For years there has been a number in operation and heretofore no steps have been taken to have those games stopped. It is claimed that at the bowling alley boys of tender age have played the game without question, which was the principal cause of action being taken. A the pool hall we know Mr. Pratt was insistent that no one under 18 years of age should play them and indeed he has never allowed minors in his place of business, yet the violation of the law in that regard by others hits him as well and he complies cheerfully to their elimination from his hall. Mr. Pratt is one of the cleanest and most is wabiding men who has ever run a pool hall in this or any other city.
