CHARGED WITH THEFT

SHERIFF WILLIAMS MAKES ARREST OF MAN WANTED IN CHICAGO ON CHARGE OF BURGLARY.

Was Working On Farm Near Ashton When Arrested—Chicago Authorities Will Come and Get Prisoner As Soon As Officers Get Here With Requisition.

Last Monday evening Sheriff Williams received a description of a man charged with robbery and on Tuesday he went out and got him, or, at least, he got a man who answered the description and who, it is said, very reluctantly admitted that the charge was true, and the prisoner is now languishing in the county jail.

The circumstances which led up to the arrest are about as follows: The letter referred to, received by Mr. Williams, was from the chief of police of Chicago, advising him that a robbery had been committed. It read: "I hold a warrant for one Andrew Bukata on charge of robbery committed August 22, 1915, complaint of Stanley Cylusuliah."

Bukata is described in the letter as being 26 years of age, 5 feet, 8 or 9 inches in height; about 145 or 150 pounds weight; slim build, thin-faced, light brown hair, smooth shaven, and blue eyes.

The letter further advised that the writer was in possession of information that the man wanted was near Ashton, whereupon the sheriff took the freight the next morning for Ashton and drove out in the country, to the farm of John John Gramatta, made the arrest and brought his man to Loup City on the return freight train in the afternoon.

The circumstances under which the charge was made was not learned here, more than to say that Bukata is said to have been in the employ of the McCormick Harvester company at Chicago, but that after he quit work for them he suddenly disappeared and with his disappearance, the discovery was made that Cylusuliah had been robbed. If there are other circumstances connected with the robbery it is known only to the parties in the case.

Bukata, at first denied the charge, but later, it is said, admitted that there was some truth in it. He is of Polish descent and speaks English with some difficulty.

He will be held a reasonable length of time to give the Chicago authorities time to come and identify him. He has been in this part of the country some two or three weeks, most of the time working here and there. He was

husking corn for Mr. Gramatta when arrested.

Sheriff Williams later, received a telegram from police headquarters at Chicago last evening, advising him to hold Bukata and that they would get after him as soon as they could get a requisition.

WHEN ROME RULED.

A wonderful drama in five parts, of the early Christian trials, made especially for the Electric Film Co. by Pathe, will be shown at the Daddow opera house, Saturday evening, November 13.

This picture is an exceptionally stirring historical drama. It is replete with action and thrilling scenes in which the lives of the actors were endangered. True to the life of a Roman colony it affords an opportunity which everyone should accept.

SOME WEATHER.

The weather has certainly been very changeable the past ten days. One does not know what to expect from one day to another. A strong south wind made it very disagreeable for several days. Cold weather will be here before long, judging from the present indications.

AUTO TURNS TURTLE AND TWO ARE KILLED

Steering Gear Breaks and Machine Overtakes and Instantly Kills Both Occupants.

A terrible auto accident in which two lives were snuffed out in an instant, occurred three miles south of Arcadia Tuesday afternoon about 2:30 o'clock. Miss Mable Lutz, and her aunt, Mrs. Bennett, were going to Arcadia in an auto, Miss Lutz driving the car. It appears that something went wrong with the steering gear of the car and the driver lost all control of the machine and the front wheels evidently crumpled in such a manner as to upset the car. The car fell on both women in such a manner that their necks were broken, and death in each instance was probably instantaneous.

The accident occurred close to the Lutz home and on a perfectly level piece of road. It is reported that Mr. Lutz witnessed the accident from a window at the house and immediately went to their assistance. An auto party from here came along just after the accident and helped remove the bodies to the house.

The funerals of both women will be held at the M. E. Church at Arcadia tomorrow (Friday) at 1 p. m., Rev. Shank conducting the services.

W. Guth, Lou Schwamer, R. H. Mathew and M. H. Worlock. Ord has a nice little course of seven holes and in the spring two more holes will be added. It is hoped that a return match will be played at Loup City in the course of a week or so.

Messrs. Mathew, Schwamer and Albert Johnson were accompanied by their wives. C. F. Boushousen, who together with J. A. Chandler and Don Charlton, acted as official chauffeurs, was also accompanied by Mrs. Boushousen and all reported a good time.

A NARROW ESCAPE.
The young son of Frank Dzingle had a narrow escape from serious injury, or perhaps death, Tuesday afternoon when he was struck by an auto that was being backed out of Ogle's garage by Vincent Bogacz. The boy was in a wagon and started across in front of the door and he or Mr. Bogacz did not see each other in time to prevent the car from hitting him. The boy was not hurt, though his wagon was smashed. As the auto was being driven at a very slow speed, it probably accounts for the boy's lucky escape.

WIND DOES DAMAGE

SMALL TWISTER FORMS NEAR TOWN AND DOES DAMAGE TO MANY STACKS AND BUILDINGS.

Prichau Residence Unroofed and Burlington Water Tank Partly Wrecked—Grain and Hay Stacks in Country Torn Up and Blown Over a Large Territory.

A cyclone of considerable dimensions swept to the west of town yesterday afternoon and did some damage to buildings in the western part of the city. The clouds hung heavy in the west nearly all day, when, about 3 o'clock p. m., the wind, which had been blowing steady from the south, suddenly changed to the southwest and a funnel-shaped cloud was seen rapidly coming to earth. It struck just on the outskirts of the city and twisted in a furious manner.

Fortunately, there were not many houses in its path. W. L. Prichau's residence was unroofed and the upper story of the building was badly wrecked. The lower rooms remained intact. The family was in the house at the time, but none of them were injured. The large green house, located nearby, with a glass covering, was not injured in the least.

A deluge of water and hail followed the twister, but did not do much damage. A large plate glass in the front of Attorney Starr's office was broken, and other small damage is reported to have resulted from the hail. It was the heaviest hail storm that has fallen within the city limits this year.

From later reports we learn that the track of the cyclone was from the

southwest part of the county and traversed in a northeasterly direction to the county seat, doing considerable damage along the route. Grain and hay stacks were badly scattered and outbuildings were leveled to the ground or picked up and carried away.

BONDS DEFEATED.

The proposition of the City of Loup City, Nebr., issuing bonds for the construction of a sewer trunk line, in the sum of \$6,500 was defeated at the election held Tuesday, the majority against the bonds being thirty-four votes.

The election was a very quiet affair and a light vote was cast, 198 votes being recorded in the two wards, as follows:

First Ward.
For Bonds 47
Against Bonds 65

Second Ward.
For Bonds 35
Against Bonds 51

Very little electioneering was done and no argument, that we know of, was used against the issuance of the bonds, except that the time was not propitious for such an undertaking. The voters were strongly in favor of calling a special election on the sewer proposition last spring, but reversed their decision at this time.
