## County Fair Association

As per call published in the North-western last week, a large crowd of Sherman county farmers and business men of Loup City met in Society Hall last Saturday afternoon to organize a County Fair Association.

The meeting was called to order by E. G. Taylor, president of the Commercial Club, with W. S. Waite, secretary of the club as acting secretary. President Taylor then stated the object of the meeting and a vote being taken as to whether such association should be formed, said vote was unanimous in favor of same.

Upon suggestion of Judge Wall, a committee of five, composed of Henry Beck, Judge Wall, George Zeigler, F. T. Richmond and Clarence Burt, were elected to look into the matter, find what other counties were doing, formulate a constitution and by-laws, and give advisory information on all matters pertaining to the organization of a County Agricultural Society. William Hancock was then elected temporary chairman and A. E. Chase temporary secretary.

After discussion upon various phases of an organization, relating to membership, dues, permanent officers, place and time of holding said association meetings each year, adjournment was taken until Saturday afternoon, May 31, at 2 o'clock, when said committee of five was instructed to report and permanent organization would be perfected.

It is understood that, according to a law passed by the last legislature, \$400 will be appropriated to each county forming a fair association along above lines, as premiums on agricultural exhibits, live stock, etc., with no purses for racenor any other purposes whatsoever. It is necessary in order to secure the above appropriation, that a permanent county fair association should be organized and at least \$50 in membership fees be secured.

It is to be hoped at the next meeting that there may be a generous attendance from all portions of the county.

## George Schultz in Los Angeles

We received a letter from George Schultz last week from Los Angeles, where he and his family are at present. He writes entertainingly, as follows: "We arrived here April 28th. We have had fine weather here all the time. It never gets hot nor cold and the wind never blows hard. This is as nice a place to live in as one could wish, and when it comes to cost of living, you can live here for about one-half what it costs in Loup City. Fruits and vegetables are not half as high, and you can buy a two-gallon pail of oranges for 10 cents and other fruit and vegetables proportionally cheap, while fresh fish are only 8 cents per pound. Regards to yourself and family and all enquiring friends," etc.

## Death of Mrs. G. Biemond

Last Friday afternoon, May 16, 1913, Mrs. C. Biemond of this city, who had suffered a paralytic stroke the Sunday morning previous, passed into the Mystic Beyond, just before the shades of evening came on. While her condition was known to be serious, our people were unprepared for the sad news of the death of the good woman, who was universally loved and respected by all. Her funeral occurred from the home Sunday afternoon, all the children, with the stricken husband, being present when she breathed her last, interment being in Evergreen cemetery. Mr. and Mrs. Biemond had concluded their arrangements for another visit to the old country, within the next three weeks, when death entered the home and took the loving wife and affectionate mother away. Our people in their entirety will deeply sympathize with them in their sad bereavement.

Wilhelmina Tuinzaad was born October 1st, 1843, near Rotterdam, Holland. On May 27th, 1867, she was united in marriage to Cornelius Biemond, and they came to America in the fall of 1884, locating in Sherman county, Nebraska, where they had lived ever since. To this union, eleven children were born, six dying in infancy, leaving three sons—Jacob of Valley Ford, Wash., John of Lewellen, Neb., and Martenus of Loup City, and two daughters—Mrs. Peter Hoogenbozen of Spokane, Wash., and Mrs. A. P. Delyster, of Usk, Wash., besides the husband and father, living to mourn their loss. Deceased was a member of the Dutch Reformed church, but in Loup City was a regular attendant on the services at the Methodist church, whose pastor, Dr. D. A. Leeper, officiated at the last sad rites.

**Card of Thanks**  
We desire to express our heartfelt thanks to the brothers of the I. O. O. F., Sisters of Rebekah and the friends and neighbors who have so kindly given of their aid and sympathy in the illness and death of our beloved wife and mother.  
C. BIEMOND AND FAMILY.

## Sudden Death From Ptomaine Poisoning

Last Thursday evening at Arcadia occurred the death of a Mrs. Christensen, aged some 45 years from ptomaine poisoning. At supper time, she ate a bowl of tomato soup, was in a short time taken violently ill and about 8 o'clock, within two hours, was dead.

## Baccalaureate Services

Last Sunday evening at the opera house occurred the Baccalaureate services, standing room being at a premium and many not being able to attend for lack of seating capacity, the largest crowd being in attendance ever called to that amusement place. The program opened with a march played by Mrs. R. P. Starr, as the teachers followed by the graduating class passed down the center aisle to seats reserved for them.

Following came the prelude by our accomplished pianist, Miss Ernestine Odendahl, and song, "America," by the vast audience.

Invocation was then given by Dr. D. A. Leeper, followed by a pleasing solo from Prof. Kendrick, with Miss Fay Gallaway as accompanist. Scripture reading by Dr. Leeper was followed by an excellent solo by Mrs. R. H. Mathew, with Miss Florence Dewep as accompanist.

The class sermon came next, delivered by Rev. J. C. Tourtellot in his usual able manner. A magnificent solo by Mr. M. Worlock, recently here from England, with Miss Florence Dewep as accompanist, closed the program, and benediction was given by Rev. Mr. Barrett of Grand Island.

## HYMENEAL Crow-Conger

Wednesday morning of this week, May 21, 1913, at the early hour of six o'clock, occurred the marriage of two of Loup City's most popular and well known young people, Clifton James Grow and Miss Henrietta E. Conger, the ceremony taking place at the home of the bride's parents, County Judge Smith officiating, after which the young couple left on the motor for their future home at Leavenworth, Washington, where the groom has a good position with a big mill company. The groom is the youngest son of Postmaster and Mrs. D. C. Grow while the bride is a daughter of Mr. and Mrs. H. S. Conger, all of this city. The marriage of these young people comes in the nature of a happy surprise to our people and regret that they go to make their home in a distant country, but will follow them with best wishes for their future.

E. A. MINER, Secretary  
C. C. CARLSEN, Treasurer

Ours is the first organization of its kind in Sherman county or in this part of Nebraska. To secure our charter and comply with the law under which we are authorized to do business, it was necessary for us to have a cash capital, fully paid up, of not less than \$25,000 and to deposit at least \$10,000 in cash or first mortgage securities on improved Nebraska farms, at not to exceed 50 per cent of their value, with the state Auditor. Having fully complied with these requirements we are authorized by law to receive trust funds for investment, to act as agent, assignee, receiver or trustee, to execute trusts committed to us by the courts, to take, accept and hold by gift, grant, assignment, devise or bequest all kinds of real estate or personal property in trust, to care for, manage and convey same according to such trust; to act as attorney in fact for persons or corporations in the management or control of real or personal property, to borrow and loan money on approved security, to act as administrator of estates, executors of wills, guardians of infants or incompetent persons, by ourselves or in connection with others. To buy, own, hold and sell municipal bonds, stock, notes, warrants and bills of exchange.

We must at stated intervals publish a sworn statement of our financial condition in a newspaper and submit to examinations by the state authorities in about the same manner as our state banks. In short, we can do almost anything a natural person can do, and many things they can not, in a safer and we believe a better way.

The farmers seem to be taking more pains in getting their ground in shape each year. Pastures have made a rapid growth this week. Cattle and horses are looking better. Lots of farmers are getting their ground ready to sow alfalfa and there will be several hundred acres put out on Route 2 this year. This is an ideal year to sow alfalfa, for it is claimed that it should not be sown unless the ground is wet down three feet so the tap root could go deep and the life of the plant is much longer. Several hundred acres of raw land is being broke up this year on the route. Rye has commenced to head.
