That is all some people seem to know about the quality of shingles. If shingles were made just to spank children with almost any kind would do, but if you want to keep the rain out of your house for years without repair you will have to use a different standard to judge by.
If You Don't

After you lay the corn by with the cultivator don't fail to go through the field with a one-horse cultivator. It is claimed that the field will yield a good many bushels more of good corn per acre. It is also claimed that you could afford to pay \$2.50 per day for every day spent this way. Why not try a few acres and see.

Corn has commenced to tassel and silk. Second crop of alfalfa about all in the stack. All early oats is cut and late oats being cut; the crop is good. Winter wheat threshing has commenced, the quality is good. Almost all the spring sown alfalfa is a good stand. Pastures are short and have dried up badly the past week. Stacking has commenced, but hay will be short. Most of the corn is laid by and clean.

Some railroad surveyors are working on the proposed railroad to Clear Creek and then to Broken Bow. It has only been two years since this same line was gone over thoroughly by a large surveying outfit. It looks as though the patrons on Route 1 were to have better shipping facilities. This road is surveyed along the south line of Andy Coppersmith's and will strike the creek on Frank Kuhn's place, farmed by Wash Peters, a few rods north of the house.

To all patrons on Route 2: If at any time I can save you a trip to town, don't be afraid to ask me. I

At the last moment, Price, the county option candidate for U. S. senator on the democratic side withdrew and Richard Metcalf, the close friend of Bryan was filed instead. Metcalf is also a county option man and Bryan is said to have forced the withdrawal of Price in Metcalf's favor.

The injection at the last moment of W. R. Patrick, a county optionist, into the running for governor on the democratic side would seem to turn the tide toward and almost claim the said nomination of Jim Dahlman for governor, as the entire vote of Patrick will be taken from the Shallenberger column. Not knowing Patrick, the thought arises, does Patrick get into the race in the interest of Dahlman? It is the consensus of opinion that the race is between Dahlman and Shallenberger and that whatever dry vote Patrick gets will come from those who would have voted for Shallenberger. Look out for the nomination of Dahlman, which looks like a cinch.
