Mrs. Fred Schneider returned home from Omaha last Saturday, where she had been for a week at a hospital for treatment. It will be remembered she was injured in a runaway about a year ago, from the effects of which she has been an invalid. We understand she received but little relief.

The Northwestern is not going to try and mention all the good friends who were here from over the county attending the Chautauqua and Harvest Festival, as their name was legion, but we will say they were here in squads, companies, regiments and battalions, and we had the pleasure of clasping hands and talking with the many and to all we give a hearty welcome and hope they come often in the future.

Word has been received from Miss Henry Young, who is at Ogden, Utah, resigning her position in our public schools, with the accompanying fact that she has accepted a position as clerk in a large store at \$65 per month. It will seem strange not to see Miss Young at her accustomed place in our schools, where she has always made good but her legion of friends here will follow her with best wishes for her success in her new field of labor.

O. F. Petersen is changing the appearance of his building lately occupied by the postoffice and Felix Makowski's general store. He has taken out the partition between the two rooms, lengthening the old postoffice room, now occupied by S. A. Pratt's billiard parlors, to the full length of the building north and south. He has also partitioned the Makowski room into three office rooms, and will have toilet rooms in the basement for all tenants of the building. It will make quite a change in the looks when completed.

Mr. and Mrs. Geo. Holmes of Bristol township, were in Loup City Tuesday on their way home from Loup county where they had been the past two weeks assisting their son on his ranch some twelve miles north of Taylor in putting up the hay harvest, and were on their way home. Friend Holmes says after you get three miles north of Arcadia the crops begin looking better and up in the valleys among the sandhills, where they have had good rains, the crops of all kinds are most plenteous and everything is in fine shape.

 Some changes occur along moving lines this week. Nelson Smith moves into his new home north of the power house. Johansen has purchased the property occupied by Mr. Conger, south of the mill, and his brother, Chris Johansen, will occupy the same.  
 Some mills cut prices and offer new wheat flour to their trade as soon as it is threshed. We prefer to hold old wheat on hand and have our merchants sell old wheat flour until the new wheat is in condition to grind. This is one reason our flour trade is increasing about 100 per cent each year. You better buy a few sacks of old wheat flour and keep the household happy. Special prices on 500 pound lots.  
 LOUP CITY MILL AND LIGHT CO.
