If you knew the dirt a fly carries, you would be ashamed to have one in the house. Now the profit on fly paper don't amount to much but the satisfaction we have in knowing that you are fighting flies with fly paper, the sticky kind and fly paper the sticky kind, prompts us to join in the fly fight. How do you like the result of the Chicago convention?

Roosevelt, when he found himself beaten in the convention, said, "I am a better warrior than prophet."

Now if the Baltimore convention will develop two presidential candidates what a merry time would be added to the fun now already on.

Teddy charmingly illustrated the tribite belief that one can't come back after being out of the game for a season. Grant couldn't, neither could Jeffries.

And so we are to have a third party, with Roosevelt as the leader. That's what Theodore Roosevelt wants and proposes. Won't the coming campaign make the fur fly all around?

Some wag ventured the remark that our boys could work on the diamond Sundays without the fear of being arrested for playing baseball as no one can be found who will swear they are playing base ball, and there is no law against playing "Andy-over," or "baby-ball."

As will be noticed elsewhere in this issue, Kearney by 95 per cent, voted \$30,000 bonds last week in aid of the Canada-to-the Gulf line. That practically assures the line from Kearney north through Loup City, Ord and Oneil to Carrington, North Dakota. Who is it now doubts the new line will pass through Loup City?

Rev. Harper was agreeably surprised to receive a check from his home lodge of the Odd Fellows, at Loup City, with the instructions to go to a tailor and order a suit of clothes to conform to the Patriarch Militant of that order. The check will cover the cost of the suit.—Scotts Bluff County Republican.

A bunch of Comstock boosters were here last Thursday whooping up for

acknowledge that it will only cause the line to go some two hundred miles out of the straight course and that they can secure it they express no doubt. That live city is about the most visionary of any ballwick in existence, and nothing is too strenuous for it to tackle. It is a good deal like the farmer's bull that was continually getting in front of the train near its master's land with the intention of trying conclusions with the iron horse. After driving the pesky critter from the track numbers of times and thus saving its precious neck, the bull again got in front of the engine too late for the farmer to round it away, with the inevitable result. As the farmer sorrowfully gathered up the remnants of the critter later, he remarked with some warmth, 'I admire your nerve, but damn your judgment.'

Delegation of citizens of Loup City appeared before the board and filed a protest against the valuation of prop-

erty in said city made by the local assessor.

On motion the matter was taken under advisement as to whether the board, in allowing said petitioners a reduction, could regain said reduced amount by placing same on the different townships in the county in order to keep the aggregate amount on the assessment books as brought in by the assessors. And on motion the county attorney was instructed to get an opinion from the attorney general relative thereto.

Farmers Attention

Did it ever occur to you, that you are getting a much better price for your cream delivered in Loup City, than is being paid in surrounding towns, and country and all because there is a creamery located in Loup City. If it were not for the creamery located here, the price would undoubtedly be the same as at the surrounding points.

Why not give the Creamery the benefit of your patronage then, and help support, and build up a home industry rather than be sending your cream out of the country to larger towns and cities, that only care for us in proportion to the amount of business they get out of our community.
