

Wife Refuses to Leave Husband and Couple Die in Each Other's Arms.

ASTOR IS ONE OF HEROES

New York Millionaire Puts Bride In Boat, Then Alds Other Women-Goes Down in Ship With Other Men Without Murmur or Complaint of Treatment.

New York, April 19 .- A picture of Mr. and Mrs. Isidor Straus clinging to each other after the last boat was gone was revealed by Mrs. Schabert of Derby, Cont., who, with her brother, was rescued. Mrs. Schabert had sinteroom 28 on the starboard side amidships.

It was a crash, but not a great one, it seemed to me, that awakened me," she said. "When I went on deck I said to a steward: 'Are we going down.' He answered, calmly, 'Madam, I guess we are.

'An officer on the bridge or near it was shouting out, as the lifeboats were being got ready: Women and children first!"

Saves Her Brother's Life.

They tried to get me away from my brother and put me in a beat. I refused to go without him. Finally my brother and I stood alone in our part of the ship. A boat was just leaving that had room for two more massengers. The officers in charge the lifeboats. said to me

"Well, if you won't leave your brother, he may come, too."

We got into the boat and, by hesitating. I saved my brother's life.

"Mrs. Straus had had a chance to be saved, but she refused to leave her husband. As our boat moved away from the ship-it was the last boat of all-we could plainly see Mr. and Mrs. Straus near the rail with their arms around each other

The lights of the Titanic were all burning and the hand was playing. To me the most affecting episode of

RIDES and George B. Widener of Philadelphia. Mrs. Astor Not in Danger. While utterly exhausted from her experiences, Mrs. John Jacob Astor GEORGE BEESON PULLS THUMB was declared tonight by Nicholas Biddle, a trustee of the Astor estate, to be in no danger whatever. Her physi cians, however, had given orders that neither Mrs. Astor nor her maid, who was saved with her, be permitted to talk about the disaster.'

On landing from the Carpathia, the What is Going on Here and There young bride, widowed by the Titanic's sinking, told members of her family what she could recall of the circumstances of the disaster.

Thought Husband by Her Side. Of how Colonel Astor met his death, she had no definite conception. She recalled, she thought, that in the confusion as she was about to be put into one of the boats the colonel was standing by her side.

practically unharmed. She was not After that, as Mr. Biddle recounted found until morning and had suffered her narrative, she had no clear recollection of the happenings until the from the cold. Her clothing was torn boats were well clear of the sinking by the trees into which the tornado steamer had dropped her.

Mrs. Astor, it appears, left in one of the last boats which got away from the ship. It was her belief that all the women who wished to go had then smith living here, got the thumb of been taken off. Her impression was his right hand caught in a disc mathat the boat she left in had room for chine at which he was working and at least fifteen more persons. had it pulled off, the tendons being Clear and Starlit.

the whole disaster was that final glimpse of this elderly couple awaiting the end together."

Three sailors of the Titanic, who were standing near Mrs. Schabert, spoke up at this moment to say:

"You know the Titanic just crawled up on that iceherg and broke in two."

Astor is One of Herces.

The conduct of Col. John Jacob Astor was deserving of the highestprzise," said Colonel Gracie of the regular army, who narrowly escaped drowning. "The millionaire New Yorker," he said, "devoted all his energies to saving his young bride, who was in delicate houlth.

"Colonel Astor nelped us in our efforts to get her in the boat," said Colonel Gracie. "I lifted her into the boat, and as she took her place Colonel Astor re-sested permission of the second officer to go with her for her own protection.

"No, sir," replied the officer; not a man shall go on a boat until the women are all off."

Goes to Aid of Other Women.

"Colonel Astor then inquired the number of the boat which was being lowered away and turned to the work of clearing the other boats and in reassuring the frightened and nervous women.

"By this time the ship began to list frightfully to port. This became so dangerous that the second officer ordered every one to rush to starboard This we did and found the crew trying to get a boat off in that quarter.

WIRELESS MAN A HERO

OPERATOR MAIM TAKES HIS PLACE ALONGSIDE OF BINNS.

Remains at Key on Board Carpathia Sixty Hours After Getting Signal From Titanic.

New York, April 19.-A hero of the high seas no less deserving of the plaudits of humanity than Jack Binns of Republic fame, or Operator Phillips of the Titanic, who forced his assistunt to man one of the lifeboats and make his escape, arrived on the Carpathia

He is F. L. Maim, the Marconi wireless man, who detected the Titanic's "S. O. S." signal, plied the air with blue fiame until he found the sinking vessel's location, and then flashed to the world the news of the terrible disaster. While the Carpathia was
