**New Stallion Law**  
 The new Stallion Registration law is practically a re-enactment of the law of 1911 excepting that it names as the Registration Board the Governor, State Treasurer and Commissioner of Public Lands and Buildings. These are all executive officers as named in the Constitution and cures the defect in the old law as found by the Supreme Court. The new law provides that all 1913 inspections made and certificates issued by the old Board are hereby legalized. In the office at Lincoln are many affidavits of inspections made, from which the certificates can be issued as soon as the three dollars fee is forwarded by the owners. A new lien law was also passed which should be satisfactory to all stallion owners, but if the stallion owner does not secure and post his stallion certificate as provided by law it is doubtful if any service fee can be collected by those not conforming with the laws of the state.

Uncle Allison is up among the seventies in age, but mighty spry for his years, and we trust he may live to draw his quarterly stipend for at least a quarter of a century longer.
