It is said that it is at Governor Morehead's suggestion that the state board of control has virtually given up the idea of buying land and building the state reformatory authorized by an act of the last legislature which appropriated \$150,000 for the purpose, believing that conditions at the penitentiary have been so improved during the past year as to make it possible to dispense with the proposed reformatory. This is possibly true. But this act is a state law. Is the governor a judge of the law or merely an executor?

Just at present Bryan is considering the question of going on the Chautauqua platform again this season. Just how long Bryan could keep from going bug-house if he was shut off from working his mouth at so much per, is a mooted question. But really what a spectacle it is of a cabinet officer lowering the dignity of his great office by becoming a chautauqua attraction, to line his pockets with fakir-made money.

Senator Sherman's prediction of a republican landslide in 1916 is in keeping with the generally hopeful feeling among republicans that the democratic party has again made a muss of it and that the reaction will be in favor of the "grand old party" of protection and prosperity. Of course it's pretty early to tell about that, but it can't be gainsaid that there is present reason for feeling good

To those of the Northwestern readers interested in the wrestling game, the result of the Billeter-Daily lightweight champion match at Lincoln last Thursday will be especially interesting, as Daily, the Nebraska boy, defeated the champion in two straight falls, the first in 4 minutes and 56 seconds, and the second fall in 51 minutes and 43 seconds. Nebraska has now the champion lightweight wrestler of the world.

Just at present Nebraska democracy has 'steen candidates for governor, and yet there are a number of the unterrified who will not rest until Dick Metcalfe also gets into the game. Would it not leave a few high privates in the rear ranks, to have the whole push making a mad rush for office?

So far, during the political days, we have heard of no candidates up for representatives, county attorney, or several other county offices. However, there is plenty of time before the close of filings before the primary farce.

Madame Sarah Bernhardt, at the age of 70 years is coming back to the United States for another farewell tour. Is this another of the divine Sarah's "accidents of love" on another scale?

Literary Note.
If boys tried to read between yellow covers some of the fiction that girls read these days under the name of late novels they would have to take their meals standing up.
