# "A Cheerfu! Liar."

Rob. Suchanek and family.

Tne Rockville ball team has time ago the team presented a play "The Cheerful Liar," at the opera house, but met with the misfortune of bad weather, which prevented a large attendance. They have had numerous requests to repeat the performance, and on the evening of Saturday, April 24, the play will again be given in the opera house. It is said to be a most laughable farce and specialties will be introduced between acts. A dance will be held following the show.

### Making and Saving. We read of a Mr. Dvorak of

Plattsmouth, Nebr., that made a net income of \$1,150.00 last year off of an eighteen acre farm located near that place. Mr. Dvorak is in the dairy and truck business, having six cows, a team of horses and about seventy-five chickens. He raises enough alfalfa and rough feed to keep his stock on his small farm and he has some to sell besides. This may be taken as a pointer by a lot of big farmers that have to rent and pay a big sum each year to the owner of the property whether they get a profit sharing crop or not. It isn't what you make, it's what you save. Mr. Dvorak saved \$1,050 this year and probably has the best of a maiority of the farmers, take their net earnings the state over .- Pender Republic.
