Two years ago one of Uncle Sam's soldiers filed on a 40-acre homestead adjoining the town of Powell, Wyoming. By applying his time served in the Army, this homesteader has now made final proof. He has paid out only \$500.00 on the ten payment plan, towards water rights and improvements, and has just refused a \$3000.00 offer for his 40-acre farm.

This illustrates the value of irrigated farms under Government Canals in the Big Horn Basin.

Your Chance Soon

More of this same kind of land will be opened soon to entry. The Ralston Unit is already platted and 12 miles more of the main canal is more than half finished by the contractors. If you want to get one of these rich Government prizes send me your name and address for my mailing list and I will notify you as fast as new tracts will be supplied with water. The next one will be announced very soon.

NEW FOLDER: The new Shoshone Project folder contains a map of the Big Horn Basin, plats of the Garfield, Powell and Ralston irrigated lands several farm scenes and two beautiful pictures of the Shoshone Dam.
