Ford Model T Torpedo

Runabout

Two Passengers, Four Cylinders

\$725.00

With extension top, automatic brass windshield, speedometer, two 5-inch gas lamps, generator, three oil lamps, horn and tools, all for \$725 F. O. B. Detroit. This same car with 3 oil lamps, horn and tools, \$645, f. o. b. Detroit.

The Ford Model T cars will not be exhibited at any of the New York Shows—but there will be a "continuous performance" at our Show rooms, South 9th street, where you may see, examine and test the famous Ford Model T cars.

Ford Model T cars are standard in all that the word implies. Eight years of service over all kinds of roads, under all weather conditions, and so successful, so satisfactory to users, that there are today over 60,000 Ford cars in use the world over, and of this number more than 35,000 are Ford Model T cars alone.

How much better to invest in a Ford Model T car that you know has been successfully tried and tested. Now, you don't want to pay for experimenting; you want to buy a car that has proven itself. Buy a Ford Model T and you will not be disappointed.

Ford Model T will save you money on tires, one set running from 5,000 to 8,000 miles.

Ford Model T cars save you money save you money in gasoline, because the Ford Model T goes from 20 to 25 miles on one gallon of gasoline.

Ford Model T cars have all the speed you want. No trouble to cover 4 to 40 miles an hour.

Ford Model T cars have been tested on good roads and bad roads, city streets, country mud, sand, snow and slush, but you never heard of one failing to meet expectations.

Ford Model T cars are quickly understood because of their extreme simplicity in design and the thorough method of construction. They are built to run without bother and they do it.

Ford Model T cars have the left drive. See the convenience of this. You are always on the right side of the street when you stop. Your passengers are not obliged to walk around the car to reach the sidewalk, and when entering they step right from the curb into machine.

When passing another car you can see clearly and liability of accident is avoided. The Ford Model T is an ideal car for city use because of its easy and positive control.

When the streets are congested you can send the Ford through slowly without stopping; you can turn and wind almost twist, with positive confidence that the car will always respond without taking your hands from the wheel. Investigate this feature and you will find that no other car can give you the same simplicity, safety and ease of control.

FORD MODEL T

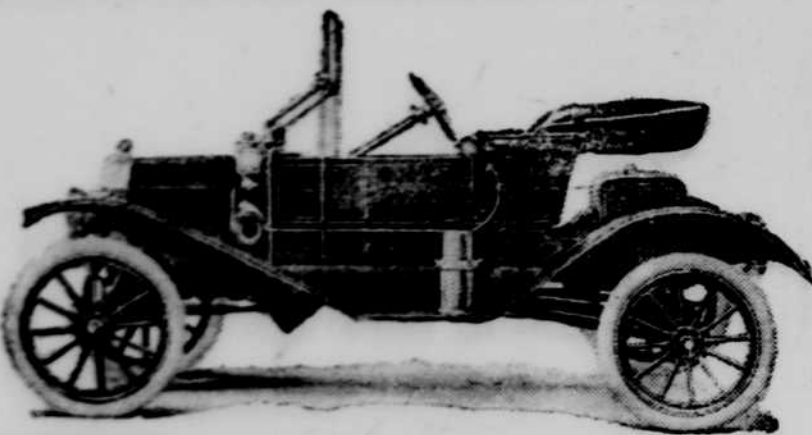

Ford Model T, the car without extras—we press on this and we press on the price. There is nothing uncertain; when you get a Ford you get a completely equipped car and you get a perfectly built car. The price you pay us is made possible only value at the lowest possible price. The price you pay us is made possible only by the magnitude of our manufacturing facilities and the magnitude of our output. 20,000 Ford Model T cars were made in 1910 and 30,000 more will be made in 1911.

Ford Service to Ford Owners offers the most complete service organization in America. Every Ford dealer, and there are 3,000 of them in this country, carries a full supply of Ford parts. Every branch house is a central supply depot for surrounding territory. At Long Island City, New York and Kansas City, Mo., are immense warehouses, making it convenient for the Ford dealers and Ford owners to obtain parts without delay.

Compare the Ford Model T car with any other car, regardless of size or price, compare it for its general usefulness. Compare it in the economy of its Maintenance. Compare it in the assurance of protection after the purchase has been made. Compare the companies behind the cars. Compare the records of the cars, and we know you will buy a FORD MODEL T.

W. C. DIETRICHSEN.

A. J. Johnson yesterday filed his candidacy with the county clerk for Supervisor District No. 4. Al would make a good business county dad.

W. G. Tucker of Webster township on Monday of this week filed with the county clerk as a democratic candidate for the office of sheriff.

We hear that a Litchfield man by the name of Eichenback is out for the republican nomination for county clerk, though he has not filed up to this writing.

The drought which seemed to have Nebraska in its firm grasp for a season that bid fair to knock crop prospects into smithereens, has gone into innocuous disuse, and all nature has put on a new facial expression.

For sheriff, Harry Miner this week shies his castor into the ring and asks through the announcements in this paper a nomination to that office by republican voters at the coming primary election. Harry has received generous responses of support from over the county which if fulfilled will make him a formidable candidate in the field.

Among the announcements this week is that of Sheriff L. A. Williams asking for renomination by republicans to that office which he has so faithfully and efficiently filled. We can wisely judge of the future by the past, and in so doing, if Uncle Lou should be re-nominated, which spells election, a repetition of his good work will result as a matter of course.

This week, the Northwestern presents to its readers the card of Mr. F. M. Henry asking for republican nomination to the office of county treasurer. F. M. Henry is too well and favorably known to the people of this county to make any word from us of added value which those who know him best. He is peculiarly well fitted for the duties of that office.

Among the announcements in the paper this week will be found that of W. H. Simpson, asking the republican nomination for County Treasurer at the coming primary election. Will Simpson has been a resident of Loup City for a longer period than has the writer of this, has been closely identified with her financial interests and has a host of friends throughout the county and will prove a strong man in the race for the office of treasurer.

We this week present the candidacy of Judge Aaron Wall for Judge of this Twelfth Judicial District. Aaron Wall is one of the best known and most able lawyers and jurists in the state, and known far and wide as one of the most noted and successful exponents of law practicing in central Nebraska. He ranks with the highest in ability and his services are always called in this and adjoining counties requiring the most expert legal talent. Cases of great note requiring best talent are very few in Custer, Valley or Sherman counties where Judge Wall is not called on one side or the other, and as district judge in the early history of this section of the state his history is ample evidence of his ability to fill that trying official position. Sherman county, without regard to political differences, is proud of its noted legal son and will undoubtedly give him a good substantial majority at the primary, and if nominated a much larger majority at the November election.

Strengtheners feeble Women

But very few women possess constitutions that will withstand the wear and tear of daily routine—

Be it in the home, the office, the schoolroom, the store, or in the factory—there is an excessive strain on the delicate functional organs—these become irregular in their action, the nerves give way under the strain, the blood becomes impoverished and the result is a complete collapse.

Nyal's Vegetable Prescription

If taken in time, will guard against this—its tonic properties will fortify the system, supply a nourishing blood flow, act as a sedative and tonic to the nerves, and bring about regularity in body functions.

Nyal's Vegetable Prescription is the foundation for the building of perfect health,—one that will stand the strain imposed upon it

Remember that this is not a "patent" that we are recommending—it is a prescription medicine, composed of ingredients of well known virtues and we can tell you what they are

We will stand back of Nyal's Vegetable Prescription—results have proved that it does as represented.
