, 1908, at the age of 73 years, 10 months and 21 days. She was born Nov. 30, 1835, in East Prussia, Germany, where she was married to August Sperling on March 25, 1858. To this union six children were born, three boys and three girls, one of whom passed away long years ago. In 1873 they came to America and in 1878 to Nebraska and settled on a homestead in Sherman county, where her husband died in 1883. She leaves five children and twenty-six grandchildren, also a sister, Mrs. Ernestine Dold, to mourn her loss. The remains were buried in the German Lutheran church yard at Ashton, Rev. Gundlach preaching the sermon.

Ready For The County Convention

All things are now ready for the County Sunday School Convention of Sunday school workers of Sherman county, to begin on Dec. 2 and to run until Dec. 3. The sessions will be held in the M. E. church at Loup City and the interest shown at this date promises to be the best meeting we have ever had. Every Sunday School in the county should be represented at this convention. Send at least one delegate if not more. Every delegate you send means that same number of enthusiastic workers the coming year in your school. Professor Steidley, the state general secretary, a good platform speaker and an all around Sunday school man (just beginning his twentieth year in the work) can and will answer any and all questions that are perplexing you. Miss Mina Stooker, the elementary field worker, will present the Sunday school work from the standpoint of the teacher of younger folks in the Sunday school world. Don't wait and say, "I wish I had gone." But say now, "I am going to go." We are planning big. Don't you let your work be the only one to lose out. Sincerely yours, Mrs. Ed. Angier, County Sec.

Don't Spend \$3.50 When Fifty Cents Will do the Work. Prof. W. M. Hayes, Asst. Secy. of Agriculture of the United States says about Stock Food: "These balanced rations are often found by analysis to consist of the tailings of mills, elevators and flouring mills, and are sold to the farmer at a price of \$3.50 per ton. The largest Stock Food Companies are said to use fine sawdust, linseed meal, and other high quality materials, instead of having a superior and expensive balanced ration containing high feeding qualities and acting as a tonic, he has paid a high price for a feed containing, along with the sawdust, a large percentage of refuse, some of which may be positively dangerous to the health of his stock."
