BIG DAY AT JENNER'S PARK.
July 4th will be celebrated at Jenner's park in Loup City this year, and the program is said to excel any that has been held at this popular resort for several years.
Of course, the ball game will be the leading feature. The Loup City team will play the fast aggregation from Arcadia and promises to put up a game that will have all the thrills and excitement necessary to enthrall the fans to the highest pitch.
But the ball game will not be the only feature of the day by any means. A number of free shows and attractions and the usual contests will be staged. The Jenner's announce a big display of fireworks. Not a dull moment during the day, from early morning until late at night, when the big dance will take place at the pavilion. Ample accommodations will be provided for a large crowd.
In big flaming bills advertising the 4th of July celebration at the park, the Jenner's puts it thusly: "Uncle Sam expects loyalty from every citizen in war or in peace. Come and show your colors at the big 4th of July celebration at Jenner's park, Loup City. If you have red blood in your veins, come."
A large number of people are expected to be here from neighboring towns to spend the day.

WASHINGTON
Say you are a reader of this paper, and we will send you on approval the handsome volume entitled: Mount Vernon, the home of Washington. The cover and ink used in printing are colonial blue, and the title is in gold leaf. The paper is French vellum, and the color, colonial buff. The illustrations were made by our own artists, by special permission of the authorities of Mount Vernon. This is the story of impression left by a trip to Washington's home and an eminent authority says: "Breathes more of the real spirit of the place than anything else ever written." Regular price \$1.00. If on receipt you find it satisfactory, remit 75 cents; otherwise return within one week.—C. S. Press Association, Bond Building, Washington, D. C.
Daily sells for less.

LOCAL INTEREST ITEMS

MILL CHANGES HANDS.
On last Friday E. G. Taylor disposed of the Loup City mill to R. M. Speltz, of Burwell, who will take possession on the first of August. In the transaction Mr. Taylor became the owner of the Speltz ranch, twenty miles northeast of Burwell.
The Loup City mill is one of the leading institutions of the town and has done a flourishing business under the management of Mr. Taylor. Prospects for the future seem bright and the new owner has a splendid business to take charge of and develop. Mr. Speltz and family are welcomed to Loup City and we believe their location here will be both pleasant and profitable.

NEW POWER HOUSE.
E. G. Taylor is in Lincoln on a business mission connected with the electric light plant. As he has sold the old power house and engine with the mill, he will soon build a new power house and equip it with two new crude oil engines, one of seventy-five horse power and the other one-hundred horse power. These engines will give ample power to furnish all the current needed and a great improvement in the service will result. As possession of the present power house will be given to the new owner in a little over a month, the new power house will be built immediately, the location probably being near the railroads, in order to facilitate the shipment of crude oil.

JAPS LEAVING CALIFORNIA.
"The Japs are all leaving California," said Hon. R. P. Starr, of Loup City, who with his son was a guest at the Lindell hotel today, while talking with a representative of the Bee. "I do not know why," said he, "but many of them are leaving and dropping everything. Close to where my sister lives they have departed and have left their gardens to take care of themselves. Many tracts set out to tomatoes have been abandoned. Just what it means I cannot discover."
Mr. Starr has been visiting in California for some weeks and returned about a week ago. He says that out in California along the road most of the people appeared to be for Roosevelt before the convention, and "those pep" out there have set in for the president strong," said Mr. Starr. "I do not know what their attitude will be now, as I left there before the result of the Chicago con-

vention was announced, but I am of the opinion that most of the coast states, if not all of them, can be safely counted for Mr. Hughes."—Bee.

AUTO TURNS TURTLE.
An accident that might have very easily ended more seriously occurred two miles this side of Rockville early Sunday morning when C. N. Klingler and wife and daughters were on their way to visit relatives near Rockville. Mr. Klingler states that he was driving along at from eight to ten miles, when he struck a narrow grade where it had been raining. The car immediately started to skid, which caused a tire to blow out, overturning the machine and three of the party were caught under the car, but Elmer was thrown clear of the wreck. With great presence of mind the girl, with a strength that does not seem possible, lifted one side of the machine and extracted her sister and Mr. Klingler and together they managed to lift the car enough to pull out Mrs. Klingler who could not have stood the weight of the car on her chest much longer. Mr. Klingler telephoned his brother who came out and brought them to his home. It is indeed a lucky escape, the members of the party showing nothing but a few bruises and the auto was not damaged to any great extent.—Arcadia Champion.

A SUCCESSFUL SALE.
The public sale of two Sherman county farms here last Thursday drew a large number of bidders and both farms sold at a fair figure. The sale was a great success and Col. E. A. Keeler, who had the affair in hand, can be credited with putting off one of the largest public sales ever held in the county. Both farms were paid for in cash, thus considerable money changed hands in the transactions. Col. Keeler was assisted by Col. Walters, of Shedge, Okla., a real estate auctioneer whose fame extends from ocean to ocean, and who is called to cry sales all over the country. If any one has a large sale it would pay them to secure Keeler & Walters to cry it.
Farm No. 1, consisting of 240 acres, owned by John Zaworski, was purchased by E. G. Taylor for \$25.75 per acre.
Farm No. 2, consisting of 320 acres, owned by Mrs. Klatka, sold for \$32 an acre, being purchased by S. S. Polski.
Both farms consist of mostly rolling, rough land and are not improved to any great extent.

The Fly Season

is again here and you will need fly protection for your horses and other animals. We have everything in that line and at all prices.
Leather Nets, Cord Nets, Buggy Mesh Nets, Burlap and Nemco Covers

When we tell you they are

HIGH ART CLOTHES
MADE BY STROUSE & BROTHERS, BALTIMORE, MD.

you'll know they are made into models of every type, authentic always and service given to the last.

Let us show you our assortment.

LORENTZ
DRESSER FOR MEN AND BOYS

This life is full of snares and pitfalls for the tripping of the unwary, and the man who is arrogant in his pride stumbles into them the most readily of all. Confidence in self and a just pride in a clean life to be commended, but arrogance and a refusal to consider the rights of others lead straight to the brink of oblivion.

Change of program every night at the opera house.
Spend July 4th at Jenner's park.

News dispatches announce that the war has made New York City the greatest commercial port in the world, just recently surpassing London. And yet some of the campaigners tell us that the war did not restore whatever degree of prosperity we are now enjoying.

A strong wind accompanied by rain visited Sherman county Thursday night. It is reported that some damage was done by hail in the south part of the county.

W. H. Hane and Fred Anderson were over from Hazard Thursday making this office a pleasant call.
