## RAILROAD RUMORS

B. & M. and U. P. Extensions Sure to Come

Railroad rumors the past few days regarding extension of the U. P. from this point to Broken Bow, by way of the new proposed line to be built by local promoters, has been given much credence by those interested. Added to this is the belief that the B. & M. people are on the eve of extending their line from Cairo on the main line to Loup City, and from Sargent across to the main line at Dunning, making this their main traffic line from Grand Island west to the Pacific Coast, via the Black Hills route. This is given credence by the fact that B. & M. surveyors are now setting stakes at Austin coming from the main line just west of Cairo, and are headed for Loup City. A well known Burlington official, in conversation with a representative of this paper, gave us the distinct impression, while refusing to be quoted, that the extension from Cairo to Loup City and from Sargent to Dunning would soon begin, making Loup City a division station, on the main line and with all that it means to this town and section. We are not giving our readers hot air, but are in a position to speak with more or less accuracy, when we predict the great future for our city.

## The Fourth

The Fourth could not have come on a pleasanter or more glorious day. All nature smiled and owing to the finer than silk rain that visited this section Saturday night, the farmers, business men and every other body were made happy and fully prepared to have the time of their lives on the great natal day.

In Loup City, Jenner's Parks were the central scene of activity. All day the park was a bower of beauty with the hundreds of pleasure seekers strolling here and there, visiting the zoological specimens, with which the park is equipped, while in the afternoon the ball park was crowded with fans and "fannies" to witness the best base ball contest so far witnessed in that up-to-date and most elegantly equipped place of amusement. At about 3 o'clock, with the grand stand filled to its full capacity and with the space on either side of the diamond filled, besides long lines of spectators lining the fence on the outside on the park side, the Grand Island Wolbach's and Loup City ball twirlers engaged in combat, which took ten long innings to decide by one lone score that the Wolbach's were entitled to be winners, the score being kept down to the low point of 5 to 4, it being the game of either up to the tenth, when a batted ball over the fence gave Grand Island a home run, Loup City failing to even up when they came to bat, leaving the former the victors by one score. Splendid work was done by both teams and the game passed off very pleasantly. At the close of the game, the crowds thronged through the park gates and on to the grounds, where a generous program was put on for the masses of humanity which surged here and there enthusiastic over each event, which lasted till the shades of night fell. The program of sports given was: Potato race on horseback, won by Arthur Hansel; wrestling on horseback, won by Bert Kar, riding at the ring, also won by Hansel; baby cab walking race, won by happy papas, won by W. S. Walte, the long-legged, 12-foot-stride team manager (whom we will never forgive for besting the editor and his cherub); boys' high jump, won by Cecil C. Cooper; 100 yard race, won by Rowe winner; foot race, with Earl Miller in the lead; cock fight, won by Lee Hiddleston, and fire balloon race won by H. Stutheit. In the midst of these sports, the picnicking parties called a halt till after they had done the hungry act, the grounds being dotted with tables and refreshment tables. The departure of Old Sol from the heavens and overspreading darkness brought forth a fine display of fireworks provided by the management, and then the people, save those who remained to trip the light fantastic, waited home to rest, tired but happy over one of the most pleasant Fourth's ever given by the Jenner Park management.

We would not forget one of the best parts of the celebration, which was the music provided by the Ashton band, which was simply grand and gave evidence that our sister village on the east has some as talented as our own, and which received unstinted praise from all our people. Besides the doings at Jenner's Parks, there were numerous picnic parties at various points along the river, besides the celebration down at Wiggle Creek, at Litchfield and at various points over the county.

The Misses Nettie and Lucy Fowler went to Aurora last Saturday to spend the Fourth, also visiting relatives at Omaha and other points for a few weeks.

We received an interesting letter this week from R. H. Mathew, who is touring across the big pond, written from Paris. It will appear in next week's paper.

We understand Max Leschinsky has purchased the lots just south of the German church from A. L. Zimmerman and will build a fine cement block residence thereon.

The Industrial Society of the Presbyterian church will serve ice cream in the court house park this week Saturday afternoon and evening. Help the ladies financially and please your palate by patronizing them.

Last Saturday morning some thirty or more former Aurora and Hamilton county people, who are now among the best of Sherman county's best people on earth, went to their old home town and county to spend the Fourth. It is impossible to name them all, but we append a few who headed the list: Mr. and Mrs. D. L. Jacoby and family, Mr. and Mrs. C. W. Youngquist, Misses Nettie and C. W. Fowler, Anna Stutheit, Messrs. Art Conger and Will Doner, Marvin Lee and wife, Miss Della Oleson, Clarence Mathews, Myrtle and Mason Phillips.

Farmers, call and see that new stock of bug-gies just received by T. M. Reed.
