

PLAN

Then Act

Many people plan their whole lives to have a bank account and then leave this world without so much as a start at one. Planning isn't worth anything unless followed by action. Good intentions never land you anywhere. Make your plans to start an account with us this week and back up your plans with action.

Clears The Complexion

Can you imagine anything more embarrassing than to have a complexion that is marred with blotches? It is not only unpleasant—that isn't the worst feature—it means that the blood is impure and the longer you neglect it the more you suffer from annoyance.

Skin eruptions from any description indicate, in every instance, an impoverishment of the blood supply—it isn't pure and you cannot expect it to supply the proper amount of nourishment to the surrounding tissues. Get at the root of the trouble—cleanse the blood of impurities—stir up the circulation—tone up the digestive fluids and have your food absorbed in the proper manner.

Nyal's Hot Springs Blood Remedy

Strengthens the blood supply, enriches it, cleanses it of impure waste material and thus supplies a foundation for the building of a permanent health.

You will notice a decided improvement with the first few doses, the appetite will be increased, you will feel the blood coursing through your veins and the skin will take on the glow of health.

We recommend it—\$1.00 the bottle

We expect to be here in business good many years. The only way we can do it is by treating everybody right. That's our policy.
