Notice of Annual School Meeting.

A change has been made by the recent legislature in the date of the annual school meeting from the last Monday to the second Monday in June. (June 14, 1915.)

Owing to the fact that the annual meeting comes on the second Monday in June, it will be necessary that the notice of the meeting be posted on or before May 27, and that the applications to county superintendent for free high school privileges reach this office on or before June 7.—L.H. Currier, County Superintendent. 22-3

Fine Art of Visiting.

An Atchison girl who spends much of her time visiting has made a study of the art and is a very successful guest. One of the first things she does upon arriving is to call her hostess and family into her room and exhibit every rag she owns. She empties boxes, trays and trunks to the bottom layer. She says it saves her hostess the trouble of snooping among her things when she is out.—Atchison Globe.

HIGH WIND SPOILS GAME

Rockville Blanks St. Paul For Five Rounds, But Loses Game.

In a wierd exhibition, originally intended as a ball game, St. Paul out slugged the home team on the local grounds Sunday afternoon, and after the dust had cleared away the scoreboard showed St. Paul 23, Rockville 14.

A cold northwest wind made good playing impossible and as a result the support accorded the pitchers was rank. Any kind of a pop-up went for a hit. The wind even blew sand in the umpires' eyes, making it difficult for these officials to see all the plays.

A detailed report of this game would require an extra edition, so we merely offer the box score as evidence:

Scenic Route to the Expositions

When planning your trip to the Expositions bear in mind that the Union Pacific affords you a larger variety of routes to select from than any other line to the Pacific Coast.

Its route lies through the richest sections of the West. You have the selection of a direct route to San Francisco, or to Los Angeles thence to San Francisco, or to Spokane, Portland, Tacoma and Seattle with choice of rail or steamship of the San Francisco & Portland Steamship Company between Portland and San Francisco.

A complete circuit tour includes both Expositions and one way via the North Pacific Coast. This tour costs \$17.50 more than the regular reduced price round trip Exposition fare, but it is well worth the money for it enables you to see the best in the West in a single trip.

Union Pacific

The Cool, Comfortable, Northern Route to Both Expositions

Double tracked, automatic electric block safety signals, and a selection of seven splendidly equipped daily trains to the Pacific Coast—shorter and faster than any other line, Omaha to California and Pacific Northwest, allowing more time for sightseeing on the coast.

Stop over at Denver, Colorado Springs, Salt Lake City without extra expense.

For slight additional expense during the season you can visit Rocky Mountain National Park, Colo., Yellowstone National Park, Lake Tahoe and Yosemite National Park.

YOUR HOMESTEAD CHANGES ARE DISAPPEARING

Are you taking advantage of your homestead right for yourself or your son? The last two years have been the heaviest homesteading years in the history of this country. What does this tell you? At this rate at the end of ten years there will be only "odds and ends" left. You can yet secure an excellent Mondell 320 acre tract of even, rolling prairie in Northeastern Wyoming—for the dairy business and stock raising.

Or, you can take up in the Government Irrigation Project in the Big Horn Basin an 80 acre homestead, close to the town of Powell, Wyo. in a district of schools choice farms and in a highly developed community. Government permanent water rights \$52 per acre. Twenty year payments, no interest. About 80 of the good farms left; if you mean business this is the finest gift the government can today make you.

Send for publications. Write me. I am employed by the Burlington to serve you.
