

If You Are a Farmer

We wish to impress on you the advantages and convenience of a bank account.

Right now is a good time to put your business on a systematic basis. After once you have used the check plan of paying all bills, you will realize the risk of the haphazard, lose money in the pocket method you are now using. The old

First National Bank

of Loup City is the Pioneer bank of Sherman county and conducts its business on such systematic and independent lines as to make us a necessity to you, and we cordially invite you to come and do business with us. Come and see us about opening a deposit account.
