Word came here Tuesday night that August Sczydzyn of Ashton had been dangerously injured in a runaway and yesterday morning his son and wife left for his bedside, but had no further than above. It is to be hoped the report is exaggerated and the accident not so serious.

It would be impossible to name the large number of farmers who lost in part or wholly their crops in the hail storm that passed through this county from east to west just north of Loup City last Saturday night, reaching as far east, at least as Dannebrog, in Howard county. We have not learned how far east it started. It was the most disastrous hailing out through a narrow strip of country which has visited the county in many years.

Miss Mable Daddow returned last Thursday from a two weeks' visit with the family of E. A. Brown at Friend.

United States

District Court

Loup City was treated to a session of the United States District Court for Bankruptcy on Tuesday. Monday the trial began in the Federal court room at Grand Island and adjourned to Arcadia, where further evidence was taken in the evening, and then adjournment was taken to Loup City. J. G. Pageler filed a petition in bankruptcy a few months ago, naming one creditor, the commission firm of Farris, Parinton & Marcy of Omaha, for about \$4000. They have fought every inch of the proceedings through their attorney. Tuesday the commission firm produced all of their books, showing the transactions with the bankrupt, and their efforts to show that bankrupt has defrauded the firm has been ably opposed by Judge Wall, Bayard H. Paine, Referee in Bankruptcy, from Grand Island, presided and was accompanied by O. A. Abbott, the official reporter.

Mike Klimek marketed a load of hogs at Loup City Monday.

Mason Phillips and Oliver Brodock took a car out to Henry Obermiller's Sunday.

Lightning struck an alfalfa stack for F. M. Mickow and burned it to the ground Sunday night.

Mrs. Andy Grey had her wind mill fixed up the past week that was blown down a short time ago.

Henry Obermiller bought a new six cylinder car from Will Schuman last week.

Wiggle Creek had no banks Monday it extended from McBeth's mail box to where Jess Fletcher lived last year.

Will Thomas and O. Snodgras got caught in the storm that struck the route at two o'clock Sunday morning on their way home from Loup City there most have been some attraction in Loup City for the boys. They both had an exciting time getting under cover of Fred Daddow's barn during the storm.

The two storms that broke over the route Sunday night did a great deal of damage. The Sunday morning storm had lots of wind in it and the damage will mount into hundreds of dollars over the county, lots of hay stacks were cut in two and several windmills were torn to pieces, at almost every farm house you could see something upset or destroyed.

To the Voters of Sherman County

To the voters of Sherman county: Having filed for the nomination for the office of State Representative of the 57th district, consisting of Sherman county, I respectfully ask you for your support before and at the primary election to be held on the 18th day of August, 1914. I was highly honored by my neighbors, friends and the voters in general by being elected as your representative from this district in the fall of 1912. If I am nominated at the coming primary election and re-elected at general election, November 3rd, 1914, I will continue my support of all progressive legislation in the future as I have in the past. I shall work and vote against the removal of the State University to the state agricultural farm, as I am sure that it will cost at least \$2,000,000 more to remove it to the farm than it will to enlarge the present campus and build the necessary buildings thereon. I also believe that the present site is the more favorable location, looking at it from the point of view of the university student, who has to work his way in full or part to get an education. I shall work conscientiously for this part of Nebraska at all times and the most rigid economy in our state government. My record in the last session of the legislature is an open record and I am willing to be judged by it as to my ability to fill the office to which I aspire. Thanking you all for the past favors which you have shown me, I remain, respectfully,

G. W. Trumble.

BASE BALL GAMES OF THE WEEK

Elba won the first game at Boelus 7 to 2 but lost the second 9 to 4. Rockville beat Ashton 9 to 3 at Rockville. Farewell lost to Dannebrog, at that place by a score of 5 to 1.

And now we are up against the prospect of issuing national bonds to keep the the expense of the government. This is truly democratic in policy and experience, though wholly undemocratic so far as democratic promises go. The last time we did such a thing was when Grover Cleveland was president, and the rate of interest we had to pay was preposterous. When the administration went into office they found a \$40,000,000 surplus on hand. This has largely disappeared, the cost of running the government has increased by leaps and bounds while the revenues are, of course, lowered, as was sure to be the case under the tariff policy of the administration. But what is the use to kick? If we let democrats run the government we should expect a democratic mess of it.

Another Bond Election For Sherman Co.

(Following is letter from Supervisor Lang against the bond election, which we reprint verbatim, and leave our intelligent readers to digest at their pleasure. Comment is unnecessary:

on may 12 Sherman Co had a special election and voted on the proposition of a court house to cost not to exceed \$75,000.00. The proposition was narrowly defeated and I have had out to a finish and the proposition was lost the voters of Sherman Co said at the ballot box we dont want a \$75,000.00 court house and we think a majority should rule. one week after the election the same proposition was brought before the Co board and a majority of the board voted for another election on the same proposition identically the same that dont look good to the people of Sherman Co.

when it costs \$6,600.80 to hold one election. Should the former election have went the other way I am sure the commercial club would have thrown there hats high in the air and said a majority shall rule I like to see a Squair deal and a majority rule the people voted down the proposition not because we do not need a court house in Sherman Co nor because it is to be built in Loup City. Loup City is the Co Seat and has located So near the center of the Co we never expect to change the Co Seat the people want a good fire proof court house we dont want a cheap jack. the people are willing to build a modern house with all convenience from heat and light all complete but they three of Sherman Co has said \$75,000.00 is to much money. now if the commercial club will come up with a proposition for a court house the same as they have asked for and leave off the bedford Stone only leave off the bedford Stone and a certain amount of the marble we will give you every thing you ask in room. vaults, heat, lites, furniture, jail. Sewerage, we ate willing to give the people of Sherman Co a duplicate of Greeley Co court house in teracota finish now means us hat we throw off \$10,000.00 that are worth 10 cents to any bod only to look at and we will give you all you have asked for remember Sherman Co. Greeley Co. and howard Co are all the same size and all lay joining Sherman Co asset valuation is \$3,300,000 Greeley Co asset valuation is \$3,406,006.00 howard Co asset valuation is \$4,465,195.00 now come across we dont want to play tite wad neither do we expect to ware Rocky fellows shoes every body come out and vote on June 30 and vote your own Sentiment if all voters would come out and vote we would pole 2,000 votes on June 30 as near as I can learn a large majority of the voters of Sperm Co want a court house for less than \$75,000.00 now lets git to gather when this proposition is voted down and do the rite thing.
