The Misses Clara and Ida Peters returned from Grand Island where they are employed, to visit with their mother, Mrs. Lawrence Peters for a few days.
For Sale—I have decided to sell my 160 acre farm in Blunt, South Dakota, which is rich land all prairie and level. No improvements, and the crops are good every year. Will sell cheap if sold before May 1, 1916. For particulars inquire of F. J. Maciejewski, Ashton, Neb.
On the threshold of a new year

my first thought is to subscribe for The Northwestern and bring the year of 1916 in better form than the year of 1915, and in spite of disturbance you can make in your general business buy all what you read and this is the way to start the year of 1916.
Herbert Plembek is taking violin music lessons from B. H. Lorenz.
Elmer Koch had L. S. Galczenski, of Ashton and installed a new phone on line thirty-nine.
Mrs. J. W. Peters, who has been on the sick list the past week, is much better at this writing.

George Carsten had a misfortune last week of getting his right knee bit by a mad hog. Dr. A. E. Wanek was called and dressed the wound and George is taking life easy.

The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing, Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Silence of Operation—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

Decimal Tabulator—A help in billing and tabulating. There is no extra charge for this convenience.

Variable Line Spacer—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

Faster Ribbon Feed—Insures new place of impact for each typeface.

Choice of Carriage Return—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

L. C. SMITH & BROS. TYPEWRITER COMPANY
Factory and Home Office, SYRACUSE, N. Y., U. S. A.
