COUNTY SCHOOL NOTES

(By L. H. Currier)
The Sherman County Fair was a great success and the Officers and Board of Directors have every reason to feel satisfied. The school exhibit was small as many schools which had prepared exhibits were not represented.

Prof. J. W. Burwell was judge of the school exhibit. Many teachers deserve special mention for the efforts they made to make the school exhibit a success. The following schools won the amount of prizes indicated:

The best rural school exhibits Austin Dist. No. 2, Mrs. Dan McDonald, teacher — \$5.00. This school also won other prizes.

Second best rural exhibit District No. 13, Lettie Peugh, teacher, \$3.00.
Third best rural exhibit District No. 5, Amelia Hansen, teacher \$2.00.

It is the duty of the teacher to see that school property receives proper care. It is a part of a pupil's education to learn how to care for property, whether personal or public. It is the duty of the school officers to provide the necessary furniture and supplies for pupils and teachers. I notice that many officers in the county have proved themselves willing to improve the physical condition of our schools. During the past summer, new single seats have been placed in several rural schoolhouses. In the past two years many modern heating and ventilating systems have been made, such as painting of schoolhouses, purchasing supplies books, sweeping compound, etc. Let us show ourselves worthy of better school surroundings by making our school house sanitary, orderly and attractive and by teaching our pupils how to care for public property. The next teachers' examination will be held Oct. 16 and 17.

HOLDS 1907 LAW VALID

Stapleton, Neb.—Judge Grimes has rendered a decision in the test of the constitutionality of the county high school law in district court. He holds the law of 1907 valid and the new law of 1913 unconstitutional. That the method of attacking the validity of the latter by an injunction was the proper course. Therefore, in the case at hand, John H. Worrell against Regents, Judge Grimes makes the injunction permanent. That there was no legal Board of Regents and that all of their actions in levying a tax for county high school purposes was unwarranted and without color of law. This case has been widely watched. Eighteen counties of the state are affected.
