Our high school ball team went to Dannebrog last Saturday and played a losing game during the Danish celebration with Cairo, to the tune of 3 to 16. It is said that the game was manifestly an unfair one, as Cairo picked up the best players of its country roundabout, with the addition of players from Ravenna, St. Paul, Grand Island, et al., while our boys honestly played their own regular team. It was, then, of little wonder the score stood as it did.

Another Starr has been added to the galaxy of memorable events in Loup City this year. This particular Starr arrived in Loup City Sunday morning last at the home of Lawyer and Mrs. R. P. Starr, and the smile that radiates the countenance of Robert over the arrival of the young lawyer almost dims the brightness of Old Sol himself. The Northwestern understands the young man will succeed his father in the abstract and pleading business at the earliest possible date after June 6th, 1909.

Word from Lawrence Lofholm is to the effect that he is having the time of his life on the Pacific coast. He pronounces the exposition great, the ocean big and the great battleships and passenger liners worth a lifetime to see. He was to take the boat today from Seattle to Tacoma, and get a taste of sea-sickness, and if it proves not too nauseating may conclude to go by water from Portland to Frisco in one of the great liners, on his way home.

Mrs. Milo Gilbert and baby left last Friday morning for Redding, Iowa, called by the very serious illness of the lady's father, Thomas Porter, advises as to the condition of the good man precluding any hopes of his ultimate recovery. The editor received another disagreeable visitation from his old enemy, rheumatism, last Saturday, which rendered him hors du combat for two or three days, but with the coming out of Old Sol from behind the clouds with his warm sunlight, he feels as if he was on earth once more.

Supt. O'Connell left for Lincoln Friday morning last. The professor may get cheated out of his trip to Mexico and the Panama canal after all, as with a party of others he has invested in business affairs at Lincoln which may require his personal attention through the summer vacation.

Our people will be pleased to know that Mr. Ray Kearns of this city, one of the brightest of our Loup City boys away at school, has been secured as one of the instructors of the summer normal at Peru. Ray is destined to cast great honor on his parents and on the home of his adoption.

Invitations are out for the marriage on the 23d of this month of Miss Inez Fries and "Farmer" Lewin, the base ball player, both of Arcadia. Miss Fries is the daughter of Senator Fries, and taught in our public schools two years since.

Dr. Longacre hands us a copy of the Manila (P. I.) Times, a weekly newspaper of magazine shape, the product of an old Omaha boy, Geo. Selner, who is the pioneer newspaper man of the Philippine Islands. It is said Mr. Selner has made a mint of money out of its publication and can show his prosperity to the extent of a couple of hundreds of thousands of dollars as a result. That's pretty good and comes nearly up to the average Nebraska country newspaper man's bank account. Anyway, the magazine-newspaper is an up-to-date publication and shows prosperity on its face.

The many friends of Will Odendahl, Jr., will regret that his newspaper venture at Cortez, Colo., cost him a little bunch of money, for which he received a bunch of experience in return. He purchased an interest from the ostensible owner, failing to take necessary papers in regard to the deal, and it turned out the ostensible owner himself had purchased the paper on wind, which failed to satisfy the owner in fee simple of the plant, who took it back and Will having nothing to show for his money received an undesirable lemon. It's too bad, but may prove a valuable lesson in the school of experience for our young friend. We understand at present Will and his wife are in Denver, where he is employed in a garage.

Mr. Ray Lutz of Arcadia is another new reader of the Northwestern.

R. D. Hendrickson was made happy Tuesday evening by the arrival from Point Richmond, Calif., of his good mother, Mrs. Elizabeth Hendrickson, who has been several months there for the benefit of her health, and was accompanied home by her daughter, Mrs. Mabel Lane, with whom she was visiting, and who will make an extended sojourn among relatives here.

The interesting news reached here last evening that a baby girl was born Sunday, June 6th, to Mr. and Mrs. Newton Pilger at Butte, Mont. As this is the first time he has been made grandpa, T. L. Pilger may be excused for the extra happy smile he wears at present. The many friends of Newton here will extend sincere congratulations to him and his fair wife and hope the little Miss Pilger may prove a sunshine and joy in their home forever.

Last Thursday morning, while Mrs. W. T. Owens was engaged in cleaning and re-papering her old residence, formerly occupied by the cigar factory, she was suddenly attacked by a fainting spell, and fell in an unconscious state receiving by contact with a step ladder from which she had just descended severe bruises and contusions. She was unconscious for a time, but no serious consequences resulted. Mrs. Owens has had more or less trouble with her head of late and it is thought the pain became so intense that she fell in an unconscious state. The report that she fell from the ladder was incorrect, as she remembers having descended from the same before the fainting spell. The many friends of the lady will be pleased no more serious accident resulted.

# THE CALL OF THE COAST

The Seattle Exposition invites you. The Pacific Coast country, in the development of its marvelous civilization, solicits you to journey through that land. The melting snow of the mountains is a magical resource, shaped to the genius of electrical and horticultural wizards; those mighty forests that are the last of their kind left standing in this country; there are no such orchards, orange groves or floral landscapes in the world—nor have there ever been. On a tour of the Coast you pass through an empire, where the romance of the Spanish past has been merged with the human activities of the new West.

See your own country; see the West with its fast growing wealth, population and incomparable cities, and learn what a future it may offer to your sons; this five thousand mile journey is a broad education. 1909 offers much to tempt you.

J. A. DANIELSON, Ticket Agent, Loup City, Nebr., L. W. WAKELEY, G. P. A., Omaha.
