### BE LOYAL TO THE HOME TOWN

Stand up for Nebraska, and incidentally stand up for Loup City. The Lord loves the man who stands up for his home town, hence we are induced to speak of some of the good things, some of the live enterprises of Loup City. Notably at this time we wish to speak of our home creamery. Loup City is getting to be one of the largest cream producing centers of the state. Our creamery is paying out to our farmers upward of \$4000 per week for cream, eggs and poultry, and making upward of twelve thousand pounds of butter per week. They also have a fine trade in ice cream, frequently selling upwards of a hundred gallons per day and we understand they already have orders booked for several hundred gallons for the 4th of July trade. Our dairymen are to be congratulated on having this establishment located here, as they maintain a much higher level of prices for cream than is being paid generally throughout the state. The big centralizing creameries which operate stations here have to meet the local creamery prices which are two to three cents higher than these same creameries are paying in other parts of the state. Out on the main line of the U. P. and the B. & M. they pay 24 and 25c while our creamery pays 27c for cream delivered by the farmer at the creamery or shipped direct by him to the creamery. So it is easy to see what the price of cream would be here if it were not for our local establishment. It is hard to understand why any Sherman county farmer should desire to pass by the home institution and patronize the big fellows who would leave no stone unturned, nor any trick untried to choke off the local institution so they might knock the prices down to where they could control the business and make a profit with their very expensive and unbusiness-like station system. Stand up for Loup City.

### Go. Fair Association

The County Fair Association met at Society Hall last Saturday, June 21, at 2 o'clock p. m. President Hanecek in regard to the county appropriation reported that the county board had allowed the association the sum of \$281.70. The membership committee reported 120 new members, bringing the total number up to 164. The amount of money now in sight including membership fees and appropriation from the county is something over \$700. That looks pretty much like a most successful county fair this fall. The resignation of A. J. Johnson having been handed in, the association accepted same and elected A. E. Chase as secretary. After due deliberation, the association decided upon September 17, 18, and 19, 1913 as the dates for holding the county fair this fall. At the close of the meeting the board of managers, composed of the president and secretary, and C. W. Burt, H. J. Johansen, George Zigler, Henry Beck and R. D. Hendrickson, met in executive session and decided to spend not less than \$500 on premiums.

### Visions From Storkland

Born to Mr. and Mrs. Melvin E. Sikes yesterday morning, June 25, 1913, at 12:15 o'clock, a fine 9-pound girl. Melvin is the happiest papa in sixteen states. Born, Wednesday morning, June 25, 1913, to Mr. and Mrs. C. F. Beushausen, of the Times-Independent, a little daughter. No wonder Editor Beushausen has a more expansive smile than usual. Congratulations to our editorial brother.

### District Court

Among the proceedings in the District Court last week not mentioned in the Northwestern were the following: John Ohlsen was given papers admitting him to full citizenship; the Sharp vs Sharp case was dismissed; in the Hallor liquor case from Litchfield, it was dismissed, a victory for the drys; the Snavely divorce case was dismissed; no action on other divorce cases. Decrees were given in Carlson vs Reed, Phoenix Insurance Company vs Dardowski, Leininger vs Enevoldsen, and Longacre vs Weller. The following real estate deals were confirmed: Ashton State Bank vs Frank Stobbe, the Reed estate and Fisher vs Lyons.

### Road Dragging Act

In order to make the Richardson road dragging act effective, county boards must make a levy at the regular meeting in August. The new act provides a system for scientific road work and lays the responsibility for putting it into effect on the county board. The carrying out of the provisions of the act will not increase the road tax in the various counties.

### Hymeneal.

Anderson-Corning  
Married, Wednesday morning, June 25, 1913, at 10 o'clock, at the home of the bride's parents in this city, Mr. Albert Anderson of Ashton and Miss Arlie Corning, eldest daughter of Mr. and Mrs. E. B. Corning. Mr. Anderson is an enterprising business man of Ashton and a royal good fellow, while the bride is one of Loup City's very best and most popular girls. The Northwestern, with all the people of Ashton and Loup City, will wish the young couple all the joys and none of the sorrows allotted to life. They will make their home in Ashton.

### Remember the Place VIC SWANSON'S

Do you realize that our Dry Goods business has increased more than double the past year? Simply because we are giving the people quality and keeping the prices down. We buy nothing but the best and boast in saying we have the largest and most up-to-date stock in Loup City. We do not carry junk, and when you buy of us you absolutely know you are getting quality. We are after business and if you don't buy of us we both lose. VIC SWANSON. The place of Quality and Low Prices.

### Hail Storms Are Very Destructive

There is no way you can prevent them, but you can protect yourself against loss at small expense by letting us insure them TODAY. Write phone or call. First Trust Co., Loup City, Neb.

After the Spectacle Peddlers  
The licensed optometrists of Nebraska are after the peddler who sells glasses without a license.

The legislature of 1913 passed a law known as House Bill No. 127, Chapter 85 to regulate the practice of optometry. It is defined to be the employment of any means other than the use of drugs for measuring the powers of vision and adoption of lenses for aid thereof. Regular practicing physicians are exempt under law. There is a fine of \$100.00 or 30 days in jail for violation of this law. The Nebraska State Board of Examiners are co-operating with the licensed optometrists of the state to rid the state of violators of this law and they expect within a short time to bring some of them to justice.
