Candidates' Cards

FOR COUNTY SUPERINTENDENT I hereby announce myself a candidate for Superintendent of Schools of Sherman county, subject to the vote of the democratic and populist voters at the coming primary election.

The second Sunday in May has been set apart as "Mother's Day" in a proclamation from Gov. Aldrich.

The fertile brain of an Omaha reporter is responsible for the story that the Union Pacific was to install soda fountains on their trains, which the officials say is made out of whole cloth, and has not the least foundation in fact.

Gov. Harmon of Ohio has launched his boom for the presidency, even if thrice deflated Bryan says he is not the proper caper for the democratic nomination. Bet a shikanye Wm. J. could name a suitable man if asked, and not go away from home to find him.

Gov. Aldrich did a mighty good job a few days ago when he threw the Reverend(?) Luther P. Ludden over the political transom and appointed A. H. Viele of Norfolk to take Ludden's place on the State Normal Board. Even Ludden's whip-hold over the Nebraska Lutherans could not save him the soft snap job. Luther P. can now use his 250 pounds of avoirdupois in earning a livelihood.

If Frank Harrison of the Nebraska State Capital is sincere in his contest for temperance and good government and he no doubt is sincere, he should refrain from publishing long-winded communications from Walter Johnson of Ord. Such "tomfoolery" is a little less than diamfoolery and is calculated to drive the soberest of us from the straight and narrow path. It's as easy to get too much Johnson as it is to get too much Poulson—Aurora Republican.

At the head of these columns, under head of political announcements, appears the card of R. D. Hendrickson as candidate for re-nomination by the fusionists for county superintendent of schools. Also in these columns appears the announcement of L. H. Currier of Rockville for the same nomination. Both these gentlemen are personal friends of the editor and either one is worthy the endorsement of their party or parties. We imagine the contest between these gentlemen will be a spirited one.

Next Tuesday comes the city election in Lincoln. The whole state is looking forward with much interest to it and varied are the beliefs as to whether the city goes "wet" or "dry." W. R. Mead, who is here for a few days, gives it as his opinion that the "drys" will win, and would not be surprised to see it go that way by a thousand majority. There seems to be no expressed doubt but that Armstrong will win over Malone for mayor, but as both candidates are "wet," their election cuts no figure in the result.

New Officers Elected

The Sherman County Medical Society held its annual meeting Tuesday at the office of Dr. A. J. Kearns in this city, and the following officers were elected: President, Dr. M. A. K. Hendrickson; vice president, Dr. A. J. Kearns; sec-treasurer, Dr. A. E. Wankel; delegate to State Convention Dr. Wankel; alternate, Dr. Dickinson; censor, Dr. A. S. Main.

Mrs. Theo. Wilson Home

We received a postal Monday, from our friend, Theo. Wilson, at Rochester, Minn., advising us that he and Mrs. Wilson would leave there for Rockville Tuesday of this week, the good wife's health being so far improved as to make the journey ad-visable. The many friends of the lady will be pleased over the good news.

A Sad Death

Tillie, the 12-year-old daughter of Mr. and Mrs. Chris Haines of this city, died Monday of the same disease that caused the death of her little brother about a month since, her death occurring at the home of her grandparents near Rockville, where the children had been sent. The remains were laid to rest in Evergreen cemetery Tuesday afternoon. The bereaved parents have the sympathy of the community.

Barn Burned Stock Cremated

Fire last Friday about 2 o'clock in the afternoon, destroyed the barn of Arthur Hughes, some three miles west of Litchfield, cremating five head of horses, some twenty head of brood sows and a lot of grain. Mr. Hughes had some insurance, but his loss will be over \$1000. The family were at Litchfield at the time, and fortunately he had driven to town with a team he had recently purchased, paying \$400 therefor, and is probably that much ahead.

Notice

I will stand my three imported stallions at the same barn in Loup City, two Percherons and one Belgian, weighing from 1700 to 1900 pounds. Come and see me as it costs no more to raise a colt from a good imported horse than a grade. Terms, \$15 to insure mare with foal, \$8 for season. All mares that are sold, traded or about to be moved from vicinity where I live the service becomes due. Yours resp't, JAMES W. JOHNSON.

Announcement

The following announcement was handed us last week, too late for publication: I desire at this time to announce to the school people of Sherman county that I will be a candidate for the office of County Superintendent of Schools. I feel that I owe this early announcement in view of the fact that many inquiries coming to me indicate your interest in my decision relative to becoming a candidate for County Superintendent. I will be a candidate for that office, but before asking you for your support in the coming primaries, I wish to tell you something of my qualifications for the office to which I seek the nomination.

After completing my high school work at Sioux Falls, S. D., I taught two years in country schools near Sioux Falls. I received my normal school education at Madison State Normal, South Dakota, and at the Nebraska Normal College at Wayne, which school I graduated from in 1907. After graduating at the Wayne Normal, I taught one year as Principal of the Litchfield schools. I then returned to South Dakota, where I taught four years as Principal of graded schools. I taught two years as Superintendent of high schools in Iowa.

Since I returned to this state, I have taught two years as Principal of the Ashton schools, one year in a country school in Logan township, and have for the past three years been Principal of the Rockville schools. I believe that I have been successful as a teacher, both in instruction and supervision. Having taught in both graded and country schools I feel that I have a keen perception and sympathetic understanding of the difficulties under which teachers are working.

I assure you one and all that I shall not only appreciate any effort you may make in my behalf, but if nominated and elected, I will do all in my power to further the cause of education in this county. Very Respectfully, L. H. CURRIER.

St. Paul is having an epidemic of small-pox. Last week the churches and schools were closed. Last Friday new cases were discovered, to be added to the large number then listed. Most of the cases are light.
