Will French Badly Hurt

While engaged in moving the Betts
building from the street, last Satur-
day, and when near the proposed lo-
cation of the building on the Ohlsen
lots in the south part of town, W.
French came near losing his life. He
was driving one of the teams engaged
in drawing the building, when the
double-tree suddenly broke, striking
him about half between the knees
and groin throwing him some thirty
feet. Had the blow been a few inches
higher, or had he been further away
from the double-tree, the chances are
that his life would have paid the
forfeit. As it is he is laid up at
home with his legs black as ink from
knees to hip and in much pain. Un-
less complications set in, he will
likely recover speedily. It was a
narrow escape.

Christmas Doings

Christmas in Loup City and Sher-
man county, so far as we can learn,
was one of the most glad some of any
for the past number of years. All
over the city were innumerable private
Christmas trees, while the
churches presented fine programs and
most interesting events. We have
not room to enter into detail the
programs given by the churches, nor
the various social events of the day
and night, which, while we might
enumerate a number, we could not
learn of only in part, hence pass them
up with the remark that there were
many and pleasant events of the
nature than heretofore had in our
city and the county roundabout.

Mrs. Frank Cridel went to York
last Saturday morning to spend
Christmas.

Mrs. A. B. Young and children
went to Central City Tuesday
morning for a few days' visit.

Improved Motorcycles.
By recent changes made in the de-
sign of the motorcycle its appearance
is greatly improved by making use of
the tubes of the frame for the storage
of many of the parts which are now
hung to it. For this purpose it is ne-
cessary to make the tubing a trifle
heavier.

couragement.

Get Free Transportation.
Railroads carry postal clerks "dead-
head," and this free transportation to

the postal clerks.

For Moving Pictures.
The taking and exhibiting of mov-

contract. The institute is to open in Oc-

EMBEZZLEMENT
IS ALLEGED

Ross J. Holman charged with
wrongfully using \$866 of
Loup City Mill & Light Co's
money—Agent of Company
At Ansley

IS PENITENTIARY OFFENSE

The lure of getting rich quick was
too great to be resisted by another of
the young men of this county in the
person of Ross J. Holman of Ansley.
Just what the man himself thinks or
what his excuse for his actions may
be, is unknown, however, he is in for
some sort of a time in the district
court as a warrant has been issued
for his apprehension. The warrant
was issued on the complaint of the
Loup City Mill and Light Company
of Loup City.

The agent of that company was to
Broken Bow the first of the week and
stated that the trouble was the re-
sult of Holman acting as the agent
of the company in handling feed and
mill stuff. The agent alleged that
the other had received goods from
them amount of \$866 for which he
had made no returns to the company
at all and that he had thus embez-
zled that amount of money which
belonged to the company.

Also it is stated that Holman had
made no denial of the money he had
spent but had simply replied when
asked what he had done with the
money that he had spent part of it
to pay the expense of erecting his
new house and that he did not know
what had become of the rest of the
money.

The offense is a serious one and if
proven as charged will result in the
sending of the accused to the peni-
tentiary for a term of years the num-
ber of which is in the discretion of
the court. Deputy Sheriff C. Penn
went to Ansley Tuesday and arrested
the man.

He promised Mr. Penn that he
would appear in Broken Bow Wed-
nesday and that officer returned
Tuesday night. Holman came up to
this city Wednesday and asked
that his hearing be continued for
30 days which request was granted.
He has employed Judge Dean as his
attorney and expects to fight the
case.—Custer County Republican.

SHOT FINGER OFF

10-year-old Son of Paul Heisner
Accidentally Injured

Paul Heisner, Jr., the 10-year-old
son of Mr. and Mrs. Paul Heisner, of
near Rockville, was seriously injured
by the accidental discharge of a shot
gun, Monday evening of this week.

Some of the older boys of the family
had neglected to remove the shells
from a shot gun which was kept in
Mr. Heisner's bedroom. The little
boy found the gun and was playing
with it when it was discharged and
the middle finger of his right hand
was blown off entirely and the bal-
ance of the hand considerably lacer-
ated. Dr. Dickenson, of Rockville,
was called and amputated the finger
at the knuckle, and the rest of the
hand will be saved. No one was in
the room with the boy at the time
the accident occurred and it is not
known just how it happened.—Ravenna
News.

The Sharp divorce case before the
district court last week ended by Mrs.
Sharp being granted a divorce from
Wm. Sharp and a division of the prop-
erty was made by agreement between
the parties to the suit. Besides this
case little of interest to the public
was before the court, mostly being
routine civil cases concerning only
parties directly interested.

F. E. Kennedy, erstwhile resident
of Aurora and now of Loup City, was
here from Saturday until Monday
visiting relatives in the neighbor-
hood incidentally arranging for the
sale of his hay crop. Mr. Kennedy
moved from here to Sherman county
last spring and he tells us that crops
in that county were far ahead of ours
the past season.—Aurora Republican.

Really Hard Luck.
Four men were sympathizing with
each other at an uptown hotel, accord-
ing to the New York Sun. They were
"loves pretty well up on the sta-
" but and two of them were assistant
managers. They had indorsed checks
for equal amounts that they supposed
were all right, and, according to the
rule, had to make good. "I'm worse
stuck than any of you," said the chief
engineer. "The check I got stuck on
was for \$114 and the man who signed
it is in jail."

LAND plus WATER--GOOD CROPS

LAND minus WATER--FAILURE

The Big Horn Basin and Yellowstone Valley Have an Abun-
dance of Water for Irrigation Purposes.

The Government has made ample provision to supply each and every far-
mer under its canals with sufficient water during the crop growing
season to cover every acre of his farm two feet deep. This is equal to
twelve heavy rains of two inches each. Just think what it would have
meant to your community during the crop growing season of 1911 if
your farmers could have turned on twelve two inch rains at will. You
can do this next year and every year thereafter as long as you are far-
mer. If you will go with me to Powell, Wyoming, and file on one of the
Government irrigated homesteads, now ready for entry.
