Mrs. W. O. Brown entertained the F. W. club at the home of Mrs. James Johnsons Tuesday afternoon of this week. Light lunch was served and an enjoyable time was had.

Mr. and Mrs. D. A. Johnson and Miss Johnson were up from Aurora a few days last week, guests of Mr. and Mrs. Wm. Larsen, returning home Monday morning of this week.

At the meeting of the school board last Friday evening, all the city teachers were re-elected, save Miss Olive McCray, who did not make application, she intending to go away to school.

From the Zephyrhills (Fla.) Colonist, we learn that a baby girl was born Saturday, March 23rd, to Mr. and Mrs. C. C. Christensen at that place. Mrs. Christensen was formerly Miss Mamie Gibson of this city.

Mr. and Mrs. C. C. Cooper left Tuesday morning for the western part of the state, where Mrs. Cooper has a homestead, and where they will make their future home. They were accompanied as far as Ravenna by Mrs. Dr. Main.

Mrs. C. C. Carlsen entertained a few friends at dinner Thursday evening in honor of Mr. Carlsen's birthday and a surprise on him. The evening was spent in playing progressive whist and the guests report a most enjoyable time.

Editor Beushausen's little two-year old boy, while enjoying the scenery about the home one day last week tumbled into a gutter running along the street which was well filled with water, but was fortunately rescued before damage resulted save a good ducking and mud bath. It is to be hoped the hoodo of accidents will have no further use with editorial hopefuls in this city in the future.

A recent letter from the Northwestern's old friend, John Nave, enclosing subscription to the paper gives his present address as Collibran, Colo., instead of his old one at Grand Junction. John says although he has been eleven years in that country he likes to read about old friends here and continues to read about them through his favorite paper. Thanks, John.

With the acquittal of the multi-millionaire pork packers in Chicago came a raise in the price of meats. Natural sequence wasn't it. It would seem the bigger the rascal the harder to convict, or rather if he is a big enough rascal you have not a ghost of a chance of his conviction. This time it was the intelligent jury of twelve men, who are not supposed to have sense enough to have any positive ideas or who read the papers or have brains enough to have formulated any ideas if they did, who freed the big pork-packers.

This week Saturday evening will be presented the last number of the present lecture course—the Edwin Weeks Company, who will give an evening of music and mirth, giving medleys, impersonations, vocal solos, comedies, monologues, parodies, violin solos and sketches. This company is said to be one of the best, if not the best of the present course. It will pay you to hear them this week Saturday night at the opera house.

The editor's 3-year-old hopeful last Thursday noon concluded to investigate the editorial cellar and took the quickest way to get to the bottom by tumbling head over heels to the basement. A good sized scare resulted, but the young man came through without a broken neck and only a couple of good sized bumps on the head and a few bruises over the body as a result of his hasty maneuvers. The cellar has lost its charms for him since.

Rev. I. B. Schreckengast, pastor of the M. E. church of University Place was in this city Tuesday and that evening gave a lecture along educational lines at the M. E. church which for lack of necessary publicity did not receive the hearing it should but was spoken of by those who were present as a most scholarly talk and well worthy of a crowded house. Wednesday morning he gave a talk along the same lines to the pupils of the high school that was very interesting. The reverend is an orator of no means persuasion and one of the finest ever visiting this city. It is to be hoped he will be persuaded to come again and with proper publicity would undoubtedly receive a full house. He was here in the interest of the Wesleyan University. He was accompanied by George E. Johnson of North-Loup.

## CITY ELECTION

### Loup City Damp As Always

Tuesday was held city election in Loup City, with the following results:

**FIRST WARD**  
For Mayor—H. W. Pedler, 79; J. I. Depew, 42. Pedler's majority, 37.  
For City Clerk—P. T. Rowe, 105.  
For Treasurer—L. Hansen, 103.  
For City Engineer—D. L. Adamson, 106.  
For Police Judge—T. A. Taylor, 97.  
For Councilman—W. D. French 108  
Liquor License—For 70, Against 47. Majority for, 23.

**SECOND WARD**  
For Mayor—H. W. Pedler, 85; J. I. Depew, 40. Majority for Pedler, 45.  
For City Clerk—P. T. Rowe, 106.  
For Treasurer—L. Hansen, 117.  
For City Engineer—D. L. Adamson 120.  
For Police Judge—T. A. Taylor, 100  
For Councilman—John Ohlsen, 111.  
Liquor License—For 83; Against 44. Majority for 39.

There were no contests in the election save on mayor and the liquor question, and on Mayor Pedler received a majority in both wards of 82, or exactly a majority of two to one over his opponent. On the liquor license question, both wards went wet this time, so the wards cannot be designated as "wet" and "dry" wards hereafter, both being substantially in favor of irrigation, the majority in both wards for license being 62.

## MARRIED

On Wednesday afternoon of this week, April 3, 1912, at the Methodist parsonage, by Rev. Dr. Leeper, Mr. Edward Liebhart and Mrs. Annie Fowler, both of this county. The groom is one of Sherman county's substantial farmers and stockmen, coming here from Hamilton county but a few months' since, while the bride has been a resident of Loup City and Sherman county for a number of years, where she is well and favorably known. The Northwestern wishes them much joy and happiness.

Mrs. Fred Johnson and three youngest children went to Lincoln Tuesday to visit relatives and friends.

Married yesterday by County Judge Smith, Clyde C. McCormick of Litchfield and Miss Crystal B. Kenyon of Custer county.

Miss Angelette Barnes arrived Wednesday evening to visit her mother Mrs. R. H. Perry. Miss Barnes has been visiting friends at Cambridge, Nebr., since the Perrys changed their residence from Kansas City Mo., to this city.

Milwaukee, which attained such notoriety over the election of a socialist mayor last year has this year returned to normal conditions by the defeat for re-election of Siedel, and the election of a non-partisan mayor in his stead by a majority of over 20,000. Evidently socialism did not satisfy the people.

The Northwestern is pleased to state this week that we will soon have as a resident again, Ward Ver Valin, who left us with the South Dakota fever some months ago. Mr. Ver Valin returning to take his old position with the Keystone Lumber Co. While the Northwestern and the people of the city generally have known for some time that negotiations were under way between Mr. Ver Valin and the Keystone Co., looking to his return, we were asked to wait till the arrangements were complete and his return was sinched before speaking of his return. Mr. Ver Valin and family will be warmly welcomed back to the city.

## SOME BARGAINS In FARM LANDS

**A Few Snaps**  
I have a good deal in a farm close to town for some one. Owner must sell on account of health. If sold in ten days owner will give possession May 1st.  
I have also a good farm 6 1-2 miles from town that owner will take a town property worth about \$1200 or \$1500 as part of first payment. What have you to offer?  
I will sell my town property at a reduction if sold in 10 days. I need the money; come and look it over. Price \$1350. I would take a few lots as part payment.

Refuge in Philosophy.  
What misfortune in your pleasures has sent you to philosophy for relief.—Franklin.

Latest Idea in Rope.  
A company has patents covering a rope made of several strands of paper covered with galvanized steel wire. The rope thus produced is strong, tough and flexible, suitable for clothes lines and such uses. It is claimed that a rope of this kind will withstand the action of the weather 50 per cent longer than cotton.

Not to Be Judged by Size.  
An interesting and somewhat curious fact is that some of the tall men of genius have had moderate sized heads. Shelley, the poet, was tall, but had a small head, and some of the small men imbued with the divine spark had large heads, apparently proving that the size of the head has little to do with the quality of the brains.

## Interpreting Our Laws.

Ellen, whose family in the old country had known her by the more prosaic name of Ellen, lost no opportunity of promulgating all the freedoms of the new country that came her way. Sometimes they took an inverted form of handing out orders to her mistress.

Not Our Discovery.  
The Greek, Eratosthenes, 250 B. C., taught the doctrine of the rotundity of the earth, and the ideas of the sphere, its poles, axis, the equator, arctic and antarctic circles, equinoctial points and the solstices were quite generally entertained by the wise men of that time. There were plenty of men in Rome, therefore, who were prepared to talk about the earth as a sphere and to make globes illustrating their ideas.

**Prefer German Language.**  
In Russian schools pupils have the option of learning French or German, and 70 per cent. choose German.  
**Fat Pocketbook Isn't Bad.**  
Miladi says a cook book is the best guide book on how to manage a husband.—Memphis Commercial Appeal.  
**Operators Held to Account.**  
In France the operators of aeroplanes are held responsible for damage done to persons or property when coming to the earth. In two cases such operators have been found guilty of homicide and punished, although the punishment was not as great as that for other forms of the same crime.

## NEW LAND OPENED

Irrigated by the Government

BIG HORN BASIN

The government will open for entry 6300 acres of choice irrigated farm land at Powell, Wyoming, on April 22nd, 1912, on the ten payment plan without interest.

The government now allows graduated payments, requiring only a small part of the total, during the first five years; thereby giving the settler a chance to improve his farm before paying very much of the water charge. A New Folder telling all about this opening and containing a map of the Shoshone project, showing lands filed on and lands to be opened on April

22nd, and will be sent free upon request. Don't fail to get this. If you prefer 320 acre Free Mondell homestead send for our new Free Government Lands folder. Plenty of moisture this year; now is the time to get a farm. Write to day.
