Burwell read a paper on "Culture and Vocational Training." Miss Hedlin one on "Nature Study in the Schools," and Miss Tangerman a third on the "Montessori System." Round-table discussion followed each paper. By this means the board came to understand the ideals and aims of the teachers, and the teachers to understand the viewpoint of the board in respect to the school.

Last Wednesday afternoon the pupils of the primary and intermediate rooms gave a joint program that was highly appreciated by the thirty or forty guests present. After the program the teachers of these rooms served coffee, cakes and fruit to the visiting ladies and gentlemen. Misses Hedlin and Tangerman certainly know how to make people feel welcome.

Hand-Tailored

INTELLIGENCE and stability in the making; and style and refinement of finish; precisely the characteristics you want in your new overcoat.

On a foundation of thoroughly-shrunk, all-wool fabric, hand-tailoring means Clothes Satisfaction that to a nicety meets the ideas of the modern Beau Brummel.

Sounds expensive?
But it isn't—if you come here.

For we've gone straight to headquarters—to the model clothes factory of America, the leading and largest makers of hand-tailored clothes—and we can sell clothes of this description at no higher prices than you are asked to pay for ordinary sorts.

Kirschbaum Hand tailored Overcoats—\$15, \$20, \$25.

Positively none elsewhere like our Kirschbaum \$15, \$20 and \$25 specials, at anything like the same prices.

The Kirschbaum label is the maker's guaranty to refund the money if the clothes are unsatisfactory.
