77—Best collection of exhibits won by District No. 5.
78—Second prize won by District No. 45.
79—Best collection from city school won by Loup City school.

ASHTON NEWS.
Auto drivers ought to be more careful on cross roads and in passing rigs and make use of their horns. On Tuesday in the rush of the morning we saw an accident barely averted by an auto driver, which might have proved fatal to the lady who stepped out of a buggy just in front of an auto, just because he didn't sound the horn. He tried to stop his car by yelling whoa! which the car didn't obey. The lady heard the noise the driver made which is all that saved her from certain death.

Mrs. Geo. Hruby left Saturday for Neligh, where she will visit her sister for several weeks.
John Tryma of near Boelus is at present doing some carpenter work at the Sandburg farm.
On Tuesday Wm. Odendahl, C. Wilson, Charles Jamrog and Ed Jamrog left for the lakes of Cherry county, where they expect to shoot more ducks than they can bring back. Of course we know that this can't be done as they went up in two Fords. But we hope that they will have good shooting.

Mrs. Floyd Janulevich and children of Loup City came down Tuesday to visit with the St. Dymek family, and also to attend church service.
Agent Harriman and family moved into the room over the depot Monday. Mr. Harriman took the position as our agent for the Burlington two weeks ago. We hope he will make a longer stay than the last several agents have done and we also welcome this family to our burg.
The dance given by the Farwell baseball club at Farwell last Saturday was well attended. The Ashton orchestra furnished the music, and from reports reaching us, it was declared to be the best to be had. A good crowd from St. Paul and Dannebrog attended.

Mrs. Ig. Pawlowski of Farwell, attended church here Tuesday and also visited at the home of her parents, St. Warden over Tuesday.
On Tuesday of this week St. Francis' day was celebrated at our church. The day was fine, which brought out a big crowd as usual. The priests from surrounding towns who were here were Father Jarka from Loup City, Father Jazenski of Farwell and priests from Sargent and Broken Bow.
Two marriages were announced last Sunday, that of Ted Smerda to Clara Kezar and Alex Dzyngle to Vernie Stanczek.
Mr. and Mrs. John Johansen, who have been visiting here with G. Sand-

Our Advice Is:
When you feel out of sorts from constipation, let us say that if
Rexall Orderlies
do not relieve you, see a physician, because no other home remedy will. Sold only by us, 10 cents.
Wm. Graefe.

LIVE STOCK PRICES AT SOUTH OMAHA.

Steers Fairly Active and Cows Steady to Weak.

HOGS FIVE TO TEN HIGHER.

Sheep Market Steady to Stronger. Good, Firm Feeling in Feeder Trade. Fat Lambs Bring \$8.75 and Ewes Touch \$5.75.

Union Stock Yards, South Omaha, Oct. 5.—Cattle receipts were liberal yesterday, about 12,000 head showing up. The market for beef steers was active and stronger. Cows and heifers were in liberal supply and everything that would do for stocker and feeder purposes was active and fully steady. Killers were steady or pretty close to steady, but owing to the heavy run at Kansas City there was an unrecurrent of weakness and in spots the market may have been 10c lower. Stockers and feeders moved freely at good steady prices.

Quotations on cattle: Good to choice fed yearlings, \$9.00@9.85; fair to good fed yearlings, \$8.50@9.00; common to fair fed yearlings, \$6.50@8.50; good to choice heavy beefs, \$9.00@9.85; fair to good cornfed beefs, \$8.30@8.85; common to fair cornfed beefs, \$6.75@8.30; prime grass beefs, \$8.00@8.40; good to choice grass beefs \$7.40@8.00; fair to good grass beefs \$6.75@7.40; common to fair grass beefs, \$5.85@6.75; good to choice grass heifers, \$6.25@6.50; good to choice grass cows, \$5.70@6.15; fair to good cows, \$5.00@5.75; common to fair cows, \$4.00@5.00; prime feedings steers, \$7.25@8.10; good to choice feeders, \$7.25@7.75; fair to good feeders, \$5.50@7.25; common to fair feeders, \$5.50@6.00; fair to good stockers, \$5.50@6.75; common to fair stockers, \$5.50@6.75; stock heifers, \$5.75@7.00; stock cows, \$5.50@6.25; stock calves, \$5.50@8.00; veal calves, \$8.00@10.00; bulls, stags, etc., \$5.00@6.50.

Receipts of hogs yesterday were 2,300 head. There was a fair shipping outlet at prices that were fully a dime higher. A piece of a load set a top of \$8.00, but two full loads on the light butcher order reached \$7.90. Most of the packing sales were made at \$7.15@7.30, with rough heavies as low as \$7.10, and a few sales scattered on up towards the top.

Receipts of sheep and lambs yesterday totaled 35,000 head. Fat lambs were fully steady. Three loads of choice stuff went to killers at \$8.75. Several strings were cashed around \$8.65, with an occasional sale at \$8.50@8.60. There was a good, firm feeling in the feeder trade, and lambs moved fairly free on a steady to strong basis. One string which carried a fat end went to a feeder buyer at \$8.50. Most of the early sales of good feeders ranged at \$8.25@8.40, with less desirable stuff on down. Old ewes for breeding purposes touched \$6.00 again yesterday. Packers had only limited offerings of old sheep to pick from and paid fully steady prices for ewes, while some of the ewes that brought \$5.75 might have been a little stronger than last week's sales.

Quotations on sheep and lambs: Lambs, good to choice, \$8.60@8.75; lambs, fair to good, \$8.45@8.60; lambs, feeders, \$7.75@8.50; yearlings, fair to choice, \$7.75@8.75; yearlings, feeders, \$6.00@7.10; weathers, fair to choice, \$5.50@6.35; ewes, good to choice \$5.50@5.75; ewes, fair to good, \$4.75@5.50; ewes, feeders, \$4.50@5.00.

Mrs. Joe Marchinski, who has been quite sick the past week, we are glad to report is getting along as well as could be expected at this writing.
Born, to Mr. and Mrs. X. A. Lewandowski Thursday, a dandy boy. X. A. is setting 'em up. Mother and boy are getting along fine.

THE CHURCHES.
Baptist.
As the pastor will be absent, A. L. Zimmerman will have charge of the services, morning and evening. Subject in the evening: "From Ocean to Ocean; Reminiscence of Travel."

Swedish.
We expect Sunday to be an important day for the Swedish church. We invite all the Swedish families to attend this family meeting. Preach at 10:30 a. m., and at the same time the diploma will be given to the confirmation class.

In the evening the sermon will commence at 7:30 p. m. The subject will be "Education," in the English language. Everybody welcome.

Methodist.
Services for Sunday, October 10: 10:30 a. m., subject, "Demands On, and the Privileges of a Christian." 3:00 p. m., preaching services at Prairie Gem school house. 7:30 p. m., subject "Prosperity of an Earnest Heart."

Having received the appointment for the third time for the Loup City Methodist church, I realize that the preacher and pastor cannot expect to succeed without the co-operation of all the forces within the church. And cannot expect to do the greatest good without co-operating with all the forces in the town that stand for righteousness. I have no compromise

The General says:

The greatest lesson the world has learned in the past year is the advantage of military preparedness. Exactness, efficiency and constant readiness should be fundamentals in the industries of a country, just as they must be in its defenses. We have always exercised those principles in the manufacture of General Roofing products, and I believe that is one big reason why they are actually profitable to the purchaser.

Looking back with satisfaction Looking ahead with confidence

Before the days of the General Roofing Mfg. Company, roofing and building papers cost the consumer much more than they do today.

It is a question if the quality that is in the goods today was in them then. The General brought about this great reduction in cost; the General improved the quality; the General, through applying military exactness and efficiency to a peaceful project, actually benefited the buyer of roofing not only in a dollar-and-cents way but in the service delivered by the goods.

That is why today the General does 30% of the total volume of the business represented by such products.

Certain-teed

Roofing

What is back of the roofing you buy is just as important as what is in it. With three huge mills the General is equipped bigger and better than any roofing manufacturer on earth. Operating these mills on military principles—applying military precision to every step from the securing of raw materials to the shipping and delivery of the finished products—all this means added value in the goods and in their service.

The **Certain-teed** label goes on only the best quality we can make. It is the best quality that can be made. The price is reasonable. We guarantee the **one-ply for five years, two-ply for ten years, and three-ply for fifteen years.**

In addition to **Certain-teed** Roofing—the highest quality possible to make—we produce **Standard Quality and Competition Quality** at lower prices. No matter what kind of roofing you want to use, we will supply it—and give you a better product at that. The remarkable record of **Certain-teed** Roofing and

Certain-teed Products is the kind of a guaranty that inspires confidence. We look ahead with as much satisfaction as we look back. Every buyer and user of **Certain-teed** Products may absolutely know that there is everything in and everything back of his purchase to more than justify his entire confidence.

Ask your dealer for **Certain-teed** products. He will show you the **Certain-teed** label on them. That label is his protection as well as yours. It means just as much to him as it does to you, and that is why, from the standpoint of making a satisfied customer, he is as likely to insist upon you taking **Certain-teed** products as you are likely to insist upon getting them.

FOR SALE.
Five or six acres of land, in alfalfa, fenced chicken tight. For terms and particulars see Alfred Anderson.

OCTOBER IS FARMERS' MONTH at the Panama-Pacific Fair

Every farmer who can should visit California and the Exposition during October. You will find more agricultural exhibits and more events which will interest you than ever before were shown in one place in one month in the History of the World.

There will be at least 24 national and international stock shows and conventions, with one event lapping over into the next. Moreover, you can stop off in the great agricultural sections of the New West and see how the farmers of this section make money on great ranches and on smaller irrigated tracts. And you will see the Great Panama-Pacific Exposition, which for beauty and general interest has never been equaled.

All this you will see at the lowest fare in years—a rate made particularly for the expositions. This is probably the best chance of your lifetime to make the western trip you have been thinking about—to make it at the least cost and to see the most on the Coast and on the way. You will find living expenses very reasonable—all hotels are under agreement not to raise rates. Write for Free Book No. 168—Tells what to see and cost of trip. For the quickest trip over smoothest roadbed and to travel through the region of greatest scenic and agricultural interest, buy your ticket via
