Something New?

The FIRST NATIONAL BANK of Loup City hereby gives notice that they have purchased one of the world famous "TISCO" Manganeese Steel Sales, recently tested at Canton, Ohio, in the presence of one of their officers by experts cunning in the art of Burglary.

Also, that they have ordered a new system of friends of the young couple in wish-Jung's restaurant at Loup City. SAFE DEPOSIT BOXES to be placed in their strictly fire proof vaults as soon as received from the factory.

Further notice will be published in this space within a few weeks that this new equipment has arrived and we then promise to show our friends and the public one of the best protected banks in the state of Nebraska.

Yours respectfully.
