Shoe Department

PURE LEATHER
Does it pay to buy an off brand of shoes at a cheap price? No it does not, for many shoes are not made of pure leather and to look at them they look as good as the best but when one comes to wear a pair they will soon see where the trouble is, and this is the cause of so many SHOE dealers going out of the shoe business. They have not been handling the right kind of shoes. We handle the STAR BRAND SHOES which stands with the best. When you once buy a Star Brand Shoe you will wear no other. We handle them in Ladies' Men's, Boys, Girls and Little Children's. STAR BRAND SHOES ARE BETTER, try a pair.

GOOD LAND CHEAP

Why rent land at a high price when you can come to Kimball County in western Nebraska and buy a farm for from \$10 to \$25 per acre, that will grow more small grain, potatoes and beets than central Nebraska land does and as good alfalfa and corn of the early varieties, from 20 to 30 bushels to the acre. I have some splendid farms to sell both improved and unimproved, can get possession of some of them yet this spring with crops already in, will sell some on terms of \$2 per acre cash, balance 10 years, 6 per cent optional payments. Write me about my best deals if interested in lands for home or investment.
