Mr. and Mrs. J. M. Herbert of the Commercial Bank of Arcadia, were visitors in this city Tuesday. Mr. Herbert is a nephew of Judge Wall, while Mrs. Herbert is a friend of the editor and wife of many years ago, whom we had not seen for the past ten or more years, and of whose residence at Arcadia we were unaware till the visit of Mr. and Mrs. Herbert to this city. The former ties of friendship will now be resumed with great pleasure to this editorial family.

According to the tabulated statement of the vote, elsewhere in this paper, it will be found that in spite of the progressive ticket in the field, Geo. Wolfe was only defeated by 49 votes for representative. Had there not been a third candidate, he would have won out easily by 300 and more votes.

At Litchfield & Loup City, Neb., for Sherman County, Saturday, November 30, 1912.

The United States Civil Service Commission announces an examination on the date and at the places named above, as a result of which it is expected to make certification to fill a vacancy in the position of rural carrier at Litchfield, and other vacancies as they may occur on rural routes at postoffices in the above-named county, unless it is found to be in the interest of the service to fill the vacancy by reinstatement, transfer, or promotion. The usual entrance salary for rural carriers is from \$600 to \$1,000 per annum.

Age limit, 18 to 35, on the date of the examination. The maximum age limit is waived in cases of persons honorably discharged from the United States military or naval service. An applicant must have his actual domicile in the territory supplied by a postoffice in the county for which the examination is announced.

The examination is open to all male citizens of the United States who can comply with the requirements. Application Form 1341, and full information concerning the requirements of the examination, can be secured from the secretary of the local examining board or the postmaster at any of the places named above, or from the U. S. Civil Service Commission, Washington, D. C.

Eligibles on registers established prior to March 1, 1912, can be considered for appointment only at the office for which they were examined. Such eligibles may be examined within one year from the date of their former examination upon filing applications showing that they meet the requirements of the new examination, their old eligibility for their home offices not being canceled.

Application should be properly executed and filed with the Commission at Washington. As examination papers are shipped direct from the Commission to the places of examination, it is necessary that applications be received in ample time to arrange for the examination at the place indicated by the applicant. The Commission will therefore arrange to examine any applicant whose application is received in time to permit the shipment of the necessary papers.

An eligible register for the position of rural letter carrier for each county will be maintained. A person must be examined in the county in which the postoffice that supplies his home is situated. As a result of such examination he may become eligible to appointment as rural carrier at any postoffice in that county. A rural letter carrier after one year's satisfactory service may be transferred to the position of clerk or carrier in a first or second class postoffice, to the position of railway mail clerk, or to other positions in the classified service, subject to such examination as may be required by the civil service rules.
