ALLEGES BIG PLOT

MEXICAN CLAIMS U. S. FOSTERS REVOLUTION.

WILL SHOW UP CONSPIRACY

Moheno Coming to This Country to Reveal What He Says Is the Crime of the Age.

Vera Cruz.-Querido Moheno, former Mexican minister to commerce of the United States toward Mexico. As he sat in the forward saloon of the French liner, Senor Maheno looked through a port hole toward the American flag flying at Vera Cruz and shook his fist in rage.

He insisted that he was in a position to produce proofs that there existed a "secret platform" of the progressive party in the United States of which Colonel Roosevelt was cognizant and in which he concurred, looking to the disruption of Mexico and the acquisition ultimately by the United States of all the territory between the Rio Grande and Panama.

He said that Francisco Escudero, who was minister of foreign relations in Venustiano Carranza's cabinet, has letters which to him are conclusive evidence of his allegations and declared he hoped to be able to produce these letters at the proper time.

"And not only were the leaders of the progressive party pledged to this policy," he added, "but politicians of both the republican and democratic parties had promised their secret support. That President Wilson himself had subscribed to this injuitous conspiracy is evidenced by his attitude toward Mexico. Not a single American in all the hundred million population of the United States can give a satisfactory answer as to why those troops are there on shore in Vera Cruz.

"To show up President Wilson's crime against Mexico-the greatest in the history of modern nations," is the announced object of Senor Moheno's trip to the United States.

Dr. Cole Loses Suit.

New York.-Commercialized use of Christian Science teaching has been held by the appellate division of the supreme court to be illegal.

The conviction in a lower court of Willis Vernon Cole, for practicing medicine without a license when he accepted fees for Christian Science treatment, was sustained. The higher court, in its opinion, answered in the negative its premise.

Is the commercialized use of prayer for the avowed purpose of treating

ligious tenets of a church? Cole, formerly a sculptor and a come of \$6,000; that he had never studied medicine; that he never solicited fees, but accepted those offered him.

Bureau Issues Statement

Washington.-In connection with "The recent phenomenon of an excess of imports over exports in April and May," the Department of Commerce, in a statement on the commerce of the world and international balances of trade, announced that States probably would exceed \$400,-000,000 for the current fiscal year. This would be about \$250,000,000 less than last year's balance.

The department pointed out that a large proportion of the older and more advanced nations show an excess of imports over exports of merthe import side but nearly all other American countries show larger ex-

Salem Receives Federal Aid.

Washington-Congress appropriated \$200,00 for the relief of sufferers from the Salem, Mass., fire. The house, in spite of vigorous opposition, led by Chairman Fitzgerald of the appropriation committee, accepted, by a vote of 161 to 66, a senate amendment to the sundry civil bil to provide the

The president had urged the appropriation in a special message and the Massachusetts delegates had been pressing for action for a week

Quarantine New Orleans.

Washington.-Notice that quarantine against New Orleans will be declared by the Guatamalian ports on account of bubonic plague scare has come to the state department.

Newsboys Won Valuable Land Chicago.-Six acres of valuable land on the outskirts of this city has been deeded to newsboys and bootblacks by Francis A. Hardy as a site for a home for the boys. Hardy is chairman of a board raising an endowment fund for the home.

Another Strike in Italy. Rome.-A fresh general strike of the employes of the Italian state railroads is threatened, and the government has taken extensive precautionary measures.

The second of the series of Market weeks, inaugurated by Omaha business men, will be held in Omaha during August. Invitations will be sent to dealers in Nebraska, Iowa and South Dakota, requesting them to visit Omaha and be the guests of the jobbers and manufacturers during the week.

The name of the boy whose body was taken from the Missouri river a mile below the Northwestern railroad bridge near Blair was James Bushus. chandise. Canada shows a balance on jr., aged 8 years. He was drowned by his tricycle sliding into the river at Sioux City on Sunday, June 21. the body.

While excavating for the new Upland school building, Elmer Bunger found a lower jaw of mastoden americanus with ten teeth ranging in size from 2x21/2 inches to 1/2x1/2 inch. The bone crumbled up on removal from the yellow clay in which it was found, but the teeth are in perfect condition. This is the first specimen of the kind

found in this locality. Grant C. Brown, car foreman for the Rock Island at Fairbury has a force of forty-five men, including car repairers and carpenters, engaged in coopering cars for grain service. The force is the largest in the history of the company there. Owing to a shortage of box cars, the company is coopering stock cars to haul grain. New grain is already being moved to the Kansas City markets.

Arthur Warner, a youth of about 16 vears, was drowned in Medicine river near Stockville. He was in swimming with some boys. The water is high on account of recent rains and the current took him down.

Hall county agricultural enthusiasts are industriously boosting the county fair. The county agricultural society has just been organized. President L. C. Lawson was in Lincoln last week, inspecting the latest improve ments on the State Fair grounds. A number of these innovations will be used in the new buildings at Grand Island.

Ben Rosson, who claims Chariton, Ia., as his home, has been sentenced to serve ninety days in the Lincoln county jail for robbing the home of Ed Hostetter, near Maxwell. Mrs. John Petker, who lives near

Charleston, dropped her 8-year-old daughter from the second story of her residence and then jumped after her. Two ribs were broken and Mrs. Petker was badly burned. The fire was caused by the explosion of lamp which Mrs. Petker was carrying down stairs. Mr. Petker extinguished the flames before they reached outside

PREPARE FOR RUSH VALLEY OF ESK BEAUTIFUL England, Perhaps, Possesses No More

RAILWAY COMMISSION PLANNING TO MOVE CROP.

Largely by Prevailing Prices, It is Thought.

Lincoln.-Preparations for overseeing the handling of the immense crops and are yet to harvest, are being chain of tiny lakes, spanned here and made by the state railway commission. Car reports are being carefully scrutinized as they come into the commission offices and experts are at work making comparisons with other years and gathering information as to the probable distribution that will have to be made the present year.

No calls have come to the commission thus far for car relief. But it will not be long before complaints and orders will be surfeiting commission affairs. The body's activity in this regard is to see that fair play prevails In railroad attitudes toward shippers, bushels per acre. The corn and all that cars are kept on the move and that empty car distribution is kept up with demand.

Prices of two or three weeks hence are looked to govern the movement almost entirely. If they hold up well there will likely be a decided rush for the elevators and grain will begin to move in tremendous quantities. If the price falls off there will be much grain held. That will almost certainly mean a heavy movement in the fall and during the winter, and will come at a time when part of the heavy corn crop will be in the process of movement. It will burden the railroads down in that event more than for sev-

Wants Maneuvers at Ashland.

Lincoln. - Because Commander-in-Chief Morehead of the Nebraska National guard believes expenditure of federal and state funds should go toward improvement of the Ashland rifle range in Nebraska rather than of the Dale. In pockets among the Camp Dodge in Iowa, he has ordered General Hall to use all energy at his command to hold this year's maneuver camp in this state instead of in Hawkeye territory. By so doing it is believed that some \$42,000 that would pass needlessly out of Nebraska would be conserved here.

The matter is still the subject of discussion between General Hall and the federal war department. Nebraskans in Washington, including Secretary of State Bryan and Senator Hitchcock, will be asked to further the effort. If the plan goes through a company of regular army infantrymen, along with a number of detached regular army officers, will be sent to Ashland to participate with the

Reports of federal inspection of all companies of the Nebraska guard were forwarded General Hall from Washington. The work of the guard is complemented therein, the Omaha companies coming in for particularly favorable mention.

Work to Begin at Early Date.

Lincoln.-As a result of a conference between Thomas J. Majors and A. L. Caviness of the state normal board and J. H. Craddock of Omaha, architect, who will make plans for the new building at the Peru state normal school, work will be begun as soon as possible. The building will cost \$83,000. A levy of 85 per cent of a mill has been made for the state normal schools by the legislature and the board has apportioned the amount and each institution will take its turn in having a building erected.

Loss Shown In Forty-nine Counties. Lincoln.-The increase of over \$1,000,000 which was made by the first thirty-eight counties reporting to of life in wild Labrador. the secretary of the State Board of His father, James Bushus, identified | Assessment has been cut down by the last eleven so that there is a loss for the forty-nine counties of \$849,761, a woman's husband dies she must be Douglas and Lancaster counties have not yet reported and it is thought that the increase in these counties will help to bring the valuation of the state up to somewhere near what it as he had not lunched for 50 years. was last year.

Complains of Charge.

J. W. Shorthill, secretary of the Nebraska Farmers' Co-operative Grain and Live Stock association of Hampton, has filed a complaint with the state railway commission against the South Omaha Stock Yards association, claiming that the stock yards company makes yarding charge of 8 cents on hogs when but 6 cents is charged by Kansas City and St. Joseph.

Two Cents Per Mile Allowed. Lincoln.-Because railroads of the state in several instances of competitive rates between common points have been allowed to increase to 2 cents flat per mile, dissatisfied citizens are said to be planning a legal attack on the action of the railway

commission. The present state of the 2-cent pasenger fare law, however, indicates that the step would be a hard one to mind, accomplish. The law allows railroads to charge not more than 2 cents per mile, hence they are entitled to that.

Portray Indian Life at State Fair. Lincoln.-Scenes from Indian life in the pioneer days of Nebraska will be reproduced at the Nebraska state fair this fall.

The band of "first inhabitants" of the state will come from the vicinity of Chadron. Indian village life will be portrayed. There will be four exciting Indian dances. These will be the Omaha, the ghost, the wolf and the scalp dances. This will not be a of the word, but a genuine Indian en- subdued by the head keeper.

Gorgeously Picturesque Spot Than This Stretch of Land.

beautiful spot in all England than the valley of the Esk, which stretches from the sea to beneath the heights of grim Scafell. The Gatehouse estate is by way of the Stomach, midway up this valley possesses beautiful gardens and a glorious view. On an outlying spur of fell above the these organs strong and Movement of Grain Will be Controlled grounds a Japanese garden has lately been called into being as by a magician's wand. The site is ideal: a cup on the hill top, which was formerly a peaty swamp dotted with great boulders and slopes and gray granite, has been transformed into a quaint and been transformed into a quaint and beautiful garden. The bog, skilfully that Nebraska farmers have harvested drained and utilized, has formed a
