WASHINGTON.

Abolition of the naval "plucking" board is proposed in the Witherspoon bill, favorably reported to the house by the naval affairs committee. * * *

House committee hearings were concluded on the McKellar bill to establish a federal system of supervision of cold storage warehouses and limiting the time food products may be kept in cold storage. It is generally admitted, however, that the house will not consider the measure at this session.

Democrats of the senate banking committee set to work in earnest to perfect a bill for establishment of a rural credit system. Senator Hollis chairman of the subcommittee, which, with house members, drafted a measure last summer, said the committee probably would be ready to report a bill within two weeks.

House democrats who will be memfederal grand jury on charges of em- bers of the next congress will caucus on February 4 to agree upon the reorganization of the house. It is virtually conceded that Speaker Clark will be chosen to succeed himself: that Representative Claude Kitchen of North Carolina will take the place of Representative Underwood as floor . . .

Five times as much wheat and six times as much corn were exported from the United States in December. 1914, as in the same month in 1913: flour exports increased more than 68 per cent for the same period; freshbeef incrased more than twelve-fold, While employes of a St. Joseph and generally the exports of "bread-(Mo.) mill were waiting in line for stuffs," which includes practically all the staple grains, increased five the office, pointed a revolver at the times. These figures were disclosed young woman cashier, and escaped in a statment from the department of commerce.

> After long consideration the Federal board, acting in its unofficial capacity as the central committee of the \$135,000,000 cotton loan fund, decided not to comply with requests recently received to extend the time limit for loan applications beyond February 1.

> The rivers and harbors appropriation bill, carrying more than \$34,000. 000, passed the house by a vote of 164 to 81. The bill now goes to the senate where a protracted fight is expected.

Government acquisition of all telephone properties was advocated before the house postoffice committee by Representative Lewis of Maryland, author of a bill for that purpose, and by Samuel H. Bell of Washington, D. Typographical union.

The senate bill to establish the mostly in forest reserves, was passed by the house after adoption of some minor amendments.

HOUSE MEASURE PROVIDES 101 MILLIONS FOR DEFENSE.

SHIP BRAVES BRITISH NAVY

Wilhelmina, Flying U. S. Flag, Starts On First Voyage of Kind Since War Began.

Washington.-After two days of debate on the general state of the national defenses, the house passed without a roll call the army appropriation bill, carrying \$101,000,000

Advocates of immediate strengthenng of the national defenses fought to the last for additional appropriations, but met with no encouragement. The last roll call, on motion of Representative Gardner of Massachusetts, to commit the bill with instructions to report back an amendment carrying \$1,000,000 for aviation, was defeated, 253 to 34. The bill, which carries funds for all branches of the army during the coming year, includes \$300,000 for the purpose of twentyfive airships and \$50,000 for an armored motor car. The appropriation for the purchase of field artillery material was increased from \$25,000 to

An amendment offered by Representative Deitrick of Massachusetts and adopted without opposition, would prohibit the use of stop-watches and other "speeding-up" devices in connection with so-called scientific management systems in any army arsenals and shops. Representatives of union labor have been fighting for this prohibition for several years.

The house also adopted an amendment by Representative Tavenner of Illinois, to require that all of the munitions of war provided for in the bill shall be manufactured in government plants.

Risks Seizure by English.

New York.-Risking possible seizure by British warships off the Atlantic coast, the American-owned steamer Wilhelmina, flying the American flag and loaded with approximately \$200,000 worth of foodstuffs consigned by an American commission firm to an American citizen in Germany, has left here on the first voyage of the kind undertaken by any vessel from an American port since the war began in Europe, nearly six months ago.

If the Wilhelmina is detained or seized, the W. L. Green Commission company of St. Louis, charterers of the vessel and shippers of its cargo, according to their counsel here, will file a protest with the American State department, declaring that the cargo is not unconditional contraband, denying the right of a belligerent warship to confiscate it, and requesting the United States to demand the immediate release of the ship and cargo.

Will Be Fourth Naval Nation. Washington. - The United States will drop from third to fourth place among the world's sea powers with the completion of all ships under construction up to July 1, 1914, accord-

ing to the calculations in the navy year book, issued by the senate naval committee. France will move from fourth to third place, according to the official table With the outbreak of the European war, information as to the naval programs of the belligerents was no longer available, and the book contains only a list of the vessels lost in action during the war up to Jan. 1. 1915, to supplement figures for construction prior to last July.

Cooks Will Invade Europe.

Chicago.-Invasion of Europe by an army of American cooks to introduce corn bread, corn cakes and fried mush to a peasantry, now familiar with blackwheat bread, is the plan advocated here at the sixth annual meeting of the Council of Grain exchanges, as a means of avoiding a wheat shortage in the United States. The plan to feed Europe corn and keep the wheat for home consumption was broached by John W. Snyder, treasurer of the Baltimore Chamber of Commerce. Mr. Snyder pointed out that other countries can compete with the United States in raising wheat, but not in the production of corn.

Jitneys Permitted in Ogden.

Ogden, Utah.-Permits have been granted by the Ogden city commission for the operation of three jitney bus lines in the main residence and business streets of Ogden, to be in direct competition with existing street car lines. The three lines are to be operated by a corporation organized with \$25,000 capital. Only five automobiles will be started, but there will be immediate additions and extensions.

Woman Elected to Senate.

Roseburg, Ore. - Miss Katheryn Clark, democrat, was elected state senator over two male opponents at a special election held to fill a vacancy caused by death. She won by a plurality under 100. She is the first woman elected to the Oregon senate.

Drop Bombs Upon Krupp Works. Arnhem, Netherlands.-Airmen from the allies dropped several bombs upon Essen, destroying a number of houses. Essen is the home of the Krupp gun works.

Terminal Fees Not Paid. . Omaha.-The Union Pacific has filed suit in district court against the Rock Island for \$87,986.09, alleged due for switching charges, use of the Union Pacific's tracks between Kansas City and Topeka, and repairs on the termi. nals here.

No Hope for Karluk Men. Boston.-Capt. John Bartlett, commander of the steamer Karluk, which carried the Stefansson expedition to the Arctic, expressed the belief that the explorers have perished.

The Soldiers Have Toothache. From accounts which have come from the front, toothache would seem to be one of the hardships of campaigning in the trenches. The sectary of the British Dental association

says that a start has been made to provide an efficient staff of dental surgeons for service at the front. Six dentists, who have been given the temporary rank of lieutenant in the Royal Army Medical corps, have left for France, and further drafts of qualified men are being chosen, if they are not actually on the way, for service near the firing line. They will also have the temporary rank of lieutenant.-London Telegraph.

CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs"

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach Look at the tongue, mother! If coat-

ed, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is ofttimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask at the store for a 50-cent bottle of \$1,500 a year secretary, to control all ages and for grown-ups plainly printed on the bottle. Adv.

by Representatives Liggett, Van Deu SAGE TEA AND SULPHUR DARKENS YOUR GRAY HAIR

Look Years Younger! Try Grandma's Recipe of Sage and Sulphur and Nobody Will Know.

Almost everyone knows that Sage Tea and Sulphur properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which it

mussy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.
