**VOTE FOR A NEBRASKA PLAN**

The committee of Nebraska editors, appointed for the purpose at the last state convention, held in Omaha during the summer of 1913, is very desirous of learning the sentiment of the newspaper readers of this state upon the general subject of taxation, in order to frame an intelligent report to be submitted to the next state convention, and to influence some legislation upon the question. Your opinion is important. Kindly fill out the following ballot and forward same to L. J. QUINBY, Chairman, Omaha, Nebraska:

Do you favor the adoption of the amendment submitted by the last legislature giving to the legislature larger powers in the matter of tax legislation?

Do you believe in the taxation of farm implements and machinery, farm improvements, crops, stock or other products of the farm?

The present constitution gives to the legislature power to exempt trees from taxation. Do you think it would be a good thing for the legislature to pass an act exempting from taxation all trees?

Do you believe in the taxation of merchants' or manufacturers' goods or tools of production?

Do you believe in the taxation of personal property, either in the form of household goods or of money?

Do you believe in the exemption of improvements from taxation whether such improvements are in the form of business blocks, factory buildings or homes?

Do you believe in inheritance or state income taxes?

What would you think of the taxation of franchises according to their stock market value?

Do you favor the practice of levying upon only one-fifth of the assessed value of properties?

If you are in favor of exemption of any or all of the above enumerated properties from taxation from what source would you recommend that revenue for the maintenance of public institutions should come?

Would you favor local control of taxation?

**LITTLE PEOPLE ENTERTAIN**

Last week Wednesday afternoon the first five grades of our city schools gave a Thanksgiving entertainment at the opera house that was one of the most interesting ever given in this city. It was composed of songs, recitations, etc., and proved a pride to the parents and patrons of our city schools. Miss Cecelia Conklin, musical instructor, had charge of the entertainment, assisted by the teachers of the five grades, and to them as well as the little ones, belong the honor attained. The opera house was well filled by a delighted audience.

**Regular Price Cut**

Do you recollect a time in which so many things of vital interest to every family were being agitated and at least partially accomplished? These public affairs closely touch the income and outgo of everyone of us, and a careful reading of a first-class daily newspaper is most desirable. The children in the family should be encouraged to read current events. Of course this makes it necessary to select a clean paper, one that is not filled with liquor and nasty medical advertisements. The Lincoln State Journal is the kind of a paper you will want, and just now the publishers are offering the daily and Sunday until Jan. 1, 1915 for only 64, or without the Sunday paper only 83. This is a special cut price offer which will not be good after December 23. As a special inducement a year's subscription to the Weekly Independent Farmer and the Monthly Poultry Topics is included. The news of the world, Nebraska affairs in particular, reliable markets, and the philosophy of Bixby made The Journal Nebraska's leading newspaper. Order through the local agent or send direct to the State Journal, Lincoln, Neb. Order today and you will receive the paper the remainder of this year.
