Little Drops of Water

Remember how it goes: "Little drops of water, little grains of sand, make the mighty ocean and the pleasant land."

It teaches the value of little things. Little savings, little dimes piled up until they become dollars, and dollars in turn saved until you have enough of them to buy a little of that "pleasant land." There is no better investment than land. Population continues to increase, but there is no more land than there was a thousand years ago. Our bank will help you to save your dimes and dollars, and eventually show you where you can profitably invest them in land if you want it.

Trade at Vic Swanson's THE CASH STORE

It Pays Big Dividends

We did a wonderful business again the past week. People realize the advantage of paying cash and buying their merchandise at low prices. We are getting the business and selling our goods at such a small profit that people can easily see that cash is the only system. Listen. Don't pay more for merchandise when you can save dollars by trading with us.

The musical comedy show, "Henpecked Henry" held the boards at the opera house Monday night and was by all odds the best show that has been here this season. It was not patronized as liberally as it should have been. The management of this show has four other shows on the road and one of their other shows, "Such is the Life," will be here next month. We believe that it will be greeted by a packed house.

Notice of \$50 assessments for delinquencies after February 1 sent scores of auto owners to the county treasurer's office at Hastings to pay annual assessments and secure numbers. Chief Crossover says every car must bear 1915 number tags before that date. Orders must be placed immediately by nearly five hundred negligent owners as about one week is needed to get the numbers after orders are in.—Fremont Tribune.

We Can Make You a Farm Loan on the Amortization or Rural Credit Plan

On this loan the total payment will be \$9.07 for each \$100 borrowed, payable annually. If these payments are made for 20 years the loan will be fully paid off and released. Payments can be made in advance of maturity or the entire loan paid off any time the borrower desires to do so. Twenty-year loans relieve you of commissions and expense incident to renewals of five-year loans.

In 1893 the company offering this loan made a \$300 loan for 10 years at 6 per cent and this loan was renewed for another 10-years period at the same rate. A statement of this loan is as follows:

Principal loaned	\$300.00
6 per cent interest for 20 years.....	360.00
	\$660.00

Under the amortization or rural credit plan annual payments on \$300.00 loan would be \$27.50, or a total for 20 years of	\$554.00
